Sunday Club

(Continued from Page One)

The Good Book tells us "the letter of the law is death; but the Spirit of the law giveth life." The Spirit of the Constitution is life, liberty and the pursuit of happiness to every American citizen.

All who have enjoyed the Sunday Evening Club meetings and wish them continued next fall please let Mr. L. W. Bixby know as soon as possible. There is work to be done and the sooner he knows your pleasure the more time can be given to this. The club has, and we are sure will, continue to have the support of Colonel J. C. H. Lee, Major T. D. Weaver and Capt. R. E. M. DesIslets.

RIVER TRAFFIC INCREASES OVER LAST YEAR

"Robert Gray" and "Ostrander" operate only between Portland and Celilo.

Since the completion of the seven foot channel from Celilo to Umatilla Rapids, the Inland Navigation Co., operators of the familiar "Inland Chief," have extended their operations as far up the river as Umatilla, 90 miles above Celilo. Umatilla is about 30 miles downstream from Attalia, the terminal for most of the Tidewater Company's shipments. Only a few trips to Umatilla have been made by the "Inland Chief," which previously ran only to The Dalles.

Transportation of petroleum products by water to upper Columbia points has resulted in a reduction in price to consumers in certain areas.
