

GENERAL'S HEAD TOWER RUNS OFF INTO BRUSH

One of the oddest minor accidents yet to occur in the building of the dam happened last week when one of General-Shea's huge head towers, stationed on the Oregon side of the sea locks, ran off its track into the brush.

Endeavoring to pour concrete in the upper end monoliths, the tower stops were removed from the tracks and the big machine carefully edged out. But it was edged out too far, and pouring operations were held up for more than an hour while caterpillars hauled it back onto the track.

MERRILL TO FEATURE MARVIN GEORGE'S BAND

Continuing along his plan to present at least one popular coast-known dance orchestra here each month, Jim Merrill announced Saturday that Marvin George's band, which have just completed 32 weeks at the famous Hermosa beach in California, would play in his huge Locks pavilion Monday night.

In addition, Merrill has billed Happy Sutherland and his California Harmony Aces for two

dances this week, Saturday and Wednesday nights. Sutherland received so much praise from those who attended his dance last week that Merrill has signed him for an additional pair.

The famous Merle Carlson has already appeared here twice drawing more than 250 couples each time. If successful, the well-known Locks promoter plans to continue the series throughout the summer.

OFF-SHORE SAILORS

FORM YACHT CLUB

A group of off-shore sailormen, meeting in French's Friday, were called to order at eight bells of the evening watch by acting chairman Herschel Shreve and proceeded to organize a yacht club voted to be known as the Cascade Yacht club.

An invitation was extended to all sailors, yachtsmen, boat-builders, motorboat owners, or men having traveled in foreign countries, to attend meetings, which will be held every Friday night.

No dues, assessments or initiation ceremonies will feature the

new club. Pending a later election of officers, Herschel Shreve was unanimously elected chairman. He appointed Lieutenant Edward Cosby, keeper of the ship's log, and Wallace MacGregor membership chairman. Others present were Captain Howard Rigler, Jack Bracy, Elmer Schrock, Frank Lagner and Jack Tenny.

Topics discussed during the evening included a club float and suitable moorings, boat types suitable to contiguous waters, Samoan powdered coral paste hair bleach, why, on a full rigged ship, the yards always have to be braced by all hands in the dog watch, and Hong Kong's Ship street.

SCOUTS PASS TEST

With W. J. Carlson, Richard Morris and Howard Eade aiding, Scoutmaster Jack Travis put 12 members of his newly-formed Locks boy scout troop through their tenderfoot tests Monday night in the high school, at the weekly meeting.
