Odd Shots

Henry Ford says men above 50 are the salt of the earth, but it takes those under 30 to put the pepper into it.

To hear an Odell woman talk about washing her hair she makes a bigger job out of it than building another Bonneville dam.

That old saying that you'll always find trouble if you will hunt for it also applies to the used automobile.

It isn't until a Heights boy gets to be about 18 years old that he finds out a love match can get along without money about like a flivver can get along without gasoline.

When you hear a fellow bragging about going to spend the summer in Europe you can pretty safely bet he wasn't one of those who were over there in 1917-1918.

The longer you stick around on this old sphere the plainer it becomes that no candidate for office paves the way for it by throwing bricks at his opponent.

As some people define it, a specialist is one who looks you over, charges you \$50, and then tells you to go and have your teeth pulled.

**WOLVERINE
SHELL HORSEHIDES**

... that's what work shoe wearers everywhere say. Wolverine Work Shoes are DIFFERENT! That tough inner-shell leather, as tanned by Wolverine's triple-tanning process, tans this shell leather so it is soft and pliable as buckskin - even dries out soft after soaking yet retains all its extra strength and extra wearing qualities. Call on us and ease your feet into a pair of Wolverines. Learn, as millions have, what this Wolverine "plus" comfort and "plus" wear really is. Just call... no obligations.
