COMMITTED TO THE ASYLUM.—Tuesday morning, says the Statesman, W. H. Gaston, of Portland, brought up and committed to the asylum J. C. McManus. Mr. McManus is well known on the west side of the river, as he was for a long time a resident of Yamhill county. He was superintendent of construction of that portion of the narrow gauge railroad lying West of the Willamette. For the past three years his mind has been deranged and during that time he has been taken care of by Mr. Gaston, at his residence in Portland. Finally he became so bad that it was thought best to turn him over to the asylum authorities, as there he would receive better care than could be given elsewhere.

CHECKS MISSING.—Hon. W. J. McConnell, formerly of this county, but now of Moscow, I. T., while in Chicago last February, deposited \$12,000 in mortgages with a responsible person, with instructions to surrender them whenever the money was paid. Recently the mortgages were satisfied, and two checks for \$6,000 each were issued by a Chicago bank and forwarded to the firm at Moscow. Wednesday Mr. McConnell, who was in Portland, received a dispatch from Moscow, saying a letter had been received sans checks. The letter had been opened while in transit, and the drafts taken out. There is no clue to the thief.

RETURNED.—Thomas Rogers, Bert Heath, and "Uncle" Jason Peters, came over from Wheatland Wednesday to spend Christmas at home. They met with but little success hunting and trapping, as game of all kinds is scarce in that vicinity. The boys say hogs are plenty there, however, and one day while all were absent from camp, the hogs took possession, and eat up nearly all their clothes, about sixty loaded shotgun shells, and even pulled up the pegs of the tent. They left their boat at Wheatland, and will start Monday for the head-waters of the Willamette to be gone some time.

DIME ENTERTAINMENT.—The entertainment Wednesday evening, at the Baptist church, was in every way, a success. The recitations and songs, by the little folks, were heartily enjoyed by every one present. The recitations and reading by the "big" folks were a credit to themselves and the managers of the entertainment. The vocal and instrumental music, showed that the church has rare talent among its members. The recitation, by little Helen Calbreath, and the Farmer's song by Myrtle and Robert Henderson, deserve special mention.

OUR COUNTY LINES.—Representative Little of this county is at work on a bill to present to the next legislature, to settle the long disputed county lines between this county and Polk and Tillamook. It is thought that a bill for the county line between Yamhill and Polk beginning at the Willamette river at the point mentioned in the old boundary and running thence west parallel to the first section line south of that point to the Tillamook line, will sufficiently define that boundary so that little or no surveying will be necessary.

MARRIED.—At the home of the bride, in Amity, Oregon, December 21, 1886, Dr. G. H. Smith and Miss Lilla Getchell, Rev. E. Russ, of McMinville, officiating. The many good friends present joy with us in wishing them a long and happy life. Following is a list of presents received by the worthy young couple: set of vases, large fruit dish, silver pickle castor, two china mush sets, large stand lamp, pair slippers, fine cuff box, cook stove, pair linen towels, perfume satchel, and a pear from Rev. Russ.

THIRD ANNUAL SOCIAL.—The third annual social given by Prof. Crawford and wife to the senior academic class of the college on last Friday evening was a very pleasant affair and was greatly enjoyed by all present. The amusement afforded by the electric battery, was laughable, though shocking. No part of the occasion, however, was more enjoyable than the supper which Mrs. C. knows how to prepare. "Tis good to be a senior 'cad," so we are told by one who was there.

COUNTY SEAT QUESTION.—Petitions are being circulated praying for an enabling act to allow the people of this county to vote on the relocation of the county seat. We would like to see this question settled one way or the other and the enabling act would seem to be the only way of putting it at rest. Therefore let us have the petition generally signed.
REMOVED.—Dave Caldwell, Wells Frago & Co's live agent at this point, was engaged yesterday in moving the express office, from where it has been in the postoffice building—to a building just across the street occupied as a feed store by J. J. Collard. Hereafter Dave will always be found at his new post during business hours.
HERE'S A CHANCE.—We have for sale a small place adjoining town containing a little more than an acre of ground; a good two-story house and barn; well set with small fruit trees; good well, etc. We will sell this place at a bargain. For further particulars enquire at this office.
FINE WORK.—There is an exhibition at Miss Russ' millinery parlors on Third street, some very handsome pieces of needle work, and painting. The work shows skill and adaptability, and is the result of much care and pains. It should be seen to be appreciated.
BORN.—At North Yamhill, Oregon, December 21, 1886, to the wife of Hon. R. E. Laughlin, representative from Yamhill county, an eleven pound daughter. Mother and child doing well. The TELEPHONE extends congratulations.
CHRISTMAS SERVICE.—There will be an appropriate service Christmas day, at St. James church, the Rev. John C. Fair officiating. Service will commence at 10 a. m. All are cordially invited to attend. 47tf

Dedicatory Services.
The McCabe M. E. church, located near Mr. Hemstock's residence, in South Yamhill will be dedicated January 2, 1887. Dr. Harrington, P. E. of Portland district, and Dr. Van Scoy, president of Willamette university will conduct the services.
The quarterly meeting of McMinville charge will be held in connection with the dedicatory services. The first service will be on Saturday at one p. m., January 1; sermon by Dr. Harrington, after which the quarterly conference will be held.
The Sunday services will consist of preaching at 11 a. m. by Dr. Harrington after which the church will be consecrated. Dr. Van Scoy will preach in the evening. There may be some other services connected with the occasion if the weather is favorable.
This church edifice is as follows: The main part 40x20 feet, the el, 24x14, tower, 8x8, square, and 48 feet high, the audience room is 18 feet from floor to ceiling, clothed and nicely papered and seated with pews; 18 feet of folding doors unite the two rooms. There is one acre and a third of ground connected with the church which gives ample room for future improvements. The church is one of the most attractive inside and out, in the valley. All who have contributed to this beautiful house may well take delight in it. Mr. Hemstock and his excellent wife have labored incessantly to get the church completed for dedication. They, and all who have had a hand in the good work will have their reward. All are cordially invited.

A merry Christmas to the TELEPHONE and its many readers.
Mr Talmage of the TELEPHONE was in town Wednesday.
We suppose Mr. Summerville found things as he expected, on his eastern trip, as he did not get any farther than Portland.
Mr. P. M. Scrogins and his daughter, Eiss Ella, started last Thursday to Illinois to spend the holidays. They will return in about six weeks.
The Christmas ship at Armory hall, Friday night, will be under the management of the cavalry company. The boys are doing everything for its success. A ball will be given immediately after the distribution of presents.
What benefit is a railroad, unless it has some accommodations? The coaches are left standing down in the field and are not run up to the depot until just before leaving. Thus passengers for this place, or those who want dinner, are compelled to get off on the ground and wade through mud and water to the sidewalk.

The steamer Rosie Olsen, due here November 29, was delayed on account of the rough bar at Tillamook bay.
William McPeak and Johnnie Hampton, who have been stopping on big Nestucca for the past few weeks, left for Shoalwater Bay, W. T. last Tuesday.
Some one visited the pile of wreckage from the ship Carmarthen Castle and sawed out all of the brass door locks and hinges. The person that done it was in very low business, for they were not only stealing the locks and hinges, but ruined the doors also.
