A Woman's Discovery.  
Another wonderful discovery has been made  
and that too by a lady in this county. Disease  
attacked his children on her and for seven  
years she withstood its severest test, but her  
vital organs were undermined and death seemed  
imminent. For three months she coughed in-  
cessantly and could not sleep. She bought of  
a bottle of Dr. King's N. O. Discovery for  
consumption and was so much relieved on tak-  
ing the first dose that she slept all night and with  
the use of the medicine she was cured. Her  
name is Mrs. L. L. L. These write Ham-  
cock & Co., of Albany, N. Y. Get a free trial bot-  
tle at J. M. Kelly's drug store.

The Union Pacific.  
The following  
railroad news is gleaned from the Ore-  
gonian: "The Union Pacific Railroad  
company has two exploring parties in the  
field seeking the most practical route  
for a line from Ontario to San Francisco.  
They have made a most thorough critical  
examination of all the country between  
these two points. The most practicable  
route thus far obtained, and the route  
which, beyond a doubt, will be adopted,  
is after leaving Ontario, they will follow  
the Malheur river, thence along the  
south side of Malheur and Harney lakes,  
leaving Warner lake to the south and  
Albert lake to the east, to Lake View,  
thence following the east side of Goose  
lake till Fall river is reached, thence  
along Fall river to Sacramento valley.  
The distance by this route to a junction  
with the Union Pacific at Granger is 200  
miles longer than by way of the Central  
Pacific, but, owing to the comparatively  
easy grades, it is claimed that the dis-  
tance can be traveled over this line in  
less time than over the Central Pacific.  
As to the completion of this line it is  
considered certain that it will be finished  
in three years. The object of the road is to  
secure a route to San Francisco independ-  
ent of the Central Pacific. The prospect  
of any advantage to be gained by open-  
ing up the southeastern part of Oregon  
is only a secondary consideration, as the  
value of that section from an agricultural  
standpoint has been greatly overestimated."

The First Load.  
The first large load  
of rock for the government jetty arrived  
from the quarry yesterday morning and  
was towed down the bay by the T. M.  
Richardson. It is expected that the tug  
Gen. Wright will soon arrive and take  
her old place at the dock and perform  
the towing as usual. —Newport News, 20th.

Yeast Tragedy.  
The ladies of the  
Newberg W. C. T. U., with the assistance  
of Miss Graham, have rendered the wait-  
ing room of the depot at that place quite  
attractive by placing pictures, mottoes,  
pot plants and literature there, so that  
persons waiting for trains may pass the  
time pleasantly and profitably.

ONE DOLLAR PER BUSHEL.—Wheat is  
quoted at \$1 per bushel in New York  
and Chicago. With a good price for her  
enormous wheat crop, Oregon will have  
one of the most prosperous seasons in  
her history.

MONEY TO LOAN.—In sums from \$500  
and upward, from one to five years time,  
on real estate security in Yamhill county,  
by Fenton & Fenton, Lafayette and Mc-  
Minville, Oregon.

WOOD WANTED.—Ten or twelve cords  
of oak and fir wood are wanted at this of-  
fice on subscription accounts. Don't de-  
lay on this matter, but bring it right along.  
First come, first served.

WAZ NOT MEET HERE.—In consequence  
of the town being under quarantine the  
Presbytery of Oregon will not meet here,  
as had been arranged.

## Jas. F. Bewley Shot Another Bad Fire.

FATAL ENFORCEMENT OF A QUARANTINE.

Robert McKune Seriously, if not Fatally Injured.

VERDICT OF THE CORONER'S JURY, ETC.

About 8 o'clock Tuesday evening a messenger arrived in Lafayette to notify the sheriff of a shooting affray at Sheri-  
dan. Sheriff Harris and Deputy Bryan immediately left for the scene. Upon their arrival at Sheridan they found the streets thronged with excited people, and the Sheridan cavalry were patrolling the streets to keep the people quiet. Sheriff Harris thought best not to arrest McKune at once, but when Bewley died at 2 a. m. he was placed under arrest.

The shooting occurred in front of T. R. Bewley's livery stable, on Main street, about 5 o'clock p. m.  
Wednesday morning a REGISTER representative was sent to Sheridan, and the following is what he learned: Since the smallpox scare in McMinnville, Sheridan has been enforcing a quarantine against the latter place, as other towns of the county have done. James F. Bewley had gone to his farm above Sheridan, by going around the town over the hills. In the afternoon between 4 and 5 o'clock he drove into Sheridan from his farm west of town. He stopped in front of the livery stable and was conversing with the bystanders when accosted by Robert McKune, a deputy marshal, who said something about the smallpox and ordered Bewley to leave town or he would be arrested. Robert McKune then went away, and in a short time Willard McKune, another deputy marshal, came up to Bewley and asked him if he had come from McMinnville. Bewley replied that he had. Then Willard McKune told Bewley he would be given five minutes in which to leave town. Bewley made no move to comply with the order of the deputy marshal, but asked, "What then?" McKune said, "You are under arrest," and almost immediately stepped back a few feet and fired at Bewley, the shot taking effect in the right cheek. Several other shots were fired, but none took effect except the first. There is a conflict of opinion as to whether Bewley made any move to resist the arrest or not, and as this point will be contested in court, it is not our place to venture an opinion at this time.

After the first two or three shots were fired Willard McKune started up the street following by Roswell Bewley; they met Robert McKune, who picked up a stone and threw it at Roswell Bewley but did not hit him. Young Bewley then struck Robert McKune a terrible blow with a stone or revolver, felling him to the ground. And at noon Tuesday doubts were entertained as to his recovery, as he had not regained complete consciousness up to that time.  
Coroner Fellows had been summoned, and at 2 p. m. Wednesday, empaneled the following jury, who proceeded to investigate the case: H. W. Lamson, Jas. Brown, Jas. McKinley, P. M. Scroggin, Isaac Dougherty, R. S. Connor. The jury being sworn at once proceeded to witness the post mortem examination conducted by Dr. W. Tyler Smith. The ball was found to have entered the right cheek just below the cheek bone and penetrated backward and upward to a depth of about five inches. The brain was removed and the ball found in the cerebellum or lesser brain very much battered; the ball was fired from a 38 calibre revolver. The examination of witnesses was then proceeded with, and at 12 m. yesterday the jury returned the following VERDICT.

We, the undersigned coroner's jury having been duly sworn by E. B. Fellows, coroner of Yamhill county, on the 26th day of September, 1888, assembled at Sheridan, Oregon, and viewed the body of James F. Bewley, on said day and attended to the examination of the attending physician, Dr. W. Tyler Smith, in the search of the cause of the death of said decedent, James F. Bewley, and after hearing all of the testimony of the witnesses called in said cause, and after duly examining said witnesses and being duly advised in the premises, find that the name of the deceased is James F. Bewley that he came to his death by the 26th day of September, A. D. 1888, at Sheridan, Yamhill county, state of Oregon, and that his death was the direct result of a pistol shot fired from the hands of Willard McKune, of said county and state, and that we believe said Willard McKune is guilty of the crime of murder.

Witness our hands hereto set this 27th day of September, 1888, at Sheridan, Oregon.  
H. W. LAMSON,  
R. S. CONNOR,  
P. M. SCROGGIN,  
J. H. BROWN,  
JAMES MCKINLEY,  
ISAAC DOUGHERTY.

The preliminary examination of Willard McKune was commenced at Willamette yesterday afternoon, and as there are a large number of witnesses to examine it may be two or three days before it will be concluded.

WEDNESDAY NIGHT.  
The following report of the fire is all that could be learned before going to press: The fire originated in Dr. G. F. Tucker's brick block, on Third street; supposed to have been set on fire. The Odd Fellows' building immediately adjoining on the east was damaged about \$1000. S. C. Force's paint and carriage shop, Bingham's furniture store, and Logan Bros. & Henderson's large livery stable were burned to the ground. The horses and buggies, etc. were gotten out of the stable; Bingham and Fellows saved most of their stocks of furniture. Fellows' store was in the lower story of the Odd Fellows block. Dr. Tucker was insured, but the livery stable was not. About the others we could not learn.

TILLAMOOK INJUNCTION.—Last spring the county court of Tillamook county awarded a contract for the construction of a court house on a certain piece of ground in the town of Lincoln or Tillamook. Work was not commenced, however, until the newly elected commissioners took charge of affairs July 1st, and they made an order that the court house should be built on another block in addition to Lincoln lately laid out. To this the people of Lincoln objected, and applied for a temporary injunction, which was granted by Judge Stearns of Portland. The case came up before Judge Boise here on Monday and plaintiff moved to withdraw the suit, which was granted. Work is progressing on the building, but the matter is not considered entirely settled by those interested.

PENSIONERS.—This office is indebted to Gen. John C. Black, commissioner of pensions, for a copy of his annual report for 1888. From this valuable document it is learned that for the year ending July 1, 1888, there were 49 pensioners in Yamhill county who received \$1,419, or not quite an average of \$29 each. In the state there were 1,354 pensioners receiving \$39,721.75. This report shows an increase of 12 pensioners in this county, and of 321 in the state. This is not such a bad showing for the pensioners, notwithstanding we have been told repeatedly that the administration of Grover Cleveland is not doing the fair thing by the old soldiers.

THE SMALLPOX.—At this writing the excitement caused by the smallpox scare has greatly subsided. There are no new cases, so far as we are able to learn, either at McMinnville or on Dayton prairie. The time has not arrived, however, at which others would come down with the disease, if exposed by the persons now sick. Andy Ennis, the saloon keeper, died Sunday night, and the other cases are in a fair way to recovery. Mr. Morgaridge, on the prairie, is also getting better. There is not a case here, neither has there been one, all reports to the contrary, notwithstanding.

SOLD.—A. M. Hurley has sold his house with acres of land adjoining town to M. H. Jacobs, of Hailey, Idaho, a brother-in-law of R. P. Ungerman. The property was advertised in the REGISTER for the first time last week. The price was \$900 cash, and a very cheap place it is too. Mr. Hurley also sold his farm, one and one-half miles northeast of this place, to Jas. H. Derby. The price paid was \$1,920.  
LOVELY OREGON.—Thursday evening last Mr. J. C. Scott, who lives about four miles northwest of town, returned from a visit to the east. He has been away about six months, spending the time in Pennsylvania, Maryland, Iowa and other states. But to say that he is dissatisfied with Oregon, lovely Oregon, would be something he reports at variance with the truth. He reports politics very quiet.  
TO ARLINGTON.—The first of the week Jas. McCain, W. B. Carey and C. E. Nelson started for Arlington to attend court. This is the third time these gentlemen have gone to that place to try a damage case, in which Mr. Nelson is the plaintiff, Mr. McCain the attorney and Mr. Carey a witness. The first and second times the case was continued.  
LAFAYETTE REPUBLICAN CLUB.—There will be a meeting of the Lafayette republican club at the court house next Monday evening at 7 o'clock. Short addresses will be made on the political questions of the time by those competent to deal with them. Let there be a good turnout of republicans on the occasion.  
T. C. STEPHENS, Secretary.  
FIRST MEETING.—In another column will be seen the programme for the meeting of the Lafayette Open Temperance society. This is the first meeting of the season, and a cordial invitation is extended to all to attend.

## CARLTON.

September 24, 1888.  
Married.—September 23, 1888, at the residence of Hans Christenson, by Elder McCutcheon, Miss S. L. Christenson to Hans Miller; all of West Chehalis.  
Our opera house is going up right along under Contractor Kelsey. He is working five men, and is just rushing things.  
Lots of folks getting vaccinated.  
Some folks don't like to buy melons, but still they like to eat them at someone's expense.

Three new houses under construction in our town.  
The Reporter is improving under the management of our old time friend Glass. We knew him of old when he was a good democrat—that is the reason the paper is getting better all the time.  
If Harrison is beaten this fall I fear for some parties in our town; they will hardly stand it all winter, especially if the winter is very cold.

Candidate Streeter, of the Union Labor party, has an able advocate in our town.  
People from McMinnville are requested to use a little precaution in coming to Carlton until danger is all over, and some of our own citizens are not overly cautious about going to McMinnville. A little caution, gentlemen, will be appreciated by the inhabitants of our town.  
I didn't say Wes. Roberts, I said Mrs. Roberts.  
Wedding rumors are getting thick around here.  
No use to cry over spilled milk, my boy.

HAWK-EYE.  
The Verdict Unanimous.  
W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at J. M. Kelly's drug store.
