

TULATIONS

Later he took over the Electric Theatre which was later to become the Liberty—and now the Cascadian.

In October of 1921, Kolstad opened Hood River's big Rialto Theatre, and this week's opening of the Cascadian Theatre marks still another of his contributions to Hood River in the furnishing of fine entertainment.

Hood River congratulates you, Mr. and Mrs. Kolstad, and wishes you the greatest success in your new theatre.
