Farmers are anticipating a large crop of wheat. It is looking re-arr-kable well, and as the season for freezing out has passed, they have a right to expect it never promised better in this section.

It is flattering and pleasing for the editor of a paper who urges upon the community the practice of patronizing home institutions and merchants, to drop into one of his home stores and see great stacks of printed stationery, procured from foreign establishments when the same class of printing is no better and as high priced as the home printer would ever think of asking.

Three gentlemen arrived in this city yesterday, direct from Minnesota. Our subscription list continues to grow, a half dozen new names being added to it since last week's issue. As it is made of black walnut and very handsomely upholstered. It is made for an invalid lady, and is so constructed as to make a very comfortable reclining chair as well as a fine parlor ornament. Mr. Clark is the finest workman in the state.

One of the most disgusting spectacles we have seen upon our streets for a long time, was witnessed Tuesday. Several young girls from 10 to 18 years of age were returning from the college, where they are attending school, with lighted cigarettes in their mouths. Such conduct is certainly very unbecoming to any one who professes to be a lady, to say the least. We hope it was done from mere thoughtlessness, and that they will not repeat such proceedings.

Now is the time when the other half of the household is scooting from room to room wondering "how in nature you think I can pack all these things unless you stay at home and help me?" April 1st is near at hand, and of all days in the year it is the one to make us feel the most miserable as it is "moving day." The thought now, of stoves, stoves, beds, beds, and carpets, causes the cold chills to creep softly and gently up an down the spine, the pointmentill it is a calamity that is fastened upon one-half the American people, and it becomes us to bear the affliction like little heroes.

COSTLY EXPERIMENT.—Anthony Austin, lately from the east, is an inventive genius. He now lives with his cousin near Albany. Tuesday he conceived the idea of supplanting ordinary gun powder with giant powder in fire arms. He first tested his idea by putting a small charge in a repeating rifle. It worked so well that, anxious to learn if giant powder had the proper explosive force, he charged a cartridge and put it in a shotgun. Then he fired, and learned what a fool he had made of himself. When he was able to rise again and rub the pointment of his eyes, he found that his gun had been demolished and that he felt unwell. Gun powder is good enough for him at the present writing.

FATAL ACCIDENT.—News was brought to this city Wednesday, of an accident which occurred on the upper Yamhill river near Willamina, which resulted fatally to a young man named William Simpson. It seems that the young man had been engaged in falling timber Tuesday, on Capt. Lafolette's place and had just felled a large tree, after which he sat down to rest. In falling the tree had loosened some large limbs of another tree near by, directly above where young Simpson was sitting, and one of them fell, striking him on the head causing death in a short time. His remains were buried at Willamina yesterday. He leaves a young wife and one or two small children.

MINSTRELS.—The Jubilee Minstrels will appear at the Garrison opera house Monday night, in their cyclopedia of Ethiopian eccentricities. The entertainment will consist of songs, dances and jokes. The minstrels are composed of some of our best local talent, and they have always given us a good show whenever they have appeared. This is no troupe traveling around to take your money out of the country, but are our own boys, and they should be greeted with a good house. Reserved seats can be procured at the city drug store without extra charge.

MASQUERADE BALL.—A very small number attended the masquerade ball at the opera house, Wednesday evening but those who were present seemed to enjoy themselves very well. Only about a dozen numbers were sold, but quite a number of spectators were present. The prizes were awarded to Holt Nelson for the best gentlemen masker, representing a gypsy. Miss Cora Baker for the best lady masker, representing pop corn girl.
