Why should the people pay \$46,000—including interest—for something Congress has already given us?

We have no unemployed

Why should the town be bonded to satisfy one dry farmer?

Why doesn't our City Councilmen keep faith with our people? They agreed not to bond.

Why can't we be one town that the people can own?

Out of a possible 120 water users, how many are being denied water?

Are our business men mercenary to the extent they wish to fill their stools with water workers?

Why does one of our city councilmen solicit registration?

Yes! Let's quit playing city and be businesslike for once

This is a workingman's town--not a speculative investment
