

**WALTONITES TO BE
HONORARY GUESTS OF
BONNEVILLE WOMEN**

As a tribute of recognition of the fine work being done by the recently formed Izaak Walton League in Bonneville, and the progress that has so far been accomplished, the Bonneville Women's club will fete the organization to a dinner in the west wing of the auditorium Monday evening, May 11.

A delegation from the Portland chapter of the Izaak Walton league will be present, headed by that renowned naturalist, William Finley, vice-commander of the league. Pictures will be included in the illustrated lecture to be given by Mr. Finley, followed by talks from other prominent guests.

Mr. Perrows, champion caster of the Pacific coast, will be present following his demonstration of the fine art at the fish hatchery, and Larry Gramse, game warden for Hood River county, will also be present.

**NATIONAL COMMISSARY
BUILDS NEW CAMPS**

Feeding men is a business on a large scale, especially when the men are working all day, but that's the job National commissary does best. Recent reports from F. J. McDonald say that the concern has received the contract to operate a 500-man camp on the All-American canal. The camp is located 30 miles from Yuma, Arizona.

At the Imperial dam, National commissary is operating a 1,000-man camp wherein all buildings have been erected and equipped by the

SUNDAY DANCE

see Bobbie come "plopplopping" into the place in the middle of summer on snow-shoes, wearing a mangy fur coat, straw hat, arctic mittens and the Bobbie Reed grin. New York critics, who have seen Bobbie "strut and fret his hour upon the stage" agreed almost unanimously that Bobbie ought to have his fingers dipped in honey and be given a feather.

The guy's nuts. You will believe that when you see him in action. Frank Walker's orchestra will present the background for some of Bobbie's fancy foot work. Oh yes, he's a dancer of no mean talents. Balance derived from long experience as a fancy diver does that. You know, Bobbie only missed the Olympics in 1924 because of an accident.

Bobbie has played with some of the best known actors and actresses in the theatrical who's who. While with the old Baker stock company famous in Portland for many years, he played with Theodore Roberts, since dead, Zasu Pitts, Mayo Methol and many others. He was selected by Director Wally Gilbert, father of John Gilbert, to play Penrod in "Penrod and Sam".

Well, anyway, you will want to see the fellow when he opens at Merrill's pavilion this Sunday night. No antics are too silly for him to attempt. No situation is without a cue to send him off on some crazy tantrum of pantomime, mimicry or just plain birdy-birdy raving.

made, and construction be actually started.

Just how soon the money will arrive was not learned, but it was understood that there were a number of legal formalities to be made before the transfer of funds can be effected.

Monday's action culminated more than nine months of effort and it was with a sigh of relief that the word was received that the last obstacle in the path had been hurdled. It was understood at the time this paper went to press that as soon as the funds are received in Portland, Kukenberg & Whitman, successful bidders for the contract, will begin construction.

Their work will center first in clearing brush and trees from the reservoir site and pipe-line right-of-way. A ditch will be dug from the water head to the highway to carry the prime main, and branch lines will be laid east and west to serve the extended lateral system.

MYSTERY?

Despite the fact that many hundreds of people attend the Roosevelt theater each week, there is something impending, something going to happen. It has even been flashed on the screen.

We might hint somewhat to give you a lead. It has to do with an additional attraction soon to begin for the benefit of patrons. What is this mystery? Can you solve it?
