

Christian World Celebrates Easter

The Easter spirit finds its way everywhere. Top photograph shows the huge California sunrise service, an annual observance. Left center picture shows a typical Easter church crowd on New York's Fifth Avenue. At right center are members of the ancient Swiss Guard at the Vatican in Rome, where they play an important part in Easter ceremonies. Lower left photo shows Mrs. Franklin D. Roosevelt placing a wreath on the Unknown Soldier's tomb at Washington last Easter morning. Ancient Jerusalem is pictured in its unchanging atmosphere at the right.

EXPLORERS' CHIEF

A new distinction for variously distinguished Vilhjalmur Stefansson, world famous American explorer, scholar and author, was his recent election as president of the Explorers' club, New York. Renowned for his many expeditionary studies of Arctic archeology, anthropology, ethnology and geography during the past quarter-century, Stefansson holds degrees, medals and other high honors from innumerable scientific and learned bodies on both sides of the Atlantic.

COLLEGIATE BEAUTY

Joyce Kerr, University of Minnesota beauty queen who was chosen beauty queen of the Big Ten conference at a charity ball at Northwestern university, Evanston, Ill., recently. Collegiate beauties from every university in the Big Ten except Michigan competed in the marathon.

Calendars of No Use

In Nassau calendars are used merely to mark off the days of unalloyed pleasure. Beyond that they are misleading. Regardless of what they may say, it is always June in the Bahamas.

YOUNGEST WAR VET

Melvin Garrison, thirty-three, of Springfield, Ohio, who is said to be the youngest World war veteran in the United States. At the age of thirteen, he ran away from the Ohio Masonic home and enlisted in the United States army. At fourteen he was corporal of a machine gun squad at the front. He was wounded four times. At present, Garrison works in a motor truck plant in Springfield. Garrison saw action in some of the bloodiest battles on the western front.

"Once in Forty Million Births"

It could happen only "once in 40,000,000 births" was the verdict of Detroit physicians commenting on the twin personalities of the Pauline Taylors, No. 1 and 2 shown above. Although not related the girls have the same name, were born on the same day, Sept. 20, 1920. Pauline Taylor No. 1 was born at St. Ignace, Mich., No. 2 at St. Catherine, Ont. They attended an intermediate school in Detroit three years ago.

Bridge Players Are Recognized Aloft

Swivel chairs for a bridge foursome are one of the features of the new air liner recently placed in operation between Chicago and New York by the United Air Lines. Making a non-stop flight schedule of three hours and fifty-five minutes, the plane features air conditioning, steam heat, hot meals and a telephone from the stewardess' galley to the pilot's cockpit.

Sound Wave Device Banishes Smoke

Dr. R. S. Dean (left), of Washington, D. C., chief metallurgist of the United States bureau of mines; Dr. F. S. Cottrell, former director of the bureau of mines; and Dr. J. W. Finch, director of the bureau of mines, look on as H. W. St. Clair demonstrates a device invented by him which cleanses smoke and fumes by a super-sound wave process.
