The new city council meets this evening. Fresh roasted peanuts at H. H. Welch's. S. Potter, of Sheridan, was in town yesterday. For a square meal go to the St. Charles—only 25 cents. W. C. T. U. meeting to-morrow at the M. E. church. Frank Collard has something to say to the public under "New To-day". Look at C. Grissen's immense stock of holiday goods now open, 4910. There will probably be some glass ball or clay pigeon shooting to-morrow. J. W. Briedwell, Jr. of Amity was in the city this week, and made us a pleasant call. The Postal Telegraph company has been granted the right of way over the O. & C. A meeting of the fire delegates is called to meet at their hall this (Friday) evening at 7.30. The meetings at the M. E. church this week have been well attended. Services to-night and to-morrow night. Horace G. Hawley and wife, nee Miss Emma Smith, passed through the city Wednesday, on their way to Portland. We took a drive over to North Yamhill, Tuesday, and found the country roads in better shape than our city streets. Next Sunday being the first Sunday in the month, Rev. J. S. White will hold services at St. Patrick's church on the Muddy. Great bargains in all kinds of watches, clocks, plated ware, etc., at the McMinnville Jewelry store, Wm. Holl, proprietor. Dr. Wm. McC. Chrisman and wife and J. F. Wisecarver and wife of this city, attended the wedding of Miss Emma Smith at Amity, Wednesday. Clocks can be bought at the McMinnville Jewelry store cheaper than anywhere else. Come and see for yourself! declt Wm. HOLL. The McMinnville Jewelry store is the largest west of Portland, and the cheapest place to buy goods in Oregon. Wm. Holl is the proprietor. declt Wilbur Cook will begin school in the Jones and Wright district next Monday. Mr. Cook has taught this school for two years and given the best of satisfaction. Superintendent Freund will have charge of Prof. Price's pupils during the sickness of the latter. Miss Fannie Baxter will resume her studies at the college. Billiards at the "Orphan's Home" 15 cents per game of 34 points; 20 cents for 50 points, and 25 cents for 50 points when one player discounts the other. H. H. WELCH. The choral union held their first regular practice meeting at the Grange hall last Tuesday evening. They will meet regular, hereafter, on every Tuesday evening. Deputy U. S. Marshal Frush passed through town a day or two ago en route to Portland, having in charge an Indian charged with furnishing liquor to other Indians. There was a collision on the Northern Pacific railroad Wednesday, Mr. O. O. Hodson of this city being on the train at the time. He escaped without injury, however. Wild geese are beginning to be plentiful in this neighborhood. Ducks are scarce, but if the present rainy weather continues for a few days it will bring plenty of them. Posters have been circulated announcing a drill at Portland between the Seattle "Rifles" and Co. G. O. S. M. for the championship of the Northwest, to take place Dec. 11. Miss Sarah Osborne and her cousin Miss Antrim, of Wheatland, have rented rooms with their uncle, A. J. Sawyer, and will keep house here this winter, while Miss Antrim attends school. There will be a meeting of the young men of this city at band hall to-night, for the purpose of taking steps toward forming a dancing class. All those interested are requested to be present. "M's" communication from North Yamhill reached us after "Occasional's" was in type, and as the latter embraced all the news items given by the former, "M's" communication was not used. Read our North Yamhill correspondence. It is chock full of good live news of that section. Now, if some one at Carlton would answer our call for communications, we would be well pleased. North Yamhill and Bellevue have answered. Now Carlton. Everybody knows Sam Likens. We mean, the genial Amity blacksmith. He has just opened a new shop at Amity, and Sam can't be beat at any kind of blacksmith work. His advertisement appears under "New To-day," and it will pay you to read it and give Sam a call.

THE FAIR AND FESTIVAL.—At the opera house Wednesday evening, under the auspices of St. James ladies Guild was a decided success. First there was a short miscellaneous programme, which was well appreciated by all present. Solos by Mrs. Ramsdell and Mrs. James a recitation by Miss Annie Turner, a duet by little Minnie and Flora Hammett, and a tableau "popping the question," completed the programme. After this everybody betook themselves to examining the pretty things for sale and having a social good time. In looking around the hall we found tables loaded down with fancy work. One table being set apart especially for the children attracted the eyes of the little ones. But the greatest attraction was the corner occupied by the Japanese fancy goods and presided over by "Sam Yick" (D. C. Narver). A good supper was served and everybody had a good time. The articles for sale were not all disposed of, so the hall was kept open all day Thursday. We were unable to learn what the receipts and expenses were, but it is safe to say a handsome sum was realized. The ladies deserve great praise for their untiring efforts to make the fair a success and to secure the enjoyment of all those who were present. DRAWING CLASS.—If you want to be an architect, blacksmith, carpenter, civil engineer, designer, surveyor, navigator, astronomer, ship builder, inventor, machinist, philosopher, or a first class artisan of any kind, or to successfully teach any of the trades or professions, then you should learn mechanical, architectural, typographical and geometrical drawing. J. C. Cooper is organizing a class and drawing instruments and material can be obtained at the bookstores. Such opportunities are not often found outside of the highest schools and colleges. West Point requires a thorough knowledge of such drawing. It is much easier learned than many think. PERSONAL.—Wednesday evening Arthur C. Gowdy was the recipient of a beautiful gold-headed cane at the hands of the merchant, Mr. C. H. Cooper, his employer and fellow employees, Mr. Cooper making the presentation remarks. "We have known Mr. Gowdy for years; known him to be a worthy young gentleman, and it is no wonder to us that during his stay of two-and-a-half years with Mr. Cooper that he won the high esteem of his associates. Arthur 'got his start in Yamhill.'" He goes to Spokane Falls to engage in business.—Astoria Transcript. NEARLY FINISHED.—There remains to be completed only a mile and three-quarters of the gap between Newberg and Dundee on the Portlan and Willamette valley railroad. This will be closed next week and regular trains will commence running between Elk Rock and Dundee. Many people do not know the location of Elk Rock. It is on the west bank of the Willamette five miles south of Portland, and is the present northern terminus of the Narrow Gauge. At this point boats from Portland connect with the railroad. ARTICLES FILED.—T. M. Hines, I. L. Smith and J. C. Woods have filed articles in the office of the secretary of state incorporating the Forest Grove and Tillamook wagon road company. The object of the corporation is to construct a continuous wagon route from Forest Grove, in Washington, county, to Tillamook bay, in Tillamook county. Principal office at Forest Grove. Capital stock \$10,000 in shares of the value of \$50, each. FOR SALE CHEAP.—Forty acres of land, situated five and one-half miles northwest of McMinnville, adjoining the Dave McCall place on the left. This piece of land is offered for sale cheap on easy terms. It is well fenced, contains a living spring of water, ten acres of it has been under cultivation, and eight acres has been slashed. Price \$10 per acre. For further particulars call at the TELEPHONE office. FIX IT.—We spoke some time ago about the need of repairs on the Yamhill river bridge at Carlton, but it has not been repaired. One eight-inch plank, half the width of the bridge, is gone, and several other holes nearly as bad makes the bridge positively dangerous to travel over even in the day time. Whose business is it to see to this, and why doesn't he attend to his business? FOR SALE.—A piece of valuable property situated just outside the city limits, for sale at a bargain. Large house, well built; several acres of ground for gardening, small fruit of various kinds nicely started, numerous outhouses, barn, etc. Everything in good order. Satisfactory reasons for wanting to sell. For further particulars enquire at this office. SEVERELY BITTEN.—Wednesday afternoon the little child of Dr. Goucher, who was visiting his grandparents in Amity, was quite severely bitten by a vicious dog. The dog has been teased until it snaps at everyone who comes near it, and when the little one attempted to cross it it sprang and caught her by the cheek, inflicting a severe wound. NEW HALL.—The Grangers of Chehalis district have erected a new building at that place. It is two stories, and the upper one will be occupied as a place of meeting for the Grangers, and the lower floor used as a church. Services were held in the new building Thanksgiving day for the first time by Rev. J. Hoberg. OFFICERS ELECTED.—At a regular meeting of Amity Lodge No. 67, I. O. O. F. held last Saturday evening, the following officers were elected for the ensuing term: T. E. White, N. G.; J. W. Briedwell, V. G.; F. E. Ferguson, R. S.; R. L. Simpson, Treas.; J. A. Likens, Per. Sec. BORN.—To the wife of Al Hutton of Amity, Nov. 26, 1886, a girl; weight 12 1-2 pounds.

STILL MISSING.—A few days ago an item appeared in this paper in regard to the sudden and somewhat mysterious disappearance of F. M. Davis, of Monmouth, Polk county. Since then nothing has been heard from him, and his friends are anxious about him. Davis has been carrying on a grocery, drug and general assortment store in Monmouth. On Friday an attachment for \$1,200 was issued against him, and several more were placed on the stock. The total liabilities are not known, nor the assets. Further developments are awaited with interest.

GETTING READY.—HON. FRANK C. BAKER has gotten his large Hoe press in position and all ready for work, and his two small job presses are about ready for use. He will have his engine and boiler completed and in position in a day or two. The most of his type is laid also. Mr. Baker expects to have everything in running order by the 10th inst, and extends an invitation to all who are visiting Salem to call at his office and see the "way it's done."

TELL US THE NEWS.—We are often asked why we don't mention that "so and so" was sick, or that "such and such" a party was visiting my folks; why don't you mention something about my family. The truth is we never heard of any one visiting you, and as long as we are kept in such ignorance how can you expect us to publish such facts. Send or tell us the news and we will gladly publish it.

INSANE WOMAN.—Fred. Hurst and Frank McLench, of Lincoln, Polk county, says the Statesman, brought Mrs. Belle McKillop, who has been living about two miles below Lincoln, to this city for examination as to her sanity. She has been unwell for some time, and for the past eight days her condition has been such that it was considered unsafe to leave her at liberty. She will probably go to the asylum to-day.

PLEASANT SURPRISE.—Last evening a number of young ladies loaded down with good things walked in upon Custer Post band; during their practice, taking the boys by surprise. The ladies had "lases" with them and candy was soon made, and a regular old-fashioned candy pulling was indulged in, then a good supper. Such surprises can not occur too often to please the band boys.

WHEAT.—There is considerable life in the wheat market just now. This week several parties have been in Portland with a view of making sales, and a large quantity of wheat has changed hands during the week. There is scarcely any variation in price from quotations of last week.

REMOVED.—In order to give a better light on his display of Christmas goods Charles Grissen has had removed the awning from in front of his storeroom in Garrison's block. This adds materially to the looks of the building, as well as giving Mr. Grissen a better light in his store.

GOOD HAUL.—The Phillips and Briedwell boys, over near Amity, captured eleven coons one night last week. Seven of them took refuge in one tree. It was not a very good night for coons, either.

MEETING CALLS.—Following are the meeting calls for McMinnville Fire department. Read and remember them: department call, 2-1; hook and ladder, 3-1; engine and hose, 4-1.

OUR ASSISTANTS.

Amity. December 1, 1886. Mrs. Dr. Goucher is very low, with little hopes of recovery. Elder D. M. Doty is quite ill, being confined to his bed most of the time. The ladies of the M. E. church gave a supper on Thanksgiving which netted them about \$40. The protracted meeting which has been going on for the past two weeks closed last night with several new additions.

Mrs. Messenger, daughter of J. L. Ladd, lately from Waterloo, Iowa, is spending the winter with her parents. Mr. Messenger is still in Iowa. Married, at the Christian church, by Rev. T. H. Henderson, Mr. H. G. Hawley, of Polk county, and Miss Emma Smith, of this city. SOLD OUT.

North Yamhill. December 1, 1886. Thanksgiving day was observed here as usual. Timothy Goodrich is now entertaining friends from W. T. Sheriff Harris made our town a visit this week. No arrests made that I know of. H. M. Daniel has his new house on his farm completed and will move into it soon. The Odd Fellows hall is being finished off inside, and will be ready for use in a few days. Hon. W. J. McConnell is having his household goods packed preparatory to moving to Moscow, I. T. Mrs. J. A. Brisbane and J. A. Ball have both been quite sick for some days but are now convalescing. Lee Laughlin & Co. are closing out their stock of merchandise at auction. They have but little to dispose of left. Henry Ball, of Montana territory, is visiting his father Wm. Ball, of this place, after an absence of nine years. Mrs. Rowena Morgan, of Kalama, W. T., has been visiting friends in town the past week. She returned home to-day. Our public school is progressing finely under the management of Professor Johnson with Mrs. Robinson as assistant. The Tillamook stage still makes its regular tri-weekly trips to and from Tillamook, carrying the mail and passengers. Dr. J. L. Hayes has purchased the residence of W. F. Morgan and built a new barn on the lot and laid new sidewalk in front. There has not been the usual amount of fall wheat sown in this neighborhood. The farmers are calling for more rain, the ground being too dry for plowing. Professor Williamson has a private school of twenty-five students. He teaches the higher branches, and his school is gaining in popularity every day. Dr. J. D. Morris, of the Morris house, has taken the Exchange hotel, refitted it, and it is now open to the public. The old Morris house is occupied by Rev. Mr. Boyd, Presbyterian minister, as a dwelling. Our town being situated in the most beautiful spot in Yamhill county, it is but reasonable that it should be heard from occasionally. It is the most thriving place in the state for its population, as is proven by the immense jam of wagons and carriages seen on our streets daily. At the last regular meeting of Fraternity lodge, No. 56, I. O. O. F., held on the evening of November 30, the following officers were elected for the ensuing term: P. H. Mesner, N. G.; H. F. Bedwell, V. G.; A. W. Bennett, Sec.; G. W. Sappington, P. S.; A. D. Runnels, Treas. OCCASIONALLY.

Mrs. Snyder has many friends here, who hope for her speedy recovery. VERY LOW.—Mr. A. P. Woolsey is lying very low at his home four miles southwest of town. The old gentleman has been gradually failing in health for a number of years, and death, the end of all his sufferings is looked for at any moment. NEW CROSSING.—The railroad employees are tearing up the old rotten crossing near the Central and laying a new one in its stead. The old planks were broken and full of holes, and a new one was badly needed. George Cornet is the efficient and gentlemanly artist in Welch's Tonsorial Parlors, after August 6. tf
