are. We call special attention to the
ad under "new today."

Improvements in various parts of town
are visible. The planning of the street
from Kelly's corner has begun Wednesday.

for \$75.

A convict says he was sent to prison
for being dishonest, and yet every day he
is compelled to cut pieces of pasteboard,
which are put between the soles of the
cheap shoes made there, and passed off
on the innocent public as leather.

In another column will be found the
proclamation of Governor Penney calling
the special election for November the
8th to vote upon the prohibitory and
other amendments.

The tendency of New York publishers
of books and monthlies to group their
offices between Astor Place and Union
Square, has its most recent illustration in
the removal of *The American Magazine*
from down-town to commodious quarters
at 749 Broadway.

The *Oregonian* of Wednesday continued
the description of the Cour d'Alene
mines commenced in a special number
August 1st. The places described this
week are the Wallace, Mullan and Mur-
ray districts, and a lithographic suppli-
ment gives the reader an accurate idea of
these towns and surroundings.

The narrow gauge railroad company
had to pay an aggregate of \$100,000 for
the right of way for the last six miles to
get to the city of Portland. That much
money would almost completely exhaust
the fund from Coburg to Eugene, where says
the *Register* it would be much more high-
ly appreciated than it is in Portland.

The Oregon Pacific railroad company
and the Oregon Development company
have made a sweeping reduction in pas-
senger fares between Albany and Corvallis
and San Francisco, taking effect Sep-
tember 15th. First-class fares have been
placed at \$10.75, and storage \$6. They
have also placed on sale, first-class round
trip tickets at \$19.20 each.

The next *Firesmen's tournament* will
be held in Portland, September 12th to
the 17th, 1887. The convention will be
held on the 12th and 13th. Prizes to the
amount of \$2,000 will be offered, and it is
expected that there will not be less than
twelve competing teams. All the races
have been shortened and it is expected
that the tournament next year will be the
largest ever held in Oregon.

The *Telephone* says: "Bar Hibbs re-
turned Wednesday from an extended elk
hunt on the headquarters of the Nehalem
river. He had a fine time, has become
quite fat and killed two elk." Good for
Hibbs! But why didn't he tell his com-
panions that he had killed two elk. They
would only have been two happy to help
him dress and jerk the meat. P. P.
Gates and John Venable killed two elk
and report having caught a nice lot of trout.

Capt. E. W. Spencer left Portland
Wednesday afternoon overland for San
Francisco, on business connected with
the new steel steamer Premier, just com-
pleted. She will run between Puget
sound ports and Vancouver, B. C., in
connection with the Canadian Pacific
railway. The steamer is 200 feet long,
1000 tons register, and is guaranteed by
her builders to make seventeen knots an
hour. She will leave San Francisco in a
few days for the north.

To FIRE UP.—The Iron and Steel works
of Oswego have contracted with the city
of Portland to furnish 1907 tons of water
pipe of assorted sizes to be delivered for
\$42.50 per ton. The first delivery of
pipes to be made in April and 200 tons
per month thereafter till the contract is
completed. It will require over six months
work to fill this order, and the early
starting of the works must result. The
importance of the firing up of the fur-
naces and the opening of the closed mines
can hardly be over-estimated, especially
in view of the statement that the com-
pany will at once complete the works as
designed at the time when the long pro-
tracted litigation closed them up, and
the addition of a complete plant for the
manufacture of nails, which alone will
employ 150 men, the company will place
itself in the way of doing a large and
profitable business.

FIXE WORK.—The large window in the
new church is designated as the children's
memorial window, in honor of thirty
nine children, who contributed their
miles for its erection. We were shown
Tuesday afternoon of their names, written
on two large cards by Prof. T. C. Stephens.
The list on either card is headed by an
appropriate scripture text, and together
with the names, are a fine specimen of
penmanship. When properly framed they
will be an ornament to the church.

SAD DEATH.—The fatal and distressing
mistake which caused the death of Sam-
uel Schaefer last Sunday in the Cascade
mountains, has cast a gloom over all. He
was a pioneer of 1848, and well and
favorably known in this country. Those
only who knew him best could appreciate
his eccentricities.

The Pacific railroad commission
resumed business in New York on
Tuesday, with Mr. Crocker on the
witness stand. He thinks the govern-
ment should give the company
100 or 150 years in which to pay
its debts.

An enormous meteor fell in Maine,
that projected ten feet in the air. It
is said to be the largest meteoric
body there is any record of ever
striking the earth.

PERSONAL.

D. Smith, of Forest Grove was in town
Wednesday.
John Wortman, of McMinnville, was
in town one day this week.

J. E. Brooks, of McMinnville, made
this office a call Wednesday.
Gov. Penney dined with Senator
Dolph in New York on the 21st.

Dr. J. B. Moore, of Newberg, paid this
office a pleasant call Wednesday.
Mrs. Ewing, of Alturas, California, is
visiting at J. Huston's in this town.

Rev. Mr. Pelling, of Dayton, preached
an interesting sermon here last Sunday
evening.
Rev. Clyde, of Chehalis, W. T., will
deliver the dedicatory sermon in the new
church, Sunday.

Miss Ella Parker returned from Port-
land Tuesday, where she has been visit-
ing friends and relatives.
Mrs. D. C. Labourette, of Oregon City,
and Mrs. Scott, of Portland, are here
visiting Mrs. J. M. Kelly.

Mrs. R. P. Ungerman and Mrs. P. P.
Gates attended the W. C. T. U. con-
vention at North Yamhill Monday
and Tuesday.

Rev. M. Burlingame, the new M. E.
pastor for the Lafayette circuit arrived
last week, and filled the regular appoint-
ments on Sunday.

Dr. Watts made a flying visit to his
home Tuesday evening. He lectured in
Albina Wednesday and Thursday evenings
on the prohibition question, and had
crowded houses both nights.

Rev. J. S. McCain has disposed of his
interest in the *Oregonian*, re-entered
the Oregon M. E. conference, and has
been sent to Grants Pass to preach. He
has the best wishes of the craft.

WARM SPRINGS RESERVATION.—John A.
McQuinn, who has been employed for
three months past in surveying the bound-
aries of the Warm Springs Indian reserva-
tion and subdividing it into farms, has
completed his work and returned to Port-
land. He has about 900 miles of lines and
has seen the reservation all over. He
says there are about 800 Indians on the
reservation, Warcoos, Warm Springs and
Pintos. There are only about eighty of
the latter, and they are not given to cul-
tivating the land or any other civilized
habits. The Warcoos are the most highly
civilized and intellectual of the three
tribes. The number of Indians on the
reservation has increased slightly for the
past two or three years, and there are
enough of them to occupy all the land
on the reservation. The boundaries
were run where the Indians claimed they
should be, the persons who kicked at
this boundary being two or three stock-
men and a few others who had no interest
in the matter.

TO TRIAL AT LAW.—In state circuit
court department No. 2, yesterday, the
trial of the case of W. S. Powell et al. vs.
the Willamette Valley Railway Company
was commenced. The case has been at
issue for years, and has been twice de-
cided on demurrer and as many times
before the supreme court, which tribunal
sent it back, the last time for a hearing
in the state circuit court. The case was
in court for three years, and before the
supreme court, as above stated, previous
to answer to the complaint being filed,
and yesterday was the first time it was
tried on its merits. Powell and about
forty others sue for wages amounting to
some \$20,000, alleging that they previously
assigned their claims for fifty cents on
the dollar through a misunderstanding
and both times when the case was de-
cided on a demurrer the plaintiffs won.—
Oregonian, 21st.

SCHOOL OPENED.—As Superintendent
Knight said, "the flag was run to the
mast-head yesterday, as a sign that the
term of the Oregon school for deaf mutes
had opened." There was the largest at-
tendance yesterday that ever appeared at
that institution on the first day, there
being eighteen pupils present. Miss
Kelsey, one of the teachers, is here, and
Mr. Coleman, the other, is expected in a
few days. There have been many im-
provements made during the past season,
and the school is now in better condition
than ever before, in all its accommoda-
tions. Mr. Knight expects a very large
attendance this year.—*Statesman*.

IMMIGRATION BOARD.—Last week the
Portland Board of Trade appropriated
\$125 a month until Jan. 1, 1888, for the
support of the Immigration Board, which
hereafter will be a city instead of a state
institution. Re-ident Macleay, of the
Board of Trade, appointed the following
gentlemen as immigration commissioners:
C. H. Dodd, chairman, H. W. Corbett,
Sol. Hirsch, D. D. Oliphant and Eliza-
beth G. Hughes. Wallace R. Struble is
secretary of the board.

MORMONISM.—A Mormon elder has been
preaching in Polk county, and has some-
what perturbed theological societies. He
is one of those Joe Smith Mormons, who
don't believe in polygamy, but only that
Joe Smith was an inspired prophet. The
name of this elder is Haws. Haws' this
Salem *Statesman*.

An enormous meteor fell in Maine,
that projected ten feet in the air. It
is said to be the largest meteoric
body there is any record of ever
striking the earth.

The *Herald*, Bro. Bannister's effort failed
to give us any news, except that Day-
ton was going to have a windmill and
that cows could run at large on the Day-

supply the motive power for the windmill
on such days when there is no breeze.
Why can't our Carlton reporter give

CARLTON.

Sept. 20, 1887.
O, what a beautiful rain; now sow your
summer fallow.

Say, did you know that we have had
an auction out here? We gave due no-
tice that we would sell all goods on hand
to the highest bidder; we would sell from
half an hour to two hours per day then
declare it off for the day; but no, people
can't buy at auction unless they have a
chance.

Indications are that we will have a
hard winter, for when you see a staid old
back and a blooming widow swinging on
the gate look out for snow and sleet; get
lots of straw and wood for winter is com-
ing.

Jake is laying in a stock of milliner

Now comes J. W. Shelton with a broad

NEWBERG.
Come to the Newberg fair to be held
the 23d, 24th and 25th of September.

A large and appreciative congregation
gathered at Friends' church last Sabbath
and listened to an able discourse by Mrs.
M. E. K. Edwards.

We are pleased to see so many of the
old students in attendance at the acade-
my at the beginning of this year, and
want to extend to those who have not
been in attendance previous to this year,
and who are strangers here, a hearty
welcome.

Quite a number of our business men
attended the state fair this week.
Last Thursday the 15th inst., being
the birthday anniversary of Mrs. Roger
Steffen, her friends gave her a little sur-
prise which proved to be both pleasant
and profitable. Thirty-nine of her friends
—including children gathered at her home
at 11 o'clock a. m. with well filled lunch
baskets and some little gifts besides, as
tokens of their friendship and esteem.

Mrs. St. Helen received the compliment
paid her by her numerous friends in her
usual appreciative manner, and all
seemed to enjoy the day exceedingly well.

F. A. Morris has recently purchased a
desirable building lot upon which he in-
tends erecting a residence soon.
The recent rains seem to have given
new life to vegetation, and were also
beneficial in laying the dust.

We are sorry to learn of the serious ill-
ness of Father Hinnicutt, who is visit-
ing at the home of his daughter Mrs. D. J.
Wood.

The difference between labor and capital.
"When a young man sits in the
parlor talking nonsense to his best girl—
that's capital. But when he has to stay
in of evenings after they're married—
that's labor." A good thing will bear
telling often.
