Miss Ella Woods arrived at her destination—Baker City—without mishap. Master Harvey Fleshier was taken sick Tuesday, but is some better now. Rev. A. J. Hensaker and family are visiting relatives over in Marion county. If you wish neat job work, come to the Telephone office and examine samples and prices. Wheat still comes up a trifle. "He that is without sin let him cast the first stone." Patent outside croakers please take notice. Mr. Thomas Pettigrew was somewhat better last evening, though he is very ill. His recovery is doubtful. SAFEST IS THE CHEAPEST AND CHEAPEST IS THE SAFEST.—That means call upon the county surveyor when you want LEGAL surveys made. Mr. Ernest Werner, of Dolph, paid us a brief visit, Tuesday. He reported everything blooming over on the Little Neustaca. Mrs. Harvey Henderson has been very low with typhoid fever for several days past. She is mending slowly, at present. It is true, as we guessed, Coker, of Lafayette, is going to quit business, and that is the reason he is offering his goods at cost. 2814. Farmers having wool to sell will do well to consult Blackburn & Peckham before selling as they pay the highest prices in the county. Legal advertising is getting cheap in Yamhill. When a paper drops more than 250 per cent below its former prices, we quietly fold our arms and think: "Gosh! what big money them air fellows' must have made before; or how little they'll make now." Messrs. Fleenor & Hemstock were awarded the contract for building the South Yamhill M. E. church, their bid for doing the work being \$250. The size of the building will be 24x40 feet with an addition 14x24 and a bell tower. They will begin work next Monday. Our friend James Bell was agreeably surprised Wednesday. He came to town and while walking along the street ran onto a brother who had just arrived from Collingswood, Ont. Mr. P. W. Bell, whom he had not seen for fifteen years. It was a joyous meeting. The new comer will not remain long, as he starts on his return Monday next.

Farmers and teamsters use only Mica Axle Grease—15 cents per can at Baxter & Martin's. 2812

W. A. Henderson was out for the first time since his illness, Wednesday morning, looking rather peaked.

Blackburn & Peckham have just received and are unpacking a fine line of summer dress goods, hosiery &c.

Those having fruits of all kinds can find ready sale by applying to F. KLOUCKER. 166ml

The enterprising proprietor of the St. Charles has put on a "little red wagon" for conveying passengers to and from his house.

We hear that Coker, of Lafayette, is offering his goods at cost for cash, which means that he is going out of business in that burg. 2814

Ida, 12-year-old daughter of Mr. and Mrs. Wm. Geldard, near Carlton, died Saturday night. Ida had been an invalid for some years.

A fine assortment of mouldings just received at E. B. Fellows'. Those having pictures they wish framed should improve this opportunity.

A new barn is going up on Mrs. Young's property just south of the Presbyterian church. Also one is up and covered in the northern part of town.

We think we saw some fine plows, harrows and other farmers' trinkets too numerous to mention, at Coker's, Lafayette, that might be bought very cheap for cash. 2814

Far West Baking Powder, guaranteed to be equal to any in the market, only 35 cents for full pound cans; sample free. Baxter & Martin sole agents for McMinnville. 2812

Mr. C. A. Wallace is at the state fair with some of his fine Holstein cattle—the bull "Solon Pines" and a cow and calf. We shall expect a good report from them.

Blackburn & Peckham, the agents of Chas. H. Dodd & Co., are doing the business machine business of the county, and some 25 twin binders and two steam threshers.

All persons having premiums due them on the list as published in Tuesday's TELEPHONE, can get them by calling upon C. W. Talma, secretary of the Yamhill county fair.

Mr. E. Boyer is building an oven preparatory to opening a bakery at the corner of Fourth and D—opposite the Presbyterian church. He hopes to be able to open out in about two weeks.

Messrs. T. A. Turner, Chas. Palmer and J. Hoover have gone to the mountains to hunt and fish. They will go to Union camp on the Tillamook road and from there down to the south Trask.

Mr. George Terry of this city, gets the first premium at the state fair on the tools that he secured the premium on at our county fair. They show fine workmanship, and Mr. Terry is justly entitled to all he has secured.

L. Shoba requested us to state that all parties indebted to Shoba & Manning, can settle their accounts any time within ten days by calling on S. A. Manning. After that date the accounts will be turned over to a collector.

The roof of Barnekoft & Co's warehouse at Carlton, caught fire from a spark from the smoke-stack of an engine at an adjoining warehouse, the other day. The fire was quickly extinguished. Farmers, keep your wheat insured.

J. E. Magers, Esq., was over in Gopher valley Wednesday, and tells us that everybody in that section are happy, having finished their harvest in good shape. Mr. F. D. Duvall was just picking his blackberries, that Mr. Magers says were as fine as any he ever saw. They are kept late by irrigation.

We received a pleasant call on Wednesday from the new M. E. minister, Rev. H. P. Satchwell. He is comparatively a new comer on the coast, having come from Minnesota about a year ago. Has been at several points on the coast and is more favorably impressed with McMinnville and surroundings, than any other point visited by him. May he have no cause to change his mind during his stay with us.

BADLY INSURED.—Wednesday evening about 5 o'clock, Mr. John Conlee, of West Chehalis, met with a very painful accident. He was engaged in hauling straw when his team became frightened and ran away throwing him off the wagon. He received two severe scalp wounds, his left arm was broken at the wrist, his right thigh bone was broken, and a rib on the left side was cracked. Dr. Calbreath was called to minister to the unfortunate man's wants, and informs us that taking into consideration his age—58 years—and the fact that he has been partially paralyzed for several years, he is getting on splendid.

THE W. C. T. U. EATING HOUSE.—Run by the ladies on the grounds during the fair did not prove as remunerative as we supposed it would. Their gross receipts were \$148.45; total expenses, \$105.25; leaving a net balance of \$43.20, of which they gave 50 per cent. for the use of grounds, which left the union only \$21.60. This was rather a meagre sum for so much hard work; but the ladies will have the satisfaction of knowing that they fed many an hungry man and woman and fed them well. Their expenses for help, alone, were \$28 75.

FORCE PUMPS.—The city daddies have wisely concluded that the several city wells in various portions of the city should be so fixed that they will be of some use in case they are needed. The wooden things called force(?) pumps that were put in five or six years ago, have been removed, the wells properly cleaned out and iron Buckeye Deep-well force pumps will be put in. There are five of them, and by making this change they will be worth considerable to the town. "We told you so" three or four times already.

APIARY.—On Tuesday and Wednesday of next week, September 21st and 22d, the Bee Keepers Association of Yamhill county will meet at Grange hall, this city. The bee industry of this county is fast coming into prominence and all interested in the work should be present at this meeting and take part in its deliberation.

RECEIPTS. Gate receipts \$1070 00. Entry fees 277 00. Per cent on pools 36 70. Licenses 40 00. Subscriptions 512 00. From W. C. T. U. 21 60. Total \$1964 80.

Balance \$357 00. This balance of \$357.00 will probably be refunded pro rata to subscribers, which will be a trifle less than 70 per cent. of the amount subscribed.

The Demoralization

Among our neighbors by our advertising still goes on. A. T. Stewart and P. T. Barnum said that printers' ink was what made them, and we believe there is something in it. So, Mr. Printer, please let the people of Yamhill know that our goods were bought to sell; we don't want to keep them and we can't keep them, for our customers are bound to take them away at the low prices asked. Seeking bargains, neat fits, fresh goods, and in fact everything in our line, they still continue to find us, to the consternation of our would be competitors, for the reason that we sell at rock bottom prices every time. BISHOP & KAY.

BARN BURNED.—Mr. J. E. Magers informs us that the large barn of Mr. Alf Wilson was burned to the ground together with all its contents, Monday night. Mr. Wilson was absent from home over night, and about two o'clock Tuesday morning his women folks were awakened by the light from the burning barn to find the roof just ready to fall in. The barn contained between 600 and 700 bushels of oats, 180 bushels of barley, 350 bushels of wheat, and hay for the winter. It is quite certain that the fire was the work of an incendiary, as there was no possible chance of its catching otherwise.

MECHANICS' FAIR.—Through kindness of E. H. Palmer, of Palmer & Rey, Portland, this office acknowledges the receipt of a complimentary ticket to the Mechanics' fair, which opens on October 7th, and closes on the 22d. The Mechanics' fair promises to be unusually successful this year.

Pooling Wheat.

At a meeting of Pomona Grange, held at Sheridan, Oregon, September 11, 1886 among others the following proceedings were had, viz. that the executive committee of each subordinate grange in Yamhill county be requested to ascertain the amount of wheat that can be produced in a single lot for sale in their respective districts and report to the county purchasing agent, Bro. Joseph Watt, with orders to canvass the market and sell as per order, and the secretary be requested to notify the committees of the various granges of the passage of this order. That said agent be requested to visit or correspond with the various railroad and warehouse men along the lines of transportation in the direction of Portland and Yaquina bay, and urge the immediate erection of elevators sufficient for the trade on those lines. That granges of other counties be requested to co-operate with them in the enterprise.

To the Farmer.

Messrs. F. Barnekoft & Co., have thoroughly renovated and overhauled the Fellows' warehouse at McMinnville, recently purchased by them and are now ready to receive grain. They will clean and store at 3 cents, and will be ready to buy and pay the highest price going, in cash. Sacks kept on hand and sold to farmers at the lowest rates. This is a perfectly responsible firm, and those having grain to sell or store, or in need of sacks, should call and see them: if

ELECTION OF OFFICERS.—The "old" state agricultural society met yesterday as usual, in their annual meeting, and elected officers as follows: President, Wm. Galloway; vice presidents, C. P. Burkhardt and Henry Miller. Board of managers—Baker, J. W. Wisdom; Ben-Thos Baker; Clatsop, E. Taylor; Clackamas, Wm. Elliott; Crook, E. W. Barnes; Curry, W. Sutton; Columbia, W. W. West; Douglas, James Richards; Jackson, J. F. Bybee; Lake, J. F. Miller; Linn, J. H. Burkhardt; Lane, Geo. Belslaw; Marion, T. L. Golden; Multnomah, A. F. Miller; Polk, Ed. Delashmut; Umatilla, Jos. Lamar; Washington, Dave Stewart; Wasco, E. B. Dufur; Yamhill, C. A. Wallace; Morrow, Dave Herren. This is not the Oregon state board of agriculture, provided for by the legislature but is the old society.—Statesman.

BROKE HIS NECK.—Addie Braly had a pair of black colts that he prized very highly. One had been driven but the other was unbroken. Wednesday Addie hitched them up, and the unbroken one began jumping and rearing. Addie pulled in on the reins rather suddenly when the colt reared up, fell back and broke his neck. He was a beautiful piece of horse-flesh and his owner felt very badly over his loss; but his father bought him another to take his place.

BEAUTIFYING IT.—Mr. H. C. Burns of Bellevue, came down Tuesday and purchased of E. B. Fellows the carpet to be laid in the new church building at that place. Mr. Fellows generously donated a neat emblem "In God we Trust," to the church to help in beautifying its walls. This church will be dedicated one week from next Sunday—September 26th.

CERTIFICATES GRANTED.—From Sept. 1, to 14, 1886, Superintendent Freund granted certificates to teach to the following persons: Mrs. Ella Propst, Newberg; Miss Maggie Boone, Lafayette; Jas. A. Davis, Sheridan; Jerome Wells, Forest Grove; James J. Johnson, North Yamhill; Miss Katie Casey, Chas. Dukenfield, McMinnville.

THEY ARE HERE.—That car load of stoves for Manning & Co. And we must confess that the firm deserves credit for their enterprise, as they have the finest assortment of cooks and heaters ever seen in the city, and the prices on them are far below anything ever offered here or elsewhere on the west side.

TOO STEEP.—The west end of the approach to the Yamhill bridge at this place is altogether too "steep" and should be lengthened out and given a gradual pitch. And it should be fixed before winter or you'll see one of the worst "chucks" there in the county.

MARRIED.—Mr. J. S. Sparks and Miss Estey Yager. This pleasant event occurred at the residence of Mr. William Campbell, of this city, September 14, G. J. Burchett performing the ceremony. The wedding was private, only a few intimate friends being present.

SHOOTING MATCH.—At W. F. Collard's shooting gallery, a good Winchester rifle, a box of cigars and a trade dollar are offered as prizes for the three best shots. Chances, 50 cents. Go and take a chance of getting a \$16.00 rifle for 50 cents.

MORE NEW WALK.—We are very favorably struck with the new walk mania that appears to be prevalent just now. A new six-foot walk is being laid along the north side of the block upon which the M. E. church stands, on Fourth street.

He also states that I am a liar and slanderer. Now L. S. P. let me say that you are either a lad who has no qualities for standing an innocent joke or a fool. You have done a great deal of unnecessary blowing and used some very rough language, which either shows you are behind the times or are no gentleman. Now then, take my advice, don't go to the editor next week for you cannot get any satisfaction from him; and count the cost before you go to an attorney again. SUNFLOWER.
