**TWO WAYS. CHOOSE WHICH!**

There are two usual ways of doing what Nature sometimes does incompletely, namely, to relieve the bowels. One is to swallow a drastic purgative which evacuates profusely, abruptly and with pain, the other is to take Hostetter's stomach Bitters, the effect of which is not vio-lent, but sufficiently thorough, and which does not gripe the intestines. If the first is selected, the person employing it need not expect perma-nent benefit, as he cannot hope to escape the debilitating reaction which leaves the organs as bad or worse of than before. If, on the other hand, he resorts to the Bitters, he can rely upon the restoration of a regular habit of body, consequent upon a renewal of a health-ful tone in the intestinal canal. Besides health-fully relaxing the bowels, the Bitters arouse a dormant liver, impart a beneficial impetus to the action of the kidney, and counteracts the early twinges of rheumatism, a tendency to gout, and malaria in all its forms.

Consumption, Wasting Diseases, And General Debility. Doctors disagree as to the relative value of Cod Liver Oil and Hypo-phosphites, the one supplying strength and flesh, the other giving nerve power, and acting as a tonic to the digestive and entire system. But in Scott's Emulsion of Cod Liver Oil with Hypophosphites the two are combined, and the effect is wonderful. Thousands who have derived no permanent benefit from other preparations have been cured by this. Scott's Emulsion is perfectly palatable and easily dig-ested by those who cannot tolerate plain Cod Liver Oil.

I have received many letters in reference to my testimonial, lately published, com-mending ALLCOCK'S POROUS PLASTERS. I cannot spare the time to answer them in writing, therefore would again say, through the press, that I have found ALLCOCK'S POROUS PLASTERS invaluable as chest protectors and shields against coughs and colds. Furthermore, I have found ALLCOCK'S PLASTERS unequalled for pains in side, back and chest.

PISOS CURE FOR CONSUMPTION

# Do you want a THRESHER, HORSE-POWER or ENGINE?

IF SO, OF COURSE YOU WANT THE BEST.

Warrantee the J. I. CASE "AGITATOR" SEPARATOR to be the Best Grain Saving and Fastest Thresher ever made. We have over four hundred of these celebrated machines in operation in Oregon and Washington, all of which are giving satisfaction. We are prepared to furnish you statements from the leading farmers and threshermen to prove this. There are twice as many "Agitators" sold each season, throughout the United States, as any other style or make of thresher.

This is no experimental machine that must be sold cheap in order to introduce it, but is acknowledged to be "THE BEST" and consequently, upon its merits, the cheapest. In buying an "AGITATOR" thresher you are making no experiment. We guarantee it in every way superior to every other thresher built. You cannot afford to buy a thresher first examining ours. DO NOT BE TALKED INTO BUYING A MACHINE BECAUSE IT IS CHEAP OR NEW.

member, we guarantee the J. I. Case "Agitator" the best and fastest thresher made, and are ready to prove it. Is it not cheaper and cheaper for you to buy a thresher known to be reliable in every respect than to experiment with a new-fangled machine of the benefit of some Eastern factory who want their machine experimented with at your expense, while your grain is being ruined, and you are at heavy expense for operating?

member, your whole dependence is upon your crop proceeds, and if you endanger it by experimenting with new-fangled machines, you do so at great loss to yourself. We insure you against all these possible evils with our J. I. Case Agitator, which has been thoroughly tested for years in this country, and is known to be perfectly reliable, BEING BUILT ESPECIALLY FOR THE REQUIREMENTS OF THIS SECTION.

also sell the only genuine DINGEE WOODBURY HORSE-POWER made. Beware of imitations! J. I. CASE PORTABLE TRACTION ENGINES have been in general use in Oregon and Washington for years, and are known to be, and are ready to prove them to be, the most powerful, most durable, safest, more skillfully constructed, and better material than any other Engines made.

are also EXCLUSIVE AGENTS for the CELEBRATED JACKSON'S DERRICKS SELF-FEEDERS AND FORKS. our RANDOLPH IMPROVED STEEL FRAME HEADER, guaranteed the Simplest, Lightest and Easiest Handled. We sell the ONLY STEEL FRAME HEADER MADE. SAVE MONEY by calling to see us, or writing for prices and terms, and all other information regarding the above machinery.

## O! YES, YES! CERTAINLY!

A sinned cat dreads the fire. I plead guilty. I am selling a "new-fangled" machine LOOK AT IT—AIN'T IT A DAISY?

## THE "ADVANCE" THRESHERS AND ENGINES

I guarantee the New-Fangled Advance Separator to be the best grain-saving, fastest Thresher and most durable Separator ever made. But, remember, it is not an experimental machine, as the Old Foggy machines are. You are well aware of the time lost (that you have to pay for) in experimenting with Old Foggy machines. The New Fangled Thresher leads the way. The grinding and kicking of the Old Foggy agents is only equaled by the amount of grain kicked out in the straw by the Old Foggy machines. If you wish a cheap machine, Old Foggies will supply you at your own price; but their machines are dear at any price. You cannot afford to buy a thresher without examining the ADVANCE. Do not be talked into buying a machine because it is cheap and Old Foggies say. Ask the Old Foggy agents if they will set beside the new-fangled machine and let you see which is the experimental machine, and sold on its merits. I have never yet had to call on any court to help decide the merits of the new-fangled machine. Please examine the court records in reference to the Old Foggy's plan. Many years ago a man built a new-fangled machine, called a steam engine. Old Foggies then, as now, stood back and said they would ruin the country. Do you not want to be ruined in the same way? Remember, the new-fangled machine is past all experimenting, while Old Foggy's machines are being experimented with all the time, and at your expense. Do not fool with them any longer, while your grain is going to waste.

Remember the new-fangled machine is sold on its merits entirely. Remember, your whole dependence is upon your crop proceeds, and if you allow Old Foggy machines to waste your grain, you are just that much out of pocket. To prevent this, see that the party that does your threshing procures a new-fangled ADVANCE Thresher, as they are constructed so as to save your grain, and have a better record than any old-foggy machine. Write for further particulars. I am prepared to prove all my statements—i. e. The ADVANCE machine will do more and better work than any other.

I hereby challenge any old foggy agent to name ANY case where the ADVANCE machine has failed to do as represented since its introduction on this Coast. Show up or shut up.

Remember that old foggy agents saying the contrary does not make it so. It will pay you to investigate. I can prove all I say.

I also sell the well known DINGEE WOODBURY POWER. A number of manufacturers make them on a royalty but I do not know of any imitations, but am always inclined to look out for those that talk of imitations. I also deal in Laundry and Marine Machinery, Farm, Church and School Bells, General Machinery, Swift Giers, Grime Safety Valves, Miller Pumps, Hancock Inspirators, Park & Kennedy Injectors, Acme and Alligator Wrenches, Blacksmith Drills, Self-Heating Bath Tubs, the Westinghouse Engines. See the prices: 10-horse on wheels, \$300; Traction, \$1075; 15 horse Traction, \$1400. Special discount for cash. General Agent for Colburn's Dynamos and Lamps for Electric Lighting—5 to 200 lights.
