out his interests here, and is looking for

admitted to the bar, took his departure  
last Friday for Spokane Falls, where he  
will hang out his shingle.

John Dixon left on Tuesday for Eastern  
Washington, where he expects to make  
his future home. His mother accom-  
panied him as far as Portland.

A little child of H. Gaterman and wife,  
six or seven months old, fell into the  
fireplace Monday morning and was very  
severely burned. For a time it was  
thought the child was dead, but this  
proved to be a mistake, and hopes are  
now entertained for its recovery.

THE NEW STEAMER.—The fine steamer  
Caracas, formerly of the Red line, has  
become the Yaquina bay. She has un-  
dergone thorough repairs, and as she is  
to round Cape Horn, she has been  
strengthened and braced up every way.  
She has cleared New York for Baltimore,  
whence she will proceed on her long voy-  
age around the cape, which she is ex-  
pected to make in about two months.  
Her master will be Captain Lord, former-  
ly and for many years an employee of the  
Brazil steamship line.

MIGHT APPLY TO THE N. G.—Our gov-  
ernment should insist on the mail car-  
riers—the railroad companies—delivering  
the mail on time, and the inspectors  
should see that it is done. Mail routes  
should be arranged so that the people  
may get full value for two cents, and  
when under such circumstances the ser-  
vice comes near paying it is time to re-  
duce to one cent. The present inefficient  
system is only worth one cent, but it  
might be well worth two.—West Side.

JAIL ESCAPEMENT.—Young Tripp took  
French leave of the county's hospitality  
on Tuesday afternoon about 6 o'clock.  
He got out at the cooper that Jack  
Cooper did. After Cooper's escape two  
iron bars were bolted across the hole,  
and it was considered alright. But some-  
one had the kindness to borrow a moun-  
key-wrench from B. W. Dunn's black-  
smith shop and pass it to Tripp, with  
which he took out the bolts and made  
his escape.

A WAGER.—Yesterday a wager was  
made in this city that Harrison would  
carry Indiana by 5,000, New York by  
5,000, California by 5,000, Connecticut by  
3,000 and New Jersey by 2,000, \$10 being  
placed on each. Another gentleman im-  
mediately offered to wager \$50 to \$40 that  
the Harrison man would lose in every case,  
but it was not taken.—Albany Dem-  
ocrat.

NOTICE TO DEBTORS.—Notice is hereby  
given that the books and accounts of the  
late firm of Littlefield & Calbreath are in  
my hands for collection and settlement,  
and all parties knowing themselves in-  
debted to said firm are requested to call  
at my office and settle immediately, and  
save themselves further trouble, as the  
business of said firm must be settled im-  
mediately.  
W. L. BRADSHAW.

NARROW ESCAPE.—W. L. Austen met  
with a serious accident last Saturday  
while tearing down the scaffolding at the  
new school house in McMinville. He  
fell with a heavy pole, which struck him  
across the neck, and broke his jaw in  
three places. He was taken to the home  
of his brother near town, where he is get-  
ting along as well as can be expected.

ANNUAL MEETING.—The annual meet-  
ing of the First Presbyterian church will  
be held on next Monday evening, Octo-  
ber 22d, at the church, for the election of  
a trustee, and the transaction of such  
other business as may come up. Mem-  
bers are requested to attend and the  
public is also invited.

BORN.—On Monday, October 15, 1888,  
to the wife of C. Westerfield, a daughter;  
weight, seven pounds.

WHEAT.—Sutler & Daniel are offering  
74 cents per bushel clear, for wheat.

## ASSESSMENTS AND TAXES.

—This subject is creating more than ordinary interest  
this year. Nearly every paper in the  
state has had something to say of the in-  
justice of the present system of taxation.  
The property is assessed at about 60 per  
cent of its real value, but any indebted-  
ness that may exist is all deducted,  
which works an injury to those who are  
not in debt, as the following example  
will show: If a man is worth \$10,000  
he is assessed at \$6,000; he owes \$5,000  
and pays taxes on \$1,000. If 60 per cent  
of his indebtedness were also deducted  
he would pay taxes on \$3,000, the same  
as would the man who is worth \$5,000  
and owes nothing. There is a universal  
demand for a reform in this matter, and  
it is hoped the next legislature will enact  
a law correcting these abuses.

LET THEM COME.—A very commendable  
institution has been started here, the  
German Immigration association, with  
a capital stock of \$25,000 in 250  
shares, which will, no doubt, be very  
successful in its operations. It is gen-  
erally admitted that, taking all things into  
consideration, we have no better class of  
immigrants than those from Fatherland,  
and we all earnestly desire that Oregon  
shall be settled by an industrious, sturdy  
and law-abiding people. The natives of  
Southern Germany would find in our  
genial climate and soil greater resem-  
blances to their former homes than in  
most parts of the union. As fruit grow-  
ers, horticulturists and dairymen their  
successful endeavors may be witnessed  
at the Mechanics' fair.—Journal of Com-  
merce.

SHOOTING MATCH.—At the shooting  
match last Saturday there was a fair at-  
tendance. The shooting was for a beef  
animal, and there were 32 chances taken  
at \$1 a chance. Forty yards off-hand or  
sixty yards with the rule, three shots string  
measure, was the rule, under which the  
match was conducted. Ed. Long and  
Mr. Edson each had two chances and  
won the beef, by the following score:  
Long's first chance, 2-1-16 inches; Edson's  
first chance, 2-13-16 inches; Long's  
second chance, 3-3-16 inches; Edson's  
second chance, 4-1-16 inches. The next best  
shooting was done by T. H. Bryan and  
was 4-1-16 inches. This is not considered  
extra good shooting by those who are  
posted. There will be another match to-  
morrow (Saturday) at Carlton.

MAN FOUND.—Report reached this office  
on Wednesday that a man had been  
found in the river at McMinville. His  
appearance indicated that he had been in  
the water a long time. He wore good  
clothes and had a small amount of  
money, but no papers, which would give  
a clue to his identity. It is supposed  
he was a drummer. LATER.—He was  
identified as a man by the name of Cole,  
who had been stopping at the McMin-  
ville hotel, and was in the water about  
two weeks. A flask partly full of whisky  
was found on his person, and the general  
supposition is that he fell into the river  
while under the influence of whisky.

AS M. D.—J. D. Fenton, (one of the  
widely known Fenton family of Yamhill)  
was a passenger up on the last trip of the  
Oregon, and came around for a short wa-  
ve. Jeff has been attending medical  
school at San Francisco, and comes back  
to Portland to make a full-fledged M. D.  
He got out at the cooper that Jack  
Cooper did. After Cooper's escape two  
iron bars were bolted across the hole,  
and it was considered alright. But some-  
one had the kindness to borrow a moun-  
key-wrench from B. W. Dunn's black-  
smith shop and pass it to Tripp, with  
which he took out the bolts and made  
his escape.

SPEAKING IN THE EAST.—A letter from  
Dr. J. W. Watts, who is delivering politi-  
cal speeches in the east, shows that the  
people there want to hear from Oregon.  
He has spoken three times in New York  
city, and has appointments through the  
northwestern part of the state. His last  
speech was attended by 5,000 people and  
many more could not obtain admittance  
to the hall. A choir of 500 singers and  
two brass bands furnished music for the  
occasion. His entire time will be occu-  
pied in New York, New Jersey and Indi-  
ana.—Statesman.

SCHOOL POPULATION.—Prof. McElroy  
says the school population of Oregon is  
from 85,000 to 87,000. This includes all  
between the age of 4 and 20 years. Of  
this number there are 68,000 enrolled in  
the schools with an average attendance  
of about 61,000. There are from 3,500 to  
4,000 more of school age in the state this  
year than last, as a large number of new-  
comers have settled in Oregon. The in-  
crease in the number of those who attend  
is about 3,000 more than it was last  
year. This is a good showing.

NATIONAL MEETING.—The W. C. T. U.  
will hold its fifteenth annual meeting in  
New York commencing to-day. Many  
speakers of national repute will be pre-  
sent and address the meeting. Mrs.  
Mary Burt and General Clinton B. Fisk  
will welcome the convention, and Mrs.  
Mary A. Livermore will respond. The  
W. C. T. U. is a powerful organization,  
and this promises to be its best meeting.  
About 400 ladies will be in attendance as  
delegates.

DAY EVENING BELONGING TO DR. HAM-  
MOND WHO HAD A BEAUTIFUL SPOTTED CALF  
ONLY FOUR DAYS OLD.—Oregon Mail.

## MISS M. LAUCKER, Teacher.

YAMHILL FRUIT.—The exhibit of Ore-  
gon fruits and grains made at the Central  
Michigan and Eaton county fairs by  
Chas. Fleming, of McMinville, Oregon,  
formerly of Grand Lodge, was one of the  
finest displays we ever saw. The fruits  
were unsurpassed, even by California,  
and the grains were all that the most am-  
bitious agriculturist could desire. Any  
country that can produce such an exten-  
sive variety of so superior a size and  
quality is certainly a desirable place to  
locate, other conditions being satisfac-  
tory. Charles' exhibit certainly made  
a favorable impression of his adopted  
state.—Grand Lodge, Mich., Independent.

KILLED A SHARK.—On Wednesday a  
feet was performed at Newport, says the  
News, which was very novel and sur-  
prising. Miss Fannie Seiforth and Miss  
Mary Westfall, who with a number of  
their friends, all from Folk county, are  
spending a few days by the seaside, and  
while standing upon a log which pro-  
jected out in the bay discovered a large  
fish slowly swimming toward them. They  
procured a large rock, and when the fish  
came close alongside hurled the missile  
as him, and strange to say, hit him on  
back, which projected a little above the  
surface of the water. This entirely par-  
alyzed their victim and rendered him an  
easy prey. They dragged him ashore,  
and the funny looking fish proved to be a  
veritable shark three and a half feet in  
length.

HEAVY.—Bent. Embree, of Harney  
valley, brought into our office this week  
20 potatoes, the Peerless, weight 36  
pounds, smooth and uniform in size; 2  
turnips, 17 pounds; 4 beets, 23 1/2 pounds;  
4 carrots, 4 1/2 pounds. Except the last  
named, tops excluded. All are true gar-  
den vegetables (no rutabaga nor mangel  
wurtzel), raised on Sylvania river sage-  
brush land, without irrigation, and in a  
drouthy season.—Burns Herald.

It is estimated that upwards of a hun-  
dred thousand apple trees will be set out  
in the vicinity of Ashland during the  
coming fall and spring seasons. The de-  
mand is all for red apples, and the Spit-  
zenberg and wine-apple have the prefer-  
ence as desirable winter varieties.—Times.

## CARLTON.

Mrs. D. W. Laughlin is ill.  
W. E. Bodle is home from Tillamook.  
A little boy of J. L. Steward is quite  
sick.

Very few from here visited the Me-  
chanics' fair this year.

The weather prophet went to the Me-  
chanics' fair this week.

Mr. Roy Kimberlin, of Lafayette, was  
on our streets the other day.

Never bet on the weight of a hog that  
is full of apple juice. Sabe?

Lots of new goods in Carlton, and they  
are selling by the wagon load.

Ralph, the carpenter, has finished up  
a nice little cottage for Henry.

Butch carries his arm in a sling on ac-  
count of too much vaccination.

B. F. Blood will soon move into the  
house vacated by J. W. Collins.

G. N. Watkins has returned from the  
wave washed shores of Tillamook.

in the mountains a few days this week.

other day, looking as natural as of yore.

D. L. Hudson has fitted up a peddling  
wagon and will start on the road Mon-  
day.

Mrs. J. W. Meanard, of bunchgrass,  
is visiting her mother, Mrs. Merchant,  
near town.

Warehouse street; it has a patent roof  
and is nicely furnished.

J. W. Stolcup has rented Mr. J. L.  
Steward's house and will move to town  
to school his children.

Miss Addie Fouts was baptized on Sun-  
day in the North Yamhill river by Elder  
Dallas, of Dilley. We understand that  
Mr. Dallas will preach for the Christian  
church once a month from now on.

NEWBERG.  
October 11, 1888.  
New houses are going up every day.  
Business is lively and all doing well.

Jos. Everest and G. W. Wyman have  
purchased C. F. Miller's stock of general  
merchandise, reconstructed the building,  
and are constantly adding new goods.

A town meeting was called last even-  
ing for the purpose of discussing the pro-  
priety of constructing a sidewalk to begin  
at the southwest corner of G. W. Wyman's  
new building and running north  
to the depot. It was decided to construct  
said sidewalk, and a committee of three  
—Chas. Richards, G. W. Wyman and J.  
D. Carter—was appointed to raise funds  
and superintend the construction of the  
same. The people of Newberg do not  
propose to be behind other towns in pub-  
lic improvements.

BOOMER.  
"CHEAPEST AND BEST"—Is a combina-  
tion as difficult as it is desirable; but  
Peterson's Magazine has certainly accom-  
plished it. The November number is a  
gem in every respect. In addition to a  
lovely steel-engraving, there are three  
full-page wood illustrations. The stories  
are by popular authors and are up to the  
usual high standard of excellence. In  
the fashion department, beside the  
handsome double fashion-plate, there are  
scores of dainty dress-patterns and de-  
signs for the work-table, etc., many of  
them suggestive of very pretty Christ-  
mas-presents. It is time to think of a  
magazine for next year, and we cannot  
too heartily recommend Peterson. It  
stands high among the first-class literary  
monthlies; and as a fashion periodical  
none can equal it. The terms are only  
\$2 per year, with greatly reduced rates  
when taken in clubs, and with unusually  
fine premiums to those getting up clubs,  
viz: Three copies for \$4.50, with the  
beautifully illustrated book of poems,  
"Buds and Blossoms," or a large engrav-  
ing, "The Morning Greeting," for pre-  
mium. Specimens sent free to those who  
desire to get up clubs. Address Peterson's  
Magazine, 306 Chestnut street, Phila-  
delphia, Pa.

Haslett, the "pilgrim typo," was in  
town yesterday.

BY VIRTUE OF AN EXECUTION OR OR-  
der of sale to me directed, issued out of  
the circuit court of the state of Oregon for  
Tillamook county, upon a judgment rendered  
in said court on the 15th day of July, 1888,  
which said judgment was duly enrolled and  
docketed in the clerk's office in said county  
on said 15th day of July, 1888, in favor of J. J.  
Steffery and against J. D. Edwards for the sum  
of \$902.50 and \$248.75, interest, and \$10.50 costs  
and \$100 special attorney's fees, I did on the 6th

POWDER  
Absolutely Pure.

This powder never varies. A marvel of pur-  
ity, strength and wholesomeness. More com-  
pounded from the purest ingredients, and cannot  
be sold in competition with the multitude of low  
cost, short weight, adulterated, and phosphate  
powders, sold only in cans. Royal Baking Powder
