BONNEVILLE SCHOOL
(By Loraine Webber)

The P. T. A. gave the school a tree to plant for Arbor Day. There was a short program. Those on the program committee were Steven Memovich, Edward Locke, and Loraine Webber. Those participating in the program were Marilyn Teitjan, Dolores Siefer, Patricia Ward and Jeannette Caron. The eighth grade students wrote their names on a slip of paper, put them in a bottle, sealed the bottle with wax and buried it beside the tree. Each student in the 8th grade put a shovel-full of dirt on the tree.

SENIORS HOLD CONFERENCE

Seniors from Hood River, Odell, Parkdale and Cascade Locks high schools attended the first annual senior conference held in Hood River high school last Friday.

Talks and discussions were heard with D. V. Poling, high school contact committee members, E. M. Pallet, J. A. Churchill and E. B. Lemon, of Oregon's State System of Higher Education, presenting information regarding Oregon's state educational institutions.

The students attended the conference all day, receiving credit for one day of school by registering between 9:30 and 10:00 a. m. The morning schedule included a general explanation of the state institutions, group singing, led by Dr. Poling, and introduction of senior

class presidents.

The afternoon program consisted of a play by the Parkdale senior class, a reading by Rena Allison, Odell senior, a discussion period at which time the seniors were divided into groups including those not planning to attend college, and a group for each of the state college, the state university, and the state normal schools.

THE RECORD..... Facts That Concern You

No. 6 of a series.

ONE INCOME THAT'S INCREASED MIGHTILY SINCE 1932!

IN 1932 (last year before repeal) BEER'S TAXES WERE PRACTICALLY NOTHING!

*Data from Liquor Control Commission; license fees included.

BEER helps even those who do not drink it! To the tune of a million dollars a day nation-wide, beer tax revenue reaches back into every community, to help pay for relief, for public works, for education... and to lift a burden that would otherwise rest directly on the taxpayers.

To this, add a million new jobs made by beer. And a 100 million dollar farm market.

How can we keep these benefits... for you and

for us? Brewers of America realize this depends on keeping beer retailing as wholesome as beer itself. They want to help public officials in every possible way. They cannot enforce laws. But they can—and will—cooperate!

May we send you a booklet telling of their unusual self-regulation program? Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

BEER...a beverage of moderation
