ATTEND T.-B. CONFERENCE

Mrs. Jerry Woodward attended the 23rd annual State T. B. conference at Eugene Wednesday and Thursday of last week with the Hood River County group. Much progress has been made in T. B. control work and the report is favorable that early discovery of the disease will do much to irradicate the worst enemy of young men and women where the death rate is highest. Sherman County walked away with the cup for the second consecutive year, with Hood River coming in second. Several counties using their first mail sale of seals this year reported a favorable increase. Jackson County reported 3 Burr cottages and Marion one for sick people and with the new T. B. hospital at the U. of O. medical center in Multnomah County expect to be able to hospitalize all cases as soon as reported.

SCOTT NAMED SECRETARY

Hugh Scott, former news editor of the Cascade Locks Chronicle, was yesterday appointed executive secretary of the City Club of Portland. Since leaving the Chronicle, Scott has been with the traffic division of the Secretary of State's office at Salem.

FOR OVER 100,000 FARM WORKERS AND FARMERS—JOBS AND A MARKET MADE BY BEER

FOR 130 MILLION TAXPAYERS (ALL OF US) A GREAT NEW HELP SINCE 1933 IN CARRYING INCREASING TAX BURDENS

FOR A MILLION BREAD WINNERS:
A MILLION JOBS MADE BY BEER

FROM coast to coast, Beer has helped in putting men back to work... into a million new jobs in six short years. Beer also each year buys the produce of 3,000,000 acres of farmland and pays a million dollars a day in taxes.

The brewers want to preserve these economic benefits. They want also to protect the public's right to enjoy beer and their own right to make and market it.

The brewing industry cannot enforce the laws. But they are cooperating with public officials to see to it that the retailing of beer gives no offense to anyone.

We would like to send you a booklet that describes the Foundation's unusual program of self-regulation. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.
