Streets full of empty beer kegs, boxes, etc., yesterday morning. Blackburn & Peckham, the agents of Chas. H. Dodd & Co., are doing the boss machine business of the county, sold some 25 twin binders and two steam threshers.

LOCOMOTIVES FOR THE N. G.—There arrived on Tuesday at Albina overland from the New York locomotive works, Rome, in charge of a special messenger, two very powerful narrow gauge engines which will weigh when in working operation thirty-five tons. These engines are for the Portland extension of the narrow gauge, and can only be used between Dundee Junction and Portland, being too heavy for work on the lighter track of the Oregonian railway. They will be placed tomorrow on a barge at Albina and be transported to Elk Rock, on the track, when track laying will immediately commence from Elk Rock to Dundee. The rails to Rock Creek have been for some weeks on the ground waiting the arrival of the locomotives to lay track. The last of the twenty-nine trestles and truss bridges between Elk Rock and Dundee Junction will be finished on Monday.—Oregonian.

AND STILL THEY COME.—McMinnville is about to have some more good citizens. School Supt. J. A. C. Freund has been contemplating moving here for some time past and opening a law office for the purpose of practicing law, and attending to the duties of school superintendent. He has rented the corner room in the opera house building and on Wednesday his office fixtures were brought down and placed therein. On Monday next his household goods will arrive and he will set up housekeeping in the Tom Turner house in the south-eastern part of town. He and his family will be most heartily welcome.

WRITING SCHOOL CLOSED.—Professor T. W. McConnell closed his very successful term of writing school at this place Wednesday afternoon. The class numbered 39 pupils, who, under his proficient instruction, have made marked improvement. At the close of the school prizes were awarded for best writing and most improvement, Messlames Wm Galway and Mathewson and Mr. J. O. Rogers, acting as judges, who awarded to Miss Nora Cooper the prize for best writer and to Miss Allie Lewis for most improvement. The prizes consisted of a neat family record for each.

OFF FOR MISSOURI.—Yesterday the family of our townsman Mr. L. Shobe, left us for their old home in Missouri. They will go to Butler, Mo., and there remain until joined by Mr. Shobe, who will also leave us in about two weeks. It is with regret that the people of McMinnville, part with this family, as they have proved themselves most worthy citizens in every respect during their residence here of three years. Mr. Shobe having been found in the front rank in every enterprise. We wish them God speed and a successful future.

NEWBERG FAIR.—There have been numerous inquiries of late regarding the date upon which the Newberg Fair would be held. The date fixed for it is Sept. 22, 23d and 24th. To say that they will have a successful time is drawing it mild. The people of that section believe in progression; they started in the fair line two or three years ago, and have improved each season since, and this year will have an exhibition that will lay many other districts in the shade; see if they don't.

DIED.—Miss Terenna Baker, aged 15 years, died at 10 o'clock p. m., Aug. 26, 1886, at the residence of James Elliot in this city, after an illness of ten days. The home of deceased was at Dayton. She had been at work in different families here for some time past and was universally loved and respected. A father, sister and two little brothers mourn her loss. Her remains will probably be buried to-day. Typhoid fever was the fatal disease.

FISHED.—Elsie Wright finished this season's run with his thresher and housed the machine Tuesday evening. In a run of 25 days he has put through 49,016 bushels of grain. Elsie then came home and got things in readiness for sawing wood; but Jesse Hobson made him an offer for his engine, Elsie accepted it and to-day will take the old engine that has done so much service in this section to Newberg, where it will be placed in a warehouse to run a cleaner.

HOMES FROM SODAVILLE.—Mr. and Mrs. A. J. Nelson, accompanied by Mrs. J. W. Cox's returned home from Sodaville, Monday, all feeling greatly benefited by the trip. Mr. Nelson says it is a capital place to go to recruit; the water is splendid, plenty of edibles can be had, the only drawback to a camper being that he has to rustle for what sleep he gets. We think he got home without the assistance of "Uncle" Morgan's ox team; we forgot to ask him.

COMING.—Dr. H. L. Morehouse, corresponding secretary of the Baptist Missionary Society, will be here at an early date. He will stop a day or two with our people and will favor them with an address. The date of his coming is not yet known; but it will be announced as soon as possible. As Mr. Morehouse is a gentleman of considerable prominence he will be heartily welcome.

DONATION PARTY.—The donation party given by O. E. Whitmore at the M. E. parsonage Tuesday afternoon and evening, proved a most pleasant affair. A large number lent their presence and all enjoyed themselves to the fullest. The donation amounted to about \$40, which we think was a very neat sum, when we consider the busy season and the scarcity of money.

VALUABLE WORK.—Mr. C. C. Linden, of Willamina, has the agency for Yamhill County for "Sunset" Cox's new book called "Three Decades of Federal Legislation," embracing the period between 1855 and 1885. This is the only book of the kind ever written from a democratic standpoint. The well known reputation of the author is a guarantee that it is well worth reading.

ON THE LAST RUN.—Fletcher Brothers yesterday morning moved their thresher to James Reid's, near Dayton, where they have 400 acres to thresh, which will finish this season's run for them. When this job is finished, the jolly crew of boys who assist in manipulating this machine will give a dance at Band Hall in this city.

GOOD ENOUGH.—When a Portland paper tells us that "Cole's circus will not play at towns on the west side—Corvallis, Independence, McMinnville and other villages," we will answer for the latter by saying that we thank them for staying away. We have no \$5,000 or \$6,000 to send east through this channel.

GONE HOME.—The Greer brothers and Recorder Spencer spent several days up at the meadows, on the Nestucca, hunting and angling, returned to town Tuesday evening and Wednesday morning the visitors left for their home at Seattle. They were accompanied to Portland by J. O. Spencer, as he returned to Clifton.

RARE OPPORTUNITY.—A whole car load of Yes, a whole car load of stoves will be imported from Bridge, Beach & Co., of St. Louis, by S. A. Manning & Co., for spot cash and shipped at low freight. Will arrive in about two weeks. Every man who wants a stove can make from ten to twenty-five per cent by waiting until they come. 2243

CALLED.—Mr. Jesse Hobson, of Newberg called Wednesday. He reports to us that times have been very lively with them this season, as railroad work has been going on in that section has made money quite plentiful. They are preparing for a good school the coming winter, beginning Sept. 13th.

BIG LOADS.—Here is the way Jones & Co.'s big team brings lumber to town from their mill in the mountains: 4,600 feet at one load, Tuesday last. It was one of those "way up" loads that you don't see nor read about every day. J. D. Nash knows just how to bring it thro' in good shape, too.

NEW LAMP.—Mullner, of the St. Charles has exhibited a very enterprising spirit in adding to the hotel a new lamp to guide the poor benighted pedestrians on our dark winter nights. It is a real pretty lamp, painted red, and is quite an ornament on that corner.

GENERAL AGENT.—John I. Knight, the whoop'em-up rustler for the Wheeler & Wilson sewing machine, has the general agency for the TELEPHONE. We hope our people will treat him kindly. He will go to Little Nestucca next week.

NEW GOODS.—In another column will be found the advertisement of the Opposite on Boot and Shoe Store. Mr. Dielschneider knows just what is required by this public and has just added a new stock to meet the demand. Go see.

GROVE MEETING.—A grove meeting will be held at Dayton, on Sunday next, commencing at 11 o'clock a. m. Rev. G. J. Burchett, of this city, will conduct the meeting.

HOW TO CATCH.—A Portland paper says "The Star base ball club is talking of reorganizing, with Drummond as pitcher and Howe, of North Yamhill, as catcher."

READ IT.—Don't fail to read Rogers & Todd's new advertisement in upper outside columns of this page.

He Didn't Die.

A funny little story comes to our ears concerning a young gentleman whom we will call Eldorado, who lives at this place, is now a married man, but was single at the time he was "duped." The young fellow fell desperately in love with a lady in Washington territory and asked her to wed him, which offer she declined. This maddened him and he proposed to put an end to his life. He went to a drug store, procured a phial of poison and then going to the home of the lady sought an interview, but she refused to receive him. He begged her to come to the window, which she did, when he produced the bottle containing the deadly draught and told her if she did not marry him he would kill himself. "Take it down then, honey," she said; "I prefer single blessedness." He turned his loving eyes upon his idol, bade her a long farewell, turned the phial up to his lips and swallowed the contents and closed his eyes—to open them a moment after in surprise. The druggist from whom he had purchased the poison (?) had suspected something wrong and given him—croton oil. The rest of the chapter is not told, except he concluded, as soon as he was allowed time, that he didn't love that girl half as madly as he thought he did.

Our Neighbors.

Dolph, Tillamook County. August 23, 1886. The atmosphere is pure and fresh after Saturday's lovely shower, which was greatly needed to lay the dust and drive away the smoke.

Plenty of bear meat at F. Werner's. Yesterday morning Conrad Werner took his gun and started for a stroll saying as he left that he would bring back something. Sure enough about the middle of the afternoon he brought in a cub bear. He had killed the old bear, which was a very large one, and had come home for help to bring her in.

Last Saturday a very large panther was seen out on the Grand Ronde reservation by J. A. Hill and one of the Indians of the reservation, as they were riding along the road. It did not appear to be at all shy.

CRAW-FISHED.—You bet our jeweler, Wm. Holt "craw-fished" the other day. We do not mean by this that he backed down on any proposition, but that he tied a piece of meat to one end of a string, a little stick to the other end of the little string, found a little hole along the little Yamhill, took the little stick in his little hand, sat his little setter down on a little stump and caught a great big flour sack over half full of great big craw-fish and they made several great big messes.

MARRIED.—At the residence of the bride's parents, in Polk county, Aug. 26, 1886, by Rev. G. J. Burchett, Mr. W. S. Thompson and Miss Ione Magers. The TELEPHONE congratulates the worthy couple.

Will Waughman says somebody will get shot if there isn't less fooling about his back door, nights.

Notice to Farmers.

Sulter & Daniel, proprietors of the Lafayette Mills and Warehouse, desire to inform the farmers of this vicinity that their improvements are now completed, and are ready to clean and store any amount of wheat that may be bro't to them, at 3 cents per bushel. Their facilities for handling grain, are not excelled anywhere in the county. They are guaranteed as Cheap Freight Rates by rail, as from any other point in this vicinity, besides having the advantage of competition by boat during boating season. They are also prepared to loan sacks this season, as heretofore, to their customers. They desire to call particular attention to their security against risk by fire, as they have no exposure to their main warehouse nearer than 115 feet, while the boiler and engine are nearly 180 feet distant. Past experience ought to convince farmers that this is no small matter, as it gives those who store with them a cheap rate of insurance, and but small risk if they do not insure. SUTLER & DANIEL, July 27—ml.

To the Farmer.

Messrs. F. Barnekoft & Co., have thoroughly renovated and overhauled the Fellows' warehouse at McMinnville, recently purchased by them and are now ready to receive grain. They will clean and store at 3 cents, and will be ready to buy and pay the highest price going, IN CASH. Sacks kept on hand and sold to farmers at the lowest rates. This is a perfectly responsible firm, and those having grain to sell or store, or in need of sacks, should call and see them. If
