Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

New Frocks That Are So Flattering

No. 1684.—The belted dress with flaring skirt and braid trims has shirred shoulders and a gathered bodice to give pretty fullness over the bust. Braid is used to accent the gay, youthful lines of this dress, which will be charming in thin wool, flat crepe or print.

Bodice Gathers.

No. 1679.—If you take a large size, you will find the dress with lifted waistline and circular skirt extremely becoming, and so smart for afternoon parties. It fits beautifully, thanks to gathers on the shoulders and above the waistline, and to the smooth, slim hipline. Choose faille, flat crepe, chiffon or georgette for this lovely design.

The Patterns.

No. 1684 is designed for sizes 12, 14, 16, 18 and 20. Size 14 requires 4½ yards of 39 inch material. 17½ yards of braid.

No. 1679 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38 requires 5 yards of 39 inch material and 1½ yards of edging.

Youth Reflected In Spring Styles

The short skirts that swirl and flare at their widened hemlines carry a "little girl" air about them that makes you feel sure that Dame Fashion surely must have partaken of the fountain of youth. The program of dress planned looks just that way. Of course if you are not of the type to wear school-girlish clothes then you can find models that bring fullness to the front in unpressed pleats.

Speaking of fullness, you see the new movement toward fullness and drapes reflected in coats with full blouse tops and full wristlength sleeves. The new lingerie blouses have long bishop sleeves a la Gibson girl.

Mesh Effects Are Smart

The idea of mesh effects in gloves, in hosiery in the voguish new snoods, also in wide sashes to girdle about the waist in gypsy fashion is evidenced throughout the current style program.

For Plump or Slim

More than half of the spring print designs can be worn by plump figures.

Veils Important

Of primary importance in millinery for the spring season is the use of veils.

The Fox Discovered It

Saying "the grapes are sour" is nevertheless a consoling philosophy.

Becoming sophisticated is losing one's gusto for anything.

The Real Ones Will

When we fall into misfortune, we are not going to lean on our friends. They have got to come to us.

The dodo is easiest remembered because it is the one fossil without a long name.

Napoleon in Exile

The world's most restless and ambitious nature, Napoleon, spent the last six years of his life in exile on the little Island of St. Helena, learning enough English words to read what was going on in the Europe he once controlled, dictating his memoirs, gossiping about his English custodians, preserving order and harmony in his little French household, the sole crumbs of existence left him to mumble.

QUICK QUOTES

"If the automobile had been developed in the same way that the political machine has developed, it would now weigh ten tons and cost five thousand dollars, it would have attached to it a steam-roller, a lawn mower, an egg beater, a permanent-wave machine and heaven only knows what else!"—U. S. Representative Bruce Barton.

The Safety Sensation of 1939!

THE NEW Firestone CHAMPION

The Only Tire Made with the NEW SAFETY-LOCK CORD BODY and NEW GEAR-GRIP TREAD...

NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have started a word-of-mouth campaign that is making this the biggest selling tire we've ever had. Motor car manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models.

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering.

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design—it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop.

Let your nearby Firestone Dealer or Firestone Auto Supply and Service Store equip your car with a new set of Firestone Champion Tires—the only tires made that are safety-proved on the speedway for your protection on the highway.
