LECTURE.—Professor Wm. Crowhurst, the well known educator and popular lecturer of California, will deliver an address on the great issues connected with the temperance question, under the auspices of the grand lodge of Oregon, I. O. G. T., in this city on January 24, 25, and 26, at 7 o'clock p. m., in Grange hall. Admission free. The high standing of Prof. Crowhurst in his own state is evinced by such facts as these: He served nearly nine years as a member of the board of education of Solano county, one of the most "go-ahead" counties in California; served fifteen years in the public schools of his state, and is the holder of a California life diploma, and for five years traveled as grand lecturer for the I. O. G. T. in that state. To LAFAYETTE.—Dr. J. C. MICHAUX, formerly of this city, but now of Sheridan, will succeed Dr. Littlefield in the practice of medicine at Lafayette. He has purchased the residence of Dr. Calbreath in that city and will move at once to his new home. Dr. Michaux is a graduate of Nashville and Vanderbilt university, of Tennessee, and is a thoroughly qualified physician as well as a good citizen. Dr. Littlefield goes to Idaho. Dr. Michaux goes to Lafayette at the earnest solicitation of Dr. Littlefield and other citizens of that place. We wish him a successful career in the practice of his profession. BIG BONES.—Messrs. Palmers, of Dayton, have recently discovered, or discovered, another "one of Oregon's wonders." It was discovered in the bed of Palmer's creek, and proves to be the petrified bones of the mastodon, or some other gigantic animal that existed thousands of years ago, whose race is now extinct. The bones are unusually large, even for a mastodon, unless, as it evidently seems, it was an exceptionally large one. These bones were discovered but a few days since. Mr. Palmer says he is positive the rest of the skeleton can be found at the same place, and when the high water recedes, he will make a more thorough investigation. ECLIPSES DURING 1887.—During 1887 there will be four eclipses, two of the sun and two of the moon, as follows: February 7th and 8th, partial eclipse of the moon. Visible entire to North America and Pacific Ocean, and more or less to South America, China and Australia. At Portland the moon will enter the penumbra at 11:50 and the shadow at 1:03 p. m., the middle of the eclipse will occur at 2:11 p. m., moon leaves the shadow 3:19 p. m., and the penumbra at 4:32 p. m., February 22nd, annular eclipse of the sun. August 3rd, partial eclipse of the moon. August 19th, total eclipse of the sun. None but the first eclipse will be visible to this coast. MCGIBENY IN TROUBLE.—News comes from California to the effect that a complaint has been filed in a justice's court by Sherman, Clay & Co., against J. B. McGibeny, to recover \$299.99. It is alleged that defendant, who is the father and leader of the musical family of that name, while playing an engagement in that city some ten years ago, purchased from plaintiffs a number of musical instruments to the amount involved in the suit, and immediately left the state. He was not heard from until last week, when the demand was made on him to satisfy the claim, but he persistently refused to do so. To HAVE A BRIDGE.—The citizens of Oregon City have taken the initiatory steps toward having a bridge across the Willamette at that place, on Friday a vote of "bridge, or no bridge" was taken, and the result was 196 for and 12 against. The city will advance \$1,000, the county \$5,000, and a syndicate of land owners across the river the rest of the money necessary to build a suspension bridge about 70 feet above the water and between 400 and 500 feet long. It is extremely probable that the bridge will be built. NEW SECRETARY.—At a meeting of the Baptist Home Mission board for the state of Oregon, held in Salem last week Rev. G. J. Burchett, now pastor of the Baptist church of this city, was elected general secretary of the home mission in the state. Mr. Burchett has telegraphed his acceptance and will enter upon his work very soon. This position has been held by Rev. J. C. Baker, who is soon to be transferred to another field. BEING DISTRIBUTED.—F. E. Hodgkin, secretary of the Oregon firemen's association, has just received from the hands of the printer, says the Statesman the proceedings of the fifth annual meeting of the association and the firemen's tournament, and is at present engaged in distributing them. The pamphlet is gotten up in a neat and readable style, and contains nearly 100 pages. I. O. O. F.—The Amity lodge of the I. O. O. F. held a public installation Saturday last at 11 o'clock. The ceremonies were followed by a bounteous dinner. Despite the rain and snow and general disagreeableness of the weather, quite a large delegation of Odd Fellows and Rebekas went up from this city. Of course they had a good time. OFFICERS ELECTED.—Following is a list of officers for the ensuing year for G. K. Warren Post No 21, G. A. R., of North Yamhill: Wm Frakes, P. C.; L. Johnson, S. V. C.; E. L. Lady, J. V. C.; A. S. Killen, Adj.; J. L. Loughlin, Q. M.; N. S. Allen, Chap.; J. B. Huntly, Surg.; Milton Lee, O. D.; H. P. Webster, O. G.; T. G. Stevenson, S. M.; R. Martin, Q. M. S. SAD NEWS.—Saturday, Mrs. Chas. Graves received a dispatch to the effect that her mother, Mrs. W. T. Newby, of Salem, was lying very dangerously sick. Mrs. Graves left for her bedside on Saturday's up train. CORRECTION.—In our last issue in the account of the Odd Fellows' installation, we erroneously had L. H. Cook installed as warden. It should have read Thos. Fields. We beg pardon.

Scio.

Eds. TELEPHONE: Sold again! Mr. G. W. Hunsaker and Tom Munkers persuaded Mr. Barnes city marshal, and myself to take a ride out in the country to a sale. They said it was only a few miles, and it proved to be about ten, and Oh, what a road. Before we got there we made them let us get out and walk the balance of the way. Sheep sold at \$2 per head and cattle "way up," and hogs at \$1.75 per dozen. The people of Scio are like the ancient Athenians in trying to learn something new, or sell some one out. The latest craze is to get up hunting matches. Scio is divided by Thomas creek running through the center, hence north and south Scio. The side that gets beat pays for the supper for all. I arrived in town on the evening of the round up of one of the matches, and I declare it was dangerous for a man to be on the outskirts of town. It is north against south and south against north. The south came off victorious the day I arrived; hence four bits apiece out of the pockets of the north and into the pockets of the hotel keepers. I have gone to work at the carpenter trade. There is plenty of work, good wages, good board, good time generally; commence at 9:30; rest an hour and a half at noon; quit at 3:30. Tell Wright, Shuck, Brooks and others that it is no use to lay around McMinnville all winter and do nothing. The people of Scio and in the forks of the Santiam look for booming times next summer. Cause—extension of the O. P. railroad. I business slacks soon, I will go to Salem. A. J. January, 14, 1887.

Granite Marble.

On the 2d day of July, 1882, says the Dallas Itemizer, Isaiah East discovered a marble quarry on the east side of the Siletz reservation, covering about 20 acres. Mr. East thought it to be an extra rock, and brought home with him some specimens, giving one of the samples to Hon. John Kelsey, of Corvallis, who sent it to State Mineralogist Condon, of Eugene City. Prof. Condon pronounced it granite marble, with only two quarries in the known world, viz; one in Italy and the other in one of the eastern states. In 1885 a piece of this granite marble was sent to F. Wood, the marble worker of Albany, and that gentleman pronounced it a superior quality of marble polishing beautifully. Wm. Young, of Portland, dressed a small piece, and said it was by far the best marble he had worked on this coast. Samples have been sent to a famous marble cutter of New York city, and as soon as his report is received it will be published. The Smithsonian Institute has been sent samples and we will probably hear from that institution also. We will not excite our readers by telling them what we think this quarry is worth but will await reliable information and then tell all we know about this (we think) reliable discovery. We know Polk county has a fair share of minerals, etc., but whether rich enough to be worked or not it is impossible now to determine.

Temperance Alliance.

The Yamhill County Temperance Alliance will convene at Sheridan January 19, 1887. Art. 6. All temperance and religious organizations shall be entitled to representation in the Alliance. Art. 7. The basis of representation shall be one for every twenty members and one for a fraction over ten of the organization sending delegates. C. P. BISHOP, Cor. Sec.

They will move their stock from here and do business at Forest Grove. Mr. T. C. Davis one of our old and respected citizens has been troubled for some time with a sore in his mouth. He has had it examined by several physicians, some pronouncing it a cancer, while others are in doubt. It seems to be increasing rather than diminishing, and causes him considerable suffering. It is feared that the supposition of a cancer will prove too true. OCCASIONAL. Webfoot. January 15, 1887. Mrs. Sarah Odell, whose death was mentioned in our last communication, was born December 11, 1803. Her maiden name was Holman. In her eighteenth year she was married to John Odell who passed to the "silent realm" about seventeen years ago. In 1851 they left their home in Indiana, and came across the plains, settling in the place known as the Albert Odell farm, she becoming an inmate of her son's family after the death of her husband. She became a christian early in youth and so fully did she regulate her life by the rules of right, that like Elizabeth she walked blameless, and was held as a model of goodness. So perfectly did she keep her temper under control that her children never heard her speak a harsh word. She was the mother of ten children, a number of whom are creditably filling honorable professions, and all are glad to give honor to her whose wise head, true heart and firm hand, moulded and guided their lives. For many years she has listened for the Angel's call, and was all ready when the summons came. On the glad New Years day she entered the new year of eternal life. And I am glad that she has lived thus long, and glad that she has gone to her reward. Nor deem that kindly nature did her wrong softly to disengage the vital cord. When her weak hand grew palsied and her eye dim with the mists of age, it was her time to die. Miss Katie Robertson is suffering with blood poison, caused from a pricked finger. CORNET. An End to Bone Scraping. Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica salve at 25c. per box by Rogers & Todd.
