

SPECIAL PROSECUTOR TO BE APPOINTED

Jury Session Postponed Hood River County's history-making grand jury session was postponed this week, after District Attorney John Baker sent a request to Governor Sprague to ask the Attorney General to appoint a special prosecutor for the term.

Baker explained that since he was legal counsel for the county offices and since these offices were on trial in the investigation of the rock crusher purchased by the commissioners last summer, that he felt he was not in a position to act in the case.

The session is expected to be history-making in that it is the first time that a three-day session of the grand jury has been anticipated. Also it will be the first time a woman has served on the grand jury in this county. Hildred Rhoades of Mount Hood was drawn as one of the jurors Monday. Others on the list are Chairman Allison Fletcher, Alva L. Day, J. B. Edington, H. R. McIsaac, John Plog and A. L. Paddock.

The jurors met Monday and adjourned in the afternoon. A short session will be called Thursday morning, then the jurors are expected to convene March 20.

IN BEER REVENUE FOR 1938

(SOURCE OF DATA: LIQUOR CONTROL COMMISSION)

THROUGH FEDERAL, STATE AND LOCAL AGENCIES, A SHARE OF THE NATION'S HUGE \$400 MILLION YEARLY BEER REVENUE COMES BACK TO BENEFIT THIS COMMUNITY

BEER'S nation-wide taxes of a million dollars a day make it possible for the government to provide many things that would otherwise increase everybody's taxes.

In preserving this revenue for the nation, the brewers recognize that the retailing of beer must give no offense to anyone.

It is not, of course, the brewers' responsibility to enforce the law. But they are cooperating with all enforcement officials... to see to it that the laws you have made are rigidly observed.

May we send you a booklet discussing this forward-looking program of the brewing industry? Address: United Brewers Industrial Foundation, 19 East 40th St., New York, N. Y.
