

WEST SIDE TELEPHONE.

McMINNVILLE, TUESDAY, DEC. 21, 1886.

TO NEW SUBSCRIBERS.

As a special inducement to new subscribers, we make the following offer: Every person sending us \$2 cash will be given the West Side Telephone for the balance of the present year free.

At Columbus, Ohio, December 16, the supreme court rendered a decision sustaining the constitutionality of the Dow liquor tax law in all its features, including the tax lien provisions.

A. H. Long, of Hillsboro, was convicted of rape last Friday and was sentenced to twelve years in the penitentiary. He was also convicted of an attempt to rape and was sentenced to ten years for that. It is a just sentence.

The prohi convention has met and adjourned. It met on Wednesday afternoon at Salem, and organized for the campaign of 1888. Eight persons were present and nothing was done except in the way of speech-making.

Belva Lockwood says she is willing to risk her political reputation as a prophet that the tickets in 1888 will read: Republican, James G. Blaine and John Sherman. Democrats, Grover Cleveland and Samuel J. Randall.

The Statesman's advocacy of the reduction and regulation of freight and passenger fares is meeting with popular approval, especially in eastern Oregon, where the freight rates are neither reasonable nor uniform.

Of the man McCafferty, recently appointed collector of Alaska, and who has been credited with being the famous "No. 1," of the Fenian brotherhood, for whose capture the English government offered a large reward, the Portland World says: The report that McCafferty is "No. 1" has been exploded long since.

There is a report that a London newspaper will raise funds for Walt Whitman the old poet, who is very poor. This caused that gentleman to say: "I have received many tokens from my English admirers and a number of substantial gifts, and I would gratefully accept more, but I am not so poor as some people think. The thing that annoys me most is the talk in the papers, which are continually printing exaggerated reports of my alleged financial straits. All these stories are untrue.

Mr. Steele Mackaye, the playwright, holds rather remarkable opinions concerning the training of children. Like many other parents, he disagrees with Solomon as to the wisdom of using the rod on the child, but he keeps a rod in the house for another purpose.

Among the amounts included in the civil sundry appropriation bill, says a Washington dispatch of the 11th inst., are the following: For light station on the Columbia and Willamette rivers, Oregon, \$19,000; for continuing the survey of the coast of Oregon, including offshore hydrography, and to continue the survey of the Columbia river from the mouth of the Willamette toward the Cascades, \$8,500; continuing the survey of the coast of Washington territory, \$9,000; continuing explorations in the waters of Alaska and making a hydrographic survey of the same, and for the establishment of astronomical and magnetic stations between Sitka and the southern end of the territory, \$5,000; continuing observations on Pacific coast at Kodiak, in Alaska, \$2,250.

Over in Australia they dish things out to the toughs in about the right kind of style. Dispatches from there state that in the trial of the nine youths sentenced November 29 for criminally assaulting a 16-year-old servant girl, the executive decided to commute the sentences of three of them to imprisonment for life. The six others will be hanged.

TELEGRAPHIC.

BOSTON, Dec. 19.—The managers of the leading clearing-houses in the United States reports the total gross exchanges for the week ending December 18, 1886, to be \$1,357,648,770, this being an increase over the corresponding week of last year of 21 per cent.

HILLSBORO, Dec. 18.—Isaac Hiatt, charged with the murder of J. O. Pierce, was found guilty of murder in the second degree by the jury this morning, after being out all night. A motion was made by his counsel for a new trial, and the hearing of the motion is postponed until some time in January.

INDIANAPOLIS, Dec. 18.—State Auditor Rice made his annual report to the Governor to-day. The document is very lengthy, and makes a bad showing for the financial outlook for 1888. According to the auditor the 12-cent levy will fall short \$400,000 of the expenses for the present year.

SAN FRANCISCO, Dec. 18.—At 2:30 o'clock this morning the whaling bark Atlantic was driven ashore a mile and a half below the Cliff house, and went to pieces in a few minutes, not a spar remaining standing. The wreck is strewn along the beach for three or four miles. About twenty-five men are believed to be lost. The captain and mate, with eight or ten men, were saved.

WASHINGTON, Dec. 18.—Chief Signal Officer Hazen is a very sick man. It is expected, if his condition is not improved, he will go before the board of review next spring and ask to be relieved. This will bring about a scramble for the position, which carries the rank of brigadier general. It is said, however, the president will probably promote Captain Greeley, the Arctic explorer, to the vacancy.

SAN FRANCISCO, Dec. 18.—Fire was discovered aboard the steam whaler Mary and Helen, lying in Mission bay at an early hour this morning. The flames soon enveloped the vessel. While fighting the fire, Capt. Miller, of the tug Water Witch, was killed by an explosion of powder. The vessel was finally towed to the mud flats, where she lies almost dismantled.

CINCINNATI, Dec. 18.—An exciting street car accident, with a marvelous escape for a dozen passengers, occurred last night on the Walnut Hill cable line. A car ascending Gilbert avenue hill stopped near the summit to let off a passenger. When it attempted to start both the brake and the grip refused to work, and the car ran backward with frightful velocity a quarter of a mile to a curve, where it left the track and plunged down an embankment.

CLEVELAND, O., Dec. 18.—There is considerable excitement at Findlay, O., over the arrest of three men implicated in a plot to burn the city. Night before last there were seven fires before midnight. They were in different parts of the town, and clearly of incendiary origin. Jacob Twining, who acted suspiciously near one fire, was arrested at once. He made a confession, implicating Wm. H. Smith and George Ramsey, who have been arrested. Twining says that he and the two other men laid the plot to burn and plunder the city, and that each was stationed in different locations to carry out his part of the work.

NEW YORK, Dec. 19.—Brooklyn is shortly to be furnished with automatic postoffice supply boxes from which the citizens may obtain, at any hour of the day or night, a postage stamp of the denomination of one and two cents, a postal card, a letter envelope, or even a pencil to write with. These conveniences will be fifteen inches high by seventeen inches deep, and will have the appearance of narrow writing desks. Over each compartment of the boxes will be a slot, into which the price of the article desired must be dropped. The coin sets in motion a simple piece of mechanism which places the said article in a drawer beneath. This drawer is at the same time automatically unlocked and pushed out, offering the purchaser exactly what he wants. A moment later the drawer closes and locks itself, to await the next customer. Should the supply boxes prove a success they will be introduced in all large cities of the United States.
