

Four Men Are Suspected of July Robberies

A small crime wave that took place in Hood River County in July caused three men to be bound over to the grand jury this week, while a fourth was being searched for.

Arthur Cluff, 33, of Cascade Locks, and Charles Gifford Odell, 32, living near Odell, are held on suspicion of having stolen \$100 worth of copper wire from the porch floor of the Apple Growers Association plant at Odell on the night of July 8. According to District Attorney John Baker, the wire's insulation had been burnt off at Cascade Locks, and the foot then sold to a second-hand dealer in Portland.

Odell, accompanied by Cecil Porter, 30, of Portland, and John Quint, about 24, from South Dakota, are suspected a second crime, that of breaking into the County tool house at Dee and stealing \$100 worth of tools. On the same morning of July 3, these men allegedly stole two wheels, complete with tires, from a truck belonging to E. R. Pooley on the East Side of Hood River Valley. Pooley has received \$99 in insurance on these wheels. Both wheels and tools are said to have been disposed of in Portland.

Porter, Odell, and Cluff are now in jail, the latter two at The Dalles, while police are still searching for Quint.

Three of the men are said to have already served the following prison terms: Odell, a term at McNeil's Island for transporting a stolen car across a state line, and a term at the Oregon State Penitentiary for robbery; Porter, one year at the State Penitentiary for rape; Cluff, one year at San Quentin.

COMFORT STATION BUILT

A new public comfort station was recently built on the upper picnic grounds at Eagle Creek just beyond the large log jam.

TAKE TRIP SUNDAY

Mr. and Mrs. C. W. Johnson of Cascade Locks were Portland visitors Sunday.

PORT MEN MEET

(Continued from Page One)

that no money was to be spent unless something was in sight. Ira Owen of the chamber stated that there was no such an understanding. Bill Keeler also was of this opinion.

J. B. Laber was present, as well as many old time Cascade Locks residents.

The Chronicle asked the question, "Where is the commission going to get money to pay Mr. Lewis?" Keeler stated that that question had not been brought up and moved that the meeting adjourn.

ROOSEVELT MAY VISIT HERE

(Continued from Page One)

some are contending that Ross is too important and necessary for the Seattle municipal plant to be taken away and given charge of distribution of power at Bonneville.

"All the dope here is that while the Secretary of Interior is authorized by law to name the administrator, Secretary Ickes will designate the man the president wants. Rumor adds that it was Mr. Roosevelt who told Ross he had him in mind for Bonneville; not Ickes who made the suggestion to the SEC commissioner."
