STATE TEACHERS' ASSOCIATION.

The state teachers' association will be held at Salem, July 5, 6 and 7, 1888.

The association will convene in the legislative hall, capitol building, at 10 a. m., on Thursday, July 5th. All teachers and friends of education are cordially invited.

The collegiate association will meet in the senate chamber, capitol building, at 2 p. m., Thursday, July 5th; also at the same time and place, Friday, July 6th. The presence of all members of colleges and universities in the state is earnestly desired.

The department of superintendence will be organized by the several county and city superintendents, and will meet in the office of the superintendent of public instruction at 4 o'clock p. m., on Thursday, July 6th, and the department of music will convene in the legislative hall at the same day and hour.

The hotels of Salem will entertain those attending, during the days of the association, at reduced rates.

Arrangements have been made with the O. & C. R. R., the O. P. R. R., the W. V. R'y (narrow gauge) companies for reduced rates to all attending, and the usual reduction will be granted.

Several state superintendents of public instruction, and other leading educators from the eastern states and several of the territories, have been invited and are expected to be present.

THE PIONEERS.—The Oregon pioneer held their sixteenth annual reunion at Portland last Friday. Rev. Thomas Condon delivered the annual address, and Gen. E. L. Applegate the occasional address. There were one hundred and seventy-seven pioneers, who came to Oregon from 1839 to 1855 inclusive, in attendance and ready to march under their respective banners. The parade, however, was dispensed with on account of rain. The exercises were held in the pavilion and about 1,000 people were present and listened to the very interesting and instructive addresses.

TO BE LAID.—Arrangements have been made to lay the corner stone of the court house at McMinnville, on Thursday, June 28, 1888. The citizens, societies and orders of the county are invited to attend. Hon. N. L. Butler, of Dallas, will deliver the address of the occasion. The ceremonies of laying the stone will be conducted by the Grand Lodge of Masons.

A GEM.—Rev. G. J. Burchett, of East Portland, recently delivered an address before the national Baptist convention, in Washington city, which is a perfect gem in the way of advertising Oregon. It was published in full by a daily paper of that city and will, doubtless, from its unique style, concise pointers and other meritorious features, be widely copied.

MASONIC CELEBRATION.—St. John's day will be celebrated at Amity Saturday, June 23, (to-morrow). J. R. N. Bell, of Roseburg, is to deliver the address, which warrants its being a good one; the McMinnville band will be present, and with a basket dinner and other interesting features the programme of the day will be crowded. All are invited.

JULY FOURTH.—Portland is making extensive preparations to celebrate the one hundred and twelfth anniversary of the declaration of independence. Reduced fare on all railroads will be given as usual. McMinnville and Newberg are also going to give all an opportunity to enjoy first class celebrations of this great event.

MUST PREPAY.—The Southern Pacific railroad company announce that no freight will be received from either the Oregon Pacific or O. R. N. lines of road unless the charges are prepaid. This will work a hardship on shippers, as the freight charges are generally collected at the point of destination.

HIS MAJORITY.—H. H. Hewitt's majority for district attorney is 905, divided as follows: Marion, 400; Yamhill, 205; Polk, 127; Tillamook, 46; Linn, 7. A Salem paper says this is the largest majority ever given a candidate in the district except that given Mr. Piper in 1880, which was 1,064.

LEG BROKEN.—Last Monday a son of James Bryan, aged about 9 years, and residing near Newberg, had the misfortune to break the femoral bone of one of his legs near the thigh. Dr. Michaux was called and set the broken bone, and it is hoped the little fellow will get along all right.

Big Town.—The Tacoma Ledger says: "Another large bear has been captured in Boulevard addition." If they keep on spreading their suburbs down there the bear and the cougar will get pretty scarce between Skamania on the one hand and Skagit on the other.—Yakima Republic.

GUILD MEETING.—There will be a meeting of the members of the Presbyterian Church Auxiliary Guild on Friday at 3 p. m., in the church.

Wm. Clyde, Pastor.

GOOD BYE, BUT NOT FAREWELL.

"The evil men do live after them, the good is often interred with their bones. So let it be with Caesar." The evil I have done will live after me; if I have done any good, I trust it will be buried with the past.

For the last three years my path has been not altogether elegant and flowery, yet, had it been anything otherwise than it has I should not have attained the success of which I now claim the honor. To a man acquainted with the "ups and downs" of life, stimulus is stimulating, and in defeat he achieves victory.

Whether it is nobler to beat your landlady and washerwoman than to make a good, honest living is a question that has been, and now is, agitating the mind of the average youth in hard circumstances.

As for myself, I have always preferred trying to make a good, honest living, and shall ever hold that in industry there is wealth. "Birds of one feather will flock together." Why, of course they will! There isn't any bird with just one feather going away off alone to flock, he might take cold—poor thing—and that would be too bad. You will please excuse me if I should glide off on a tangent and utter any sentiments not my own, for I have long since learned that other people know a vast deal more than I do, and, as for wit, humor, pathos and profound thought, I am not even so much as "a drop in the bucket."

Eli Perkins said that he loved to rally 'round the flag. He was stationed on picket duty one time between the union and rebel armies of the rebellion; he noticed them coming up on either side; they began shooting at each other, and, finally, they got so darned careless that he stepped aside and let them come up. He said that he would leave the battlefield any time to rally 'round the flag.

Just at this point I was about to perpetuate a panther story, but I prognosticated.

By the way, people nowadays have got to be very scientific. In conversation with an eminent physician not long since I learned of a man who had been mortally wounded. The doctor told me that the bullet entered the inner parallelogram of his diaphragmatic thorax, super-inducing a membranous hemorrhage in the outer cuticle of his basilicthamiteurgist. I told the doctor that I thought it was a hard case. Just at that juncture I got excused as I had business around the corner. I presume the exercises of that most unfortunate man will take place in the near future. Laying all joking aside, I wish to express my appreciation and gratitude for the numerous favors that have been bestowed upon me by my many friends. It is through their influence that I have been led to live and enjoy the comforts of life comparatively unmolested; to them I owe a debt of gratitude, which I can never repay, and which shall reverberate throughout the corridors of time, in the chaos of eternity.

Coming now to my school, I have to say that if all my future life shall be as pleasant as the past two years in the Lafayette public school has been, I shall indeed, get on beautifully, and feel that, after all, I may not have lived in vain. Socially, both teachers and pupils have gotten along admirably. School boys and girls, from the smallest to the largest, have been always kind and courteous. Parents have visited frequently, have always manifested much interest in the progress of the school, have always contributed liberally to its support, not only aiding to maintain discipline and good order, but giving at all entertainments by paying admission fees charged thereto.

And now in leaving you, to take charge of the Albina schools, I shall always feel that I leave a host of friends, not only in Lafayette, but in the county; and I trust that in the near future, you shall have occasion to be no less proud of me than of other boys who got their start in old Yamhill. Respectfully,

CARL YOUNG.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first only a cold. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. Trial bottles free at J. M. Kelty's drug store. CARLTON.

June 18, 1888.

Depew or Blaine, which?

Wait until we get our lumber yard in running order.

Our merchants seem to be doing a thriving business.

J. B. Smith is fencing in his block in Kutch's addition to Carlton.

R. T. McCansley has painted the front of his store; it looks nobby now.

Chickens are six dollars a dozen in our town. How's that for a market?

F. L. Roberts has bought him a fine cow. Stock, part Hambletonian.

Dr. Smith, of Amity, was on our streets the other day. Come again, Gus.

W. A. Howe is buying wool, paying the highest price the market affords.

Mr. and Mrs. Collins were visiting in Lafayette last Saturday and Sunday.

Some one come and build a mill at Carlton—best location in Yamhill county.

J. W. Redd, our butcher, has bought him a very nice team, very well matched.

Mr. Blood has brought his family to town. They are living in Mr. Linberg's house.

Messrs. Weneberg, Scott, Root, Smith and Hanson attended the Baptist association at Independence yesterday.

Asa is looking blue. He says the year is half gone and he is not married yet, and leap year at that. George ditto.

W. A. Howe has a fine sign painted on the front of his store. Young, the painter, did the work.

Oats and hay will be immense, but wheat is reported as rather light. Potatoes—well, can't say where they will be stored.

Our town is well represented in all kinds of business. A doctor with a drug store in connection with his practice, would do well here.

HAWK-EYE.

A Sound Legal Opinion.

E. Bainbridge Murray, Esq., county attorney, Clay Co., Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with malarial fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. J. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all malarial diseases, and for all kidney, liver and stomach disorders stands unequalled. Price 50 cents and \$1 at J. M. Kelty's.

Receiver Scott has been authorized to borrow \$125,000 with which to repair and improve the narrow gauge road.

AMITY.

Two weddings before long, Mr. Editor.

This town has been overrun with insurance agents lately.

The town has resumed its customary quiet now election is over.

Born.—June 19, 1888, to the wife of R. B. Putnam, a son; weight eight pounds.

J. B. Buntin, our newly elected justice of the peace, has been busy all last week making camp stoves and stools.

Ed. Briedwell, in addition to his bugies and farm machinery in general, has opened out with a fine line of hardware.

At the last meeting of the town council Geo. Maddox was elected to fill vacancy caused by R. L. Simpson resigning.

Miss Clara and Hettie Brown took their departure from here for LaCamas, where they will open a dressmaking shop.

W. G. Buffum and wife, R. L. Simpson, Joe Watt and wife, and several others attended the pioneers' celebration at Portland.

Yesterday Richard Harrison, son of Hon. Wm. Harrison, cut his foot very severely. Dr. Goucheux was called and dressed the wound.

W. R. Brown is having a large barn erected on his property in this city. Major believes in having everything in O. K. order around him.

The railroad depot has changed hands. It is now presided over by Mr. Ira Martin, a young man of sterling habits, who will discharge his duties faithfully.

Mr. D. V. Springer has purchased the meat market of James Booth, and can now be found at the old stand dispensing juicy steaks. His wagon will run for the accommodation of the surrounding farmers.

Extensive preparations are being made for a grand time here on St. John's day. Come everybody and bring your baskets, and to those who have no baskets would say there is two hotels here, where the hungry can be fed.

Last week Mr. Mitchell, of Broadmeads, had the misfortune to fracture his index finger, getting it caught in one of the large doors in the barn. Dr. Smith reduced the fracture and Mr. Mitchell is doing well.
