### Our Neighbors.

Sheridan.  
October 6, 1886.  
I have been very busy of late and have neglected to send in any items, but will do better in the future.  
Farmers want rain badly.  
Kinney boys are putting a new roof on their shop.  
Clay Branson's family are down with some kind of fever.  
Still people go to the coast. The number increases daily.  
About 105,000 bushels of wheat stored in the warehouses at this place.  
Monroe Morgan and family, of Portland, are stopping at Uncle Billy Chapman's.  
Chas. B. Sutton has taken the mail contract from here to Grand Ronde for nine months.  
J. R. Bene has finished hauling forty acres of grubbs to town. We won't lack for wood this winter.  
Sunday evening Tommy Kay received a pleasant call from a "jolly hack load" of McMinnville young people.  
We are informed that Capt. Lafollet will come home as soon as he is able. He does not improve very rapidly.  
John Green, of Willamina, has been quite sick, but is able to be out again, as we saw his pleasant visage in town yesterday.  
Our new school house is all completed but the seats. It is as fine a building as there is in the county and will accommodate 200 pupils.  
Hoodlums at prayer meeting and other night meetings has become almost unbearable and if not stopped the law will have to be appealed to.  
John Lane's little child had a severe attack of brain fever. Dr. Smith and Michaux were out there all one night. At this date the little one is improving nicely.  
Say, "Master Lee Burns," report says you stick mighty close with "Uncle Tom." Some say it is a young lady and matrimony is the design. Time will tell, boys.  
NICKEL PLATE.  
North Yamhill.  
October 7, 1886.  
Business generally looking up.  
A gentleman from Sauvie's Island is at this place buying up a large number of cattle.  
Mr. Talmage, of the TELEPHONE, was on our streets one day the fore part of the week.  
Our druggist, A. D. Runnels, and wife are expected to arrive home Saturday from their eastern visit.  
Mr. G. W. Sappington has moved his stock of general merchandise into his new building and now has neat and comfortable quarters.  
Born, at North Yamhill, Oregon, on October 7, 1886, to the wife of T. C. Buckingham, a 10-pound son. Mother and child doing well; father standing on his head in the road. Come up, boys, and get your cigars.  
A private school was opened in Laughlin's hall, Monday, with Prof. Williamson teacher. It will continue in the hall until the new school house is completed, which will be in a few days. The school opened with a good attendance.  
SUNFLOWER.  
Woodville.  
October 3, 1886.  
Weather is pleasant. There are quite a number of visitors in here at present.  
There is to be quite an addition to our town in the shape of a drug store and a cannery.  
Mr. P. Hunt is the happy father of a "bouncing baby boy"—nine and a half pounds. It came on the second of October.  
W. Rhodes, A. Rhodes, L. Barnett and A. D. Sanders went out on a hunt last week and killed three small deer. They spent only thirteen days on their hunt.  
There is quite a number of young hoodlums that attend our Sunday School for the purpose of cutting up and whispering. I will send their names some time if they don't quit it.  
Compton, Shipley & Co. are drying quite a lot of salmon, and they do it in fine shape. They have about a ton already on hand. Mr. Charley Johnson caught 135 of the silver sides one night last week.  
AUNT SUSAN.  
October 1, 1886.  
I think that we have a wedding here before long for our girl has got a new ring.  
Woodville is still flourishing. Dancing, moonlight boat riding and yellow jackets seem to be all the rage.  
We are about to lose one of our young ladies for the young man has asked a papa, and he did not say "Nika waka tika mika."  
Capt. C. Johnson, of the Daisy Packing Co., has rigged his fishermen out in uniform—hats a little on the style of the dude.  
We have a new addition to our fishermen—a violinist and a cornet player, so that we have concerts and music at all times and places.  
There is talk of building two canneries this winter or next summer—one at our burg for salmon and the other on the bay for shrimp.  
SOUR DOUGH.  
Mr. L. Root, the old groceryman, has sold his store to J. H. Henderson, who will conduct the business at the old stand. New goods will be added to the stock at once, which will enable you to get anything you wish in the grocery line, at satisfactory prices. It is safe to say that Mr. Henderson will receive his share of the trade of this community. Here's our **ST**, Harvey.  
Our young friend Thos. Rogers left yesterday for Cloverdale, Cal. His health has been poor of late, and he goes to seek an improvement. He goes by Yaquina route. Lee Fendall accompanies him. [LATER—The boys will not go for a day or two. Steamer doesn't leave as soon as they thought.]

### Had an Operation Performed.

Nearly all the hotel men in the city knew a young man of about 19 years, called D. Kelly, and must also remember how cross-eyed he was. Those who know him, among whom is Mr. Lewiston of the International hotel, used to think that he could not possibly see with one of his eyes, as it looked right at his nose. About a week since, however, he had an operation performed, which was quite a painless one, and which has left the eye, which was very much crossed, so straight and well, that the other now shows that it was also a little off. Dr. Turner will in a few days attend to the other, and will have both eyes perfectly straight. Young Kelly is already at work regularly. The doctor has rooms at the International hotel, but will be in this city October 12th.
