TELEPHONE WHISPERINGS.

H. & L. special meeting this evening. Don't forget the Lawn Party tomorrow evening. Louis Rogers makes the boss lemonade. Thanks. Fix that railing on the long Cozine creek bridge. Engine and Hose companies meet tomorrow evening. Mrs. W. B. Turner returned to her home at Portland, Saturday last. Several Iowa excursionists passed up yesterday on their way to Yaquina. The wheat market is yet inactive—about 60 cents is offered at this place. While at Yaquina Mr. B. Sanders and two water agates that are beauties. Clark Braley had a 10-acre field of wheat that yielded 48 bushels per acre. That office building of Stooz & Browns, down on B street, is a real cute little office. Mr. and Mrs. A. J. Nelson left yesterday for Sodusville, to spend several weeks. Galloway & Cook shipped two car loads of new oats—the first of the season—last Friday. Our item Friday regarding Mr. Chas. Lush should have stated that he came from Michigan. The planking in the Sax bridge is reaking through; did you know it, Mr. supervisor Jolly? Owing to declining health, Mr. J. E. Hubbard will not purchase the grocery store of Mr. L. Root. Mr. J. L. Castle, North Yamhill's popular butcher, was in town Saturday and dropped in to see us. Mrs. Jas. H. Turner and daughter lara have gone on an extended visit to Portland and The Dalles. Win. Holl's residence is now about two feet higher than it was before, and looks much improved thereby. The board of managers of the county air have concluded that old Milton is off barred from the 3-minute race. George Barnum is building W. R. Brown's residence, at Amity. He is set the man that can do a good job. There was a collision between two and-cars, between this place and Amity, Sunday evening. Nobody hurt. The advance car of Cole's circus has arrived in Portland, and the bill posters have painted the town all sorts of colors. There were mortgages to the amount of \$9,997.42 recorded in Yamhill county for July, and \$2,270.30 released.—Register. Geo. Risner, the Dayton carpenter, who was so badly disabled by a recent fall, was in town Friday. He is getting a nicely. The bar room of the McMinnville hotel has a spanking new floor, which adds materially to the looks and comfort of the room. Some fields of spring wheat in this section have rusted slightly, but it is thought that but little loss will ensue herefrom. Leaders Erie has bought the Browns property on B street between Third and fourth, and will move the Brewery season thereto. Chas. Daniels and Jonas Howell go to heridan this morning to put the doors and windows into the new school house that place. Harvest continues to boom. In every section machines were singing all day last Sunday. This week will come very early winding 'er up. St. James Guild will meet at 8 o'clock Thursday morning at the residence of Mrs. Talmage. Pretty early for the lads to get out. Eh? Henry Stuart, formerly typo on the Express, now pulls the ribbons over 'Topsy Dowling,' of Logan & Henderson's delivery wagon. Jim Flett, the rip-roaring, rustling eighth boss of the Nestuck mills of Jones & Co., came down the latter part of the week, and tarried a day. Assessor Handerson has spent most of the past two weeks in this portion of the county. He has about brought his labors for this year to a close. Business at our warehouses is not very brisk, as yet. Wheat comes straggling in in small lots, not fast enough to allow warehousemen to make a business of cleaning. An enormous pile of sacks are gone out.

THE NEW HOTEL.

It's a go. One of the finest Hotel Buildings in the State. Work to Begin at Once.

We have told you several times that McMinnville was going to have a brick hotel in the near future; but such ventures are often more talk than anything else and you are not certain of their being a sure thing until you see work going ahead. Then you know that business is meant. That is precisely our situation regarding the hotel that Mr. L. H. Cook has been talking of building. Not but that we thought that Mr. Cook meant to build, but because his business was in such shape that for a time he was unsettled as to what course to pursue. But he has gone quietly ahead, had plans and specifications drawn and on Saturday last let the contract to Messrs. A. C. Saylor and James Tyler for the masonry work, the contract price for the same being \$2,200. The building will be built something after the style of the Yamhill County Bank building. It will be 50 feet on Third street and 46 on E, three stories high. Below, the main office, 16x16, will be entered at the corner; adjoining the office are the barber shop, 12x14 feet in size, commodious wash-room and baggage room; the main entrance will be on Third street, where the guest will be led into a hall 10 feet wide; from the hall are doors leading into the office, the dining hall 21x19, the billiard parlor, 26x15 and Cook's bedroom. On the first floor is also the kitchen, 15x15, pantry and several other small rooms. Leaving the hall below you will go up to the second floor and land in the main hall that runs through the building east and west. From this and two side halls the parlor, 16x17, the bridal room, 11x11 1/2 and 14 bedrooms are reached. Ascending to the third story it will be found the same as on the second floor except bedrooms take the place of the parlor. The foundation will be a 2-foot wall of solid stone masonry and the building throughout will be constructed in a most substantial manner. It will have all modern appliances for the comfort of guests. The work will be pushed ahead as rapidly as possible and by the first of January next McMinnville can boast of having one of the finest hotels in the state. Hurrah for the enterprising owner, L. H. Cook.

Mr. J. A. Versteeg has leased the Chris Newby mill, and will be ready to grind in about two weeks. There was a lively runaway down on Hon. J. C. Braly's farm one day last week. Nothing hurt, except three panals of plank fence that was badly splintered. In our advertising columns will be found the advertisement of A. J. Apperson. He means what he says, and our people will take advantage of bargains offered. Frank Colard has opened a shooting gallery, with an excellent gun with an unimpaired sight made by himself and the "boys" now "crack away" to their hearts' content. If you want prunes, remember that Mr. J. H. Walling, of Amity, can furnish them to you at 75 cents per bushel. He has several different varieties and can therefore please you. Mr. and Mrs. W. J. Loughary returned home from Little Nestuck, last Saturday. We are pleased to report that Mr. L. has regained his health, and returns looking splendid. An Episcopal Sunday School will be started up here the second Sunday in September, with D. C. Narver, present superintendent of the Union Sunday school, superintendent.

Go spend a few moments at the Lawn Party at the residence of Mrs. Talmage, tomorrow evening. There'll be plenty of ice cream, music and more fun than you have heard of for a month. Hon. W. J. McConnell has been branding out in the territories, as he is interested in merchandising at both Moscow, Idaho, and Pullman, W. T. A young friend, W. H. Rentro, is at the latter place. Squire Harding feels bigger'n anybody just because he's great-grandfather, a fine daughter having been born recently to a daughter of Mrs. Clubine who is a daughter of Mr. Harding, at Centralia, W. T. Mr. J. R. Walling, the Amity fruit man was down to see us Friday last. He says the item last week in the TELEPHONE was the means of his selling all his plums, but that he will have plenty of prunes about the 1st of September. One of the main features of the coming fair will be the game of ball between the ladies club of North Yamhill and a nine of old men. A purse of \$20 has been offered and we may expect to see some pretty sharp playing and lots of fun. Things are lively up at Bricewell's. Between 40,000 and 50,000 sacks have been let out and more to go; between 5,000 and 6,000 bushels of wheat has been delivered. The yield is much heavier than it has been supposed it would be. Geo. C. Robison returned Sunday. He has been gone three weeks and has spent most of the time at Camp Polk on Squaw creek, just over the Cascades where he went to look after a band of horses, and he found them looking well. He reports B. C. Beaman and family in excellent health. Messrs. Stephens & Campbell are running their steam thrasher early and late. Also the Woods Brothers; they have a new separator of Miller's improved pattern and are thrashing grain for 2 and 3 cents per bushel. Mr. M. B. Hendrick is preparing to receive the new crop. Some have commenced hauling in already. He has sent out some 35,000 sacks already, and will have to rest more. He thinks that he will have to store about \$3,000 or 100,000 bushels this fall. VET. Dayton. August 9, 1886. We have just learned that Mr. L. H. Baker is suffering from a severe attack of erysipelas. Mr. J. L. Kirkwood has gone to eastern Oregon, being advised by his physician that such a change would be beneficial to his health. Mrs. Wright of Seattle, who came some time ago to assist in caring for her mother, Mrs. Moore, in her last illness will probably remain here until fall. In explanation of my mistake concerning Mr. Risner's medical attendant I have only this to excuse. Not wishing to intrude upon the family in their affliction, I trusted to the statement of one who, as I thought knew whereof they spoke; but have learned since from the patient himself, that Dr. H. called only as a neighbor and friend. I regret having made the error but hope my apology will be accepted.—[No harm done.—Ed.] CORNET. Sheridan. August 9, 1886. P. M. Scroggins' new steam thrasher will start up to-day. Five thousand bushels of new wheat in the Sheridan warehouse. Miss Ida Potter goes over to Gopher twice a week to give music lessons. The milling company of this place started up their new cleaner on Saturday last. Harvesting is progressing finely. Quality of grain is excellent and turn out is good. Thursday of last week was the hottest day of the season. Thermometer 105 in the shade. Captain LaFollett is back again, much improved in health after his trip to the Willhoit springs. Charles Sutton carries the mail to Grand Ronde as Douglas the sub-contractor failed to come to time. Born to the wife of Edward Graves, a son, weight 10 1/2 pounds. A ten foot pole will measure the height of Edward, with two sons. Wm. Sleppy will move into his new house in a day or so, and Mr. Mavs and his new bride will occupy the Gardner residence. Born to the wife of Wm. Ridgeway a son. It is hard to get to speak to Master William since the above happened. We feel for you William, having been there too. I. P. Mays and Gnsa Richter were joined in wedlock, August 8th, by Rev. Dillard Holman, at the residence of W. A. Graves. W-lter Potter and Kate Foster as groom and bridesmaid.

Carpenters will commence work on our new school house to-day, which will be 20x80 and 26 feet in height, with the lower story finished for occupancy this season. Much of the material is already on the ground. OLD BLUFF.

The Willamina Coal company have sunk a shaft to the depth of 113 feet and struck several seams of coal varying in thickness from 1 to 3 inches in thickness. Operations have been suspended for the present.

An Unqualified Billk.

Last Saturday one of the all-freest billks that ever shook the dust of Dallas from his heels left our beautiful little city for McMinnville. It is hardly necessary for us to say that this handiwork of God labors under the name of Fred Hodges, and that he had been engaged in barbering in this city for a month previous to his "stepping down and out." When he left here a wasa bill, one month's rent of the barber shop and a board bill at Frank Golins were left unliquidated. This fellow Hodges had charge of Jimmy Lawton's shop during the latter's illness, and while he occupied his leisure hours in writing to a young girl at McMinnville. Hodges has a wife and a two-year-old girl baby at Olympia, W. T., where the wife dispenses liquid refreshments over the bar of a beer hall, in order to keep body and soul together. In some unscrupulous way Hodges has wormed his dusky face into the sympathies of the girl at McMinnville, and they stand now engaged to be married before Christmas. Hodges has informed this young lady, (who is about to make a terrible mistake), that his parents live in California and his father is as rich as Croesus, which, by the way, is a lie. Hodges doesn't want the girl to know that he is already married, and has lately been trying to get a secret divorce in Benton county. Hodges used to be employed in the Bijou theatre, Seattle, as a burnt cork fiend and general "supe." He is the youth who tried to separate a married couple over at Sublimity some time ago and was dished up in royal snarl in the Mercury. He is N. G. and the less respectable folks have to do with the better.—Dallas Itemizer. [We have shown the above to Mr. Hodges, who says that he can prove that each of the charges are false—that he paid his board and other bills at Dallas, and that he did not have the shop at that place rented but was working for Lawton. We have no comments to make at present. If the accused brings us at satisfactory proof of the falsity of the charges, he shall have the benefit of it; if he does not bring the necessary proof he will have to stand guilty as charged in the Itemizer, besides other little shortcomings which we may mention hereafter. If Mr. Hodges wishes to publish a denial, these columns are open to him.]

Annual M. E. Conference. The conference of the M. E. church, which meets in Forest Grove on the 26th inst., will be largely attended. It is thought that over one hundred clergy-men will be present.
