W. C. T. U. COLUMN.

"For God and Home and Native Land." MRS. F. A. MORRIS, Press Superintendent, Newberg, Oregon.

Dare to say No when you're tempted to drink,

Pause for a moment, my brave boy, and think;

Think of the wrecks upon life's ocean tossed.

For answering Yes without counting the cost.

Think of the mother who bore you in pain.

Think of her love and at once answer No: Think of the hopes that are drowned in the bowl, Think of the danger to body and soul,

Think of sad lives, once at pure as the Look at them now and at once answer

Think of a manhood with rum-tainted

Think of its end and the terrible death Think of the homes that now shadowed

with woe Might have been heaven had the answer been No.

Think of lone graves both unkempt and unknown, Hiding fond hopes that were fair as your

own,

Think of prond forms now forever laid low.

That might still be here had they learned to say No.

Think of the demon that lurks in the bowl.

Driving to ruin both body and soul. Think of all this as life's journey you go, And when you're assailed by the tempter say No.

The Y. W. C. T. U. gave an ice cream supper and social at the dela gymnasium last Friday evening, which was a success in every particular. A part of the evening was spent in promenading; topics for conversation were announced, those promenading not being allowed to \*eonverse on any but the subject an-

The month of March was especially notable for temperance legislation. Mr. Gladstone's maxim that it is the duty of the government to make it as easy as possible for its subjects to do right and as difficult as possible for them to do wrong is prevailing in all parts of the country. In New Jersey a high license local option bill passed; in New York a high license bill passed the assembly and bids fair to go through the senate; in Michigan the county elections on local option secured prohibition in many counties; in congress the senate committee in the District of Columbia reported in favor of a bill granting the district local option; and the senate passed a bill asking that the president appoint a committee to investigate all sides of the liquor question.

Here is an example of the woman in office: Argonia, Kansas, "for fun" elected a woman as mayor. She has shut up a majority of the saloons, driven gamblers out of town, and instituted a reign of law and order which is paralyzing loafers, "corner grocery" politics and brawling.

The health commissioner of Chicago has discovered from samples of the candies usually sold to school children that not a small share of "whisky drops" are eaten. While it is not probable that the amount of whisky in such eandy is sufficient to injure the health, it is entirely probable that a taste for liquor might be formed by their constant use. These "drops" are found in the cases of almost all candy dealers. That their sale to children should not be permitted is
