#### Home Treatment For Varicose, Swollen Veins

Swollen veins may become dangerous and often burst. Sufferers are advised to et a two-ounce original bottle of Emerald Oil (full strength) at Bonneville Drug Store or any pharmacist and start to reduce the veins and bunches at once with this healing oil. A small bottle will last a long time because it is very concentrated and a little goes a very long way. Apply night and morning with a soft brush or finger tips as directed until the swelling is reduced. Refund is guaranteed if not satisfied. So effective is Emerald Oil that it is highly useful in reducing troublesome swellings not due to systemic disease.
