The Sheridan Cavalry.

The following letter from Captain Tilleson of the Sheridan cavalry company, will, we hope put matters in the right light regarding that organization:

SHERIDAN OR.,
May 25 1887.

ED. TELEPHONE:

Noticing an article in the "TELEPHONE" refering to the cavalry troop of this place, I deem it my duty to make a statement, in order to prevent a wrong impression as to the present and future standing of the troop. While there was talk among some of the members in favor of disbanding the troop, yet they decided by a large majority to continue the organization. There are fifty bona fide members who have been sworn for a period of three years, and little more than a year has expired for which they are liable for duty. There is a number of men in the troop, capable of commanding, if I should leave. I would like to see a company organized in McMinnville, and think it would be a benefit rather than a detriment to the troop here, as it would encourage the boys here to take more interest.

Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years experience, is Electric Bitters." Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. Kings New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. There are six men in here that are lost. They are seal hunters belonging to the schooner Lilly Ladd. They were out hunting in two boats and they lost sight of the schooner and could not sight her any more, so they had to give it up and start due east.
