

# LET'S RUN OUR OWN TOWN

This month the citizens of Cascade Locks will have an opportunity to vote on the question of incorporating the community of Cascade Locks.

Before you vote, we, the undersigned, wish you to understand the issue.

1. The highway improvement program will not be delayed or stopped. Under state law, the state highway commission owns the highway and must pay for improving same. In fact, incorporation will rush the work and there will be no expense to the local community, incorporated or not incorporated.

1. The status of the school bonds remains unchanged.

3. An incorporated Cascade Locks will have first rights on government waterline and the reservation of the present locks which will be available with the completion of the dam.
