

It is the true secret of a happy life: to live so that by our example our kind words and deeds may help some one else.

**HELPING THE RIGHT SIDE.**  
To help the right side is not only commendable in a general point of view, but is judicious and prudent when that help is applied in behalf of the right side of the body, just over the lower ribs in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficacy. Inaction of the liver is accompanied by constipation, sick-headache, furred tongue, nausea, occasional vertigo, and unimpaired breath, yellowness of the skin and jaundice of the eye. The author of these symptoms, liver complaint, coated by the Bitters is soon, liver complaint, coated by the Bitters is soon, liver complaint, coated by the Bitters is soon...

**LUNG TROUBLES AND WASTING**  
Diseases can be cured, if properly treated in time, as shown by the following statement from U. C. FARRAR, N. Y.: "Having been a great sufferer from pulmonary attacks and gradually wasting away for the past two years, it affords me pleasure to testify that Scott's Emulsion of Cod Liver Oil with Lime and Soda has given me great relief, and I cheerfully recommend it to all suffering in a similar way to myself. In addition, I would say that it is very pleasant to take."

**A HORSE WHO CAN TALK!**  
Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone have been a hundred years ago. Why, even very recently a great sensation would have been looked upon as marvelous, but now people are beginning to realize that the disease is not incurable. Dr. Pierce's Golden Medical Discovery will cure it in ten days. The secret remedy is so efficacious that it will make new lungs, but it will restore diseased ones to a healthy state when all other means have failed. Thousands can gratefully testify to this. **TESTIMONIAL FROM ASSEMBLYMAN EDWARD A. DARRAGH.**  
STATE OF NEW YORK ASSEMBLY CHAMBER ALBANY, April 16, 1884.

Some years ago I was thrown from a wagon and fractured two of my ribs. I was so badly hurt that I had to sit up in a chair for four days and nights. The fourth day my mother placed two Allcock's Plasters over my broken ribs. The next day my sufferings diminished and I was able to lie down. I continued to improve every day. Two weeks after the accident I got up and attended to business. I renewed the plasters twice, and found myself almost entirely well in a month, when I sailed for England.

My wife is subject to periodic pains in the back that give her rest neither day or night, but in two hours after applying two Allcock's Plasters she experiences relief, and in two or three days she is well. She also finds them effective in neuralgia and rheumatism. EDWARD A. DARRAGH.

**"TARIFF AND WAGES"—A Novel Discussion.**

George W. Elliott, A. M., Rochester, N. Y., has just published in book form, through Moulton, Wenborne & Co., Buffalo, N. Y., the very original and interesting dialogue discussion between "PAUL" (a young graduate) and "HIS FATHER," an American farmer, which appeared serially three years ago in *The American Rural Home*, and attracted wide attention. The father is a thoroughly well posted man of affairs, who is theoretically a free-trader, but practically, as an American, a strong defender of a judicious tariff. He thus treats both sides very fairly and gives each, in the dialogue, a chance to be heard. He discusses general principles and under his theory that selfishness must be the secret of success of international commercial policy, and self-sacrifice the secret of success in national commercial policy, he makes out a strong defense of simple protection. In the matter of wages, he holds that wages begin and end with production, as he holds, then a judicious tariff maintains the source of wages. This book makes men and boys think. It unfolds the dark mysteries of the tariff simply and should have a wide reading. Mr. Elliott, as advertising manager of H. H. Warner & Co.'s safe cure house, Rochester, N. Y., has had unusual opportunities to see the effects of different commercial policies in eight sections of the globe. In cloth, 50 cts.; in paper, 25 cts.; prepaid by Moulton, Wenborne & Co., Buffalo, N. Y.

**ARM & HAMMER BRAND**

**OUR TRADE MARK**  
To Housekeepers and Farmers.—It is important that the Soda or Saleratus you use should be white and Pure same as all similar substances used for food. To insure obtaining only the "Arm & Hammer" brand Soda or Saleratus, buy it in "pound or half pound" cartons which bear our name and trade-mark, as inferior goods are sometimes substituted for the "Arm & Hammer" brand when bought in bulk. Parties using Baking Powder should remember that its sole rising property consists of bicarbonate of soda. One teaspoonful of the "Arm & Hammer" brand of Soda or Saleratus mixed with four milk equals four teaspoonfuls of the best Baking Powder, saving twenty times its cost, besides being much healthier, because it does not contain any injurious substances, such as alum, tartaric acid, etc., of which many Baking Powders are made. Bakers and Farmers should use only the "Arm & Hammer" brand for cleaning and keeping Milk Pans Sweet and Clean.

**O! YES, YES! CERTAINLY!**  
A singed cat dreads the fire. I plead guilty. I am selling a "new-fangled" machine

**LOOK AT IT—AIN'T IT A DAISY?**

**THE "ADVANCE" THRESHERS AND ENGINES**

I guarantee the New-Fangled Advance Separator to be the best grain-saving, fastest Threshing and most durable Separator ever made. But, remember, it is not an experimental machine, as the Old Fogey machines are. You are well aware of the time lost (that you have to pay for) in experimenting with Old Fogey machines. The New-Fangled Threshing Machine is the way. The growing and kicking of the Old Fogey machines is only warranted by the amount of grain kicked in the sieve by the Old Fogey machines. Of course, if you wish a cheap machine, Old Foggies will supply you at your own price; but their machines are dear at any price. You cannot afford to buy a threshing machine without examining the ADVANCE. Do not be talked into buying a machine because it is cheap and Old Fogeyish. Ask the Old Fogey agents if they will not beside the new-fangled machine and let you see which is the superior machine, and sold on its merits. I have never yet had to call on any court to help decide the merits of the new-fangled machine. Please examine the court records in reference to the Old Fogey's plan. Many years ago a man built a new-fangled machine, called a steam engine. Old Foggies then, as now, stood back and said they would ruin the country. Do you not want to be ruined in the same way? Remember, the new-fangled machine is past all experimenting, while Old Fogey's machines are being experimented with all the time, and at your expense. Do not fool with them any longer, while your grain is going to waste.

Remember the new-fangled machine is sold on its merits entirely. Remember, your whole dependence is upon your crop proceeds, and if you allow Old Fogey machines to waste your grain, you are just that much out of pocket. To prevent this, see that the party that does your threshing procures a new-fangled ADVANCE Threshing machine, as they are constructed so as to save your grain, and have a better record than any old-fogey machine. Write for further particulars. I am prepared to prove all my statements—i. e. The ADVANCE machine will do more and better work than any other.

I hereby challenge any old fogey agent to name ANY case where the ADVANCE machine has failed to do as represented since its introduction on this Coast. Show up or shut up.

Remember that old fogey agents saying the contrary does not make it so. It will pay you to investigate. I can prove all I say.

I also sell the well known **BINKER WOODBURY POWER**. A number of manufacturers make them on a royalty but I do not know of any imitations, but am always inclined to look out for those that talk of imitations.
