Dear Reader:

Times have changed since a "lady" was supposed to be a delicate being with a sun shaded complexion, smelling salt an "interesting" ailment or two and a more or less tendency to faint. Those were the days when the rosy cheeks of booming health were quite shocking, but NOW our women know that good health is their chief beauty.

Listen to me — NATURE'S LAWS are strict and exacting. They MUST be obeyed.

Without injury, NO AILMENT DEVELOPS SUDDENLY, but is the result of years of abuse. Learn the truth about yourself.

Unless the cause is understood a treatment must remain in the air.

I have various methods of discerning and removing the CAUSE of most ailments.

I shall be at the Rose Apts., Apt. 1, in Cascade Locks on Tuesday, July 16, between the hours of 9 a.m. and 8 p.m. Consultation FREE, Phone 193.
