HUGO,

HUGO, HUGO, Is not a more tenacious monster than malaria, whether it takes the form of chills and fever, billous remittant, sque cake or dumb ague. L'ke the octopus of the story it chaps the vic-tim in its tentacuie, and Tolis him choser and closer in a horrible embrace. Attacked with Hostetter's Stomach Hitters, however, it grad-ually relaxes its tremendous grip, finally aban-dons it, and the quondam sufferer, liberated at last, rejok es in the sense of new bora freedom, engendered by the restoration of complete health. Dyspepsis, too, and constipation, those old and remorseless ensities of the human fam-ily, give ground, and are finally driven from the field by this Napoleon of remedies, the greatest, the purest in the family pharmaco-poin. Rheimatism succumbs to it, so do kid-ney troubles. The nerves, when overstrained, regain quietufferand vigor by its aid, and the ability to rest tranquilly-and cat with zest are increased by it. Resort to it in time and avoid unnecessary suffering.
