

**BONNEVILLE**

One of the district's finest social teas was held Saturday afternoon by Mrs. Bernie in her beautiful home near Moffett creek. Guests included Mrs. Dave M. Marvin, Mrs. Don D. Orput, Mrs. Robert LePere, Mrs. Stanley E. Wells, Mrs. I. E. Burks, Mrs. John T. Torkelson, Mrs. W. W. Laxton, Mrs. Ben Torpen, Mrs. George E. Goodwin, Mrs. Henry M. Mason, Mrs. Jack Miles, Mrs. Frank C. and Mrs. George Linton, Mrs. Frank Steele and Mrs. Albert Baur.

Mr. and Mrs. Archie Cook, managers of Tyrell's tavern, journeyed to Portland Monday to see the picture "Broadway Bill." Mr. Cook, it seems, is "that way" about horses.

"Jimmy" Riemer, flashy guard of the United States Engineers basketball team, was promoted last week from the messhall service to the switchboard in the administration building, replacing Clark Bogart, who in turn was promoted to the cost department.

Mrs. W. W. Laxton was hostess at a buffet supper and cards Saturday night in her reservation home, honoring Mr. and Mrs. George Brodie, of Oregon City. Those attending were Lieutenant and Mrs. Colby M. Myers, Mr. and Mrs. Don Orput, Mr. & Mrs. Jack Miles and Mr. and Mrs. Henry M. Mason.

Mrs. Walter Kanzler, wife of the Columbia Construction company engineer, suffered a broken right wrist last week when she slipped and fell. She returned to her home from the hospital over the week-end.

Edward Olds, of Boulder City, Nevada, visited with his father and mother Mr. and Mrs. A. R. Olds, at the parental home on Bradford Island last week.

Eddie Pittman, jocular attendant at the Standard Oil station on the highway across from the gate, is a mournful sight. Eddie, it develops, attended a party in Portland Saturday night.

Jack Sinfield, former superintendent for the Guy F. Atkinson company, was a Bonneville visitor Saturday, enroute to Grand Coulee.

Miss Florence Padgham, of Portland, was the house guest of Dr. and Mrs. Stanley E. Wells in their reservation home over the week-end.

I. E. Burks, government engineer in charge of concrete, spent several days at home last week recovering from an attack of influenza.

An exceptionally fine musicale was held by Mrs. George Havas and Mrs. William Fudge, of the Columbia company, last week at the former's home. D. Sterling, of Portland, was the guest artist, presenting a piano recital "Odessa."

Captain and Mrs. J. S. Gorlinski and Dr. and Mrs. Stanley E. Wells attended the annual military ball held in the Masonic temple at Portland Thursday night.

With the recent addition of many Columbia women, the Bonneville feminine gym class is progressing at a rapid pace. Mrs. S. O. Levak has received such fame as instructor that it is understood the engineers will soon present the ladies with a rail-splitting contract.

The Bonneville Women's Club held its bi-monthly meeting as a Valentine's Day party Thursday in the Community Chapel, on the reservation. The Mrs. Waring, Hickock and Wilson of Eagle Creek heights, were hostesses.

The fine weather last week so encouraged the Columbia Construction company officials' wives that they completed much of their spring shopping. Among those who motored to Portland were: Mrs. H. P. Davis, Mrs. M. B. Shiek, Mrs. Stanley Kimball, Mrs. O. M. Mikkelsen, Mrs. R. H. Blower and Mrs. F. T. Woebaker.

Pat Bedford, Jr., visited with the William Fudge's in the lat-

ter's Bradford Island home over the week-end.

The reservation's second invitational dance was held Friday night at Latourell's tavern before an even larger and more enthusiastic crowd than attended the initial affair. Mr. M. B. Shiek's new Ford was the feature sideshow attraction.

Running at top speed under the most favorable of conditions, the E. B. Hansen company, of Seattle, disclosed last week that it would finish its \$57,500 government contract of building a new administration building and civic auditorium before its allotted time expires.

Mrs. Irwin Casey, wife of the National Commissary official, was a Bonneville visitor from Portland Thursday.

Lee Clark, United States Engineers department employe, suffered a perforation of his right foot while helping move rocks into position for the tail bolt in the

Tooth Rock railroad tunnel. He was treated at the government hospital on the reservation and returned to work.

Mrs. Frank Rohr, of McMinnville, is visiting with her daughter, Mrs. Ben Cook, in the General Construction company official's home on Bradford Island this week.

George Jergeson, bartender at French's, spent Sunday and Monday at his home in Portland.

Ernie Anderson and his brother, dam workers, were injured Saturday night on a turn between Wahkeena and Cooper falls when their auto failed to take a turn and dived over the bank.

The light Whippet coupe was badly wrecked, but Ernie escaped with only a broken arm and fractured hip and his brother with a lacerated leg. The car was travelling west and, according to county police officers, at a high rate of speed.

**OLDS' RADIO ATTRACTS**

A. R. Olds, Columbia Construction company's purchasing agent, was featured on a General Electric Radio advertisement last week in the Saturday Evening Post. Olds, despite the interference usually encountered in the district, was able to hear the recent Australian reception for the London-Melbourne fliers. On regular frequencies he can plainly tune-in New York and eastern cities, and on short wave London, Paris Honolulu and Southern America are easily heard.

**LOBBY OPEN 24 HOURS**

The lobby in the Bonneville postoffice will be open 24 hours a day in the future for the convenience of box holders. Postmaster Henry Edlund announced Wednesday, with the completion of the protective wire over the cages.

We want your news items, send them in.

**SILVER PERRAN OPENS**  
Silver Perran's Locks meat market, after almost three months of preparation, was quietly opened to the public Saturday. Workmen are concentrating in completing the apartments on the second floor and will then finish the office space available next door to the market.

**ENGINEERS TO DANCE**  
Another informal dancing party in the series sponsored by the Bonneville Railroad Engineers will be held tonight, Thursday, in Simmons' tavern at Multnomah Falls. Admission to the officials and their friends will be one dollar per couple. It was announced.

**Irish Centenarian**  
Mrs. Ned McIlugh, who died in Tuilsaba, Ireland, at the age of one hundred and two, remembered the potato famine and the night of the "Big Wind," which devastated many areas. She never had traveled by train or automobile. A teetotaler she ascribed her longevity to moderation in everything and freedom from sorrow.

**WATCH YOUR KIDNEYS!**  
Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—in their work—fail to remove the poisonous body wastes.  
Then you may suffer nagging headache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."  
Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use **Doan's Pills**. Doan's are for kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.
