Days growing shorter. Flags and fireworks at C. Grissen's. Job work neatly executed at this office.

Roy Wiles is painting a back-ground for a photographer in Salem.

Watch for the invitation cards to the grand ball at North Yamhill, that the Telephone office is getting out.

A fine assortment of plants have been left at W. H. Bingham's for sale.

Jack Welch is having the ceiling of his billiard hall decorated with "I don't know-what-you-call-em" designs.

Lumber is on the ground and work commenced on C. D. Johnson's new building, corner B and Fourth streets.

The fire cistern at the intersection of Third and C streets, is going to be renovated.

Gen. Chris Taylor of Dayton, has been commissioned A. D. C. on the staff of Department Commander, of the G. A. R. department of Oregon.

Rev. John C. Fair will officiate in St. James church McMinnville on Sunday June 26, at 11 a. m. and at Sheridan on the same day at 7 p. m.

The county seat is Lafayette—A pity 'tis true; But 'twill not be so long, you bet—I do, don't you?

During the absence of Mr. Baxter the business will be carried on by Mr. Rogers who says that groceries will be sold at the same old standard bedrock prices.

Will Price, since his reduction in the price of B. omite enlargements, is over-run with work. He is now doing the best quality of work on large size pictures for \$3.00.

Miss Jessie Young, while in a state of somnambulism, walked out of a second-story door and fell about fifteen feet bruising her considerably. She was not hurt dangerously.

The building committee of the C. P. church have accepted the designs of Roy Welch for the inside decoration of the new church. It is very fine and shows considerable originality.

The book agent that has been in town for the last four or five weeks is rather a persevering fellow. He believes in the old motto "If at first you don't succeed, try, try again."

The Open temperance society will meet at Grange hall on Monday evening as usual. No programme has been prepared but there will be interesting exercises. Everybody invited.

Negotiations are now pending between the base ball club of this city with the Amity nine to play a match game at Dallas, on the 4th of July, for a silver cup. Say boys! I guess McMinnville wants that bat.

For several days past a gallon bucket of cherries have been surreptitiously smuggled into this office from some mysterious source. Who is the kind donor? We thank them very much and hope the visits of the tin bucket will till continue.

Mr. Baxter and daughters, accompanied by Mrs. Martin and daughter Eva, started for Nantuxen yesterday, where they intend to sojourn for a month. Miss Annie Baxter is in poor health and a change of climate we hope will bring about a change for the better.

The Rev. Lee Fairchild of Lewiston Idaho, left yesterday on the four o'clock train for home. He has been spending several weeks here. He is one of the finest gentlemen that has been on pleasure to meet, we will say, for his part that there is a possibility of his returning.

The Telephone office was favored yesterday with a pleasant call from Mrs. Julia Wells of California, nee Miss Julia E. Cleston and her sister Jess. McCulloch of this city. Mrs. Wells will spend several weeks visiting her parents Mr. and Mrs. Ezra Eccleston of this city.

The audience that greeted Prof. Bauer at the public school house, last Monday evening, was large. The lecture that he delivered on the subject of writing, was cool and delivered in a way that made the people think that the Prof. knew his business. Judging from his specimens it is our opinion that he does.

Hon. W. D. Fenton is expected home to-day. He has been up on the Sonoma on legal business, and while there thought that he would run over to Victoria and see the Cannocks celebrate the Queen's jubilee. He did so and now it is a question to us whether he is satisfied with an American celebration or not. We should think he would be.

The annual meeting of Camp Humphreys, No. 3, I. W. V. will be held at Jarroson's per house, on Friday, June 25. The election of officers will take place during the meeting. The Grand commander of the I. W. V. is expected to be here. A dinner and a general good time is sure to be had in associating with old comrades. Bring your baskets and don't forget to bring your family also.

Asst. Dir. Des returned Wednesday, from Nantuxen bay, and reported a fine time. There was quite a party at the bay; twenty-five persons in all. While there during a storm two young sea lions were washed ashore, which he captured and brought to this city with him. They are beauties, and weigh about 50 lbs apiece. He intends having a tank built and putting them on exhibition at his place of business.

Outsiders frequently wonder where the railroads obtain power return for some of the ingenious but costly methods adopted in advertising their lines. One of the latest to attract our attention is a nicely bound 64-page book entitled, "What to do," containing descriptions and the correct rules for a large number of games suitable for parlor or lawn which has been issued by the Passenger Department of the St. Paul, Minneapolis & Manitoba railway, and will, we understand, be forwarded postpaid upon receipt of 8 cents by C. H. Warren, General Passenger Agent, at St. Paul. It is a book that would ornament almost any table and interest both old and young.

FOR SALE.—200 acres of land three miles from Amity and near Bristolville. Good house, barn and fencing. Fine country. Will sell, or trade for city property or business. Price \$2500 or more. Terms reasonable. C. W. Talmage & Co., McMinnville, Oregon.

Sunday School Convention.

The fifth annual Sunday school convention of Yamhill county convened at Amity, Oregon, June 14, 1887 at 2 p. m. The president T. H. Henderson, was filled with the spirit of the work, while the chorister, Rev. J. Hoberg did ample justice to that part of the service.

The morning session of the second day was mostly given to reports of officers and schools, all of which was full of interest, showing a total of 105 officers 120 teachers and 1180 scholars.

Before closing the convention passed resolutions declaring itself opposed to all violations of the Christian Sabbath whether it be Sunday railroad trains, Sabbath newspapers or secular business.

Another endorsing the noble efforts of the W. C. T. U. in building up a temperate moral and religious influence, also extending a vote of thanks to the president and other officers of the convention for their labors in preparing for and conducting the meeting, and another to the good people of Amity for the hospitable manner in which they entertained all who attended.

June 15, 1887.

Town dull, and news scarce.

Ambrose Arstell is quite sick with the lung fever.

Our blacksmith, Mr. Bevins, seems to be busy.

A. Phelps received a new stock of goods on the fields.

Miss Georgie Bayley returned from Vancouver W. last week.

Dances seem to be all the rage, as we have one every week.

The Krebs boys have just finished the flume for the mill. They will now start on the mill.

The steamer Fields came in Friday morning going out the same evening to tow in the schooner Queen of the Bay, loaded with lumber for the cannery.

Our friend Mr. Moriarty and family left for O'Connor, Nebraska to-day; we wish them a pleasant trip, and hope they will some day return to the sunny shores of the Pacific.

We have lively times since the saloon has been started, but whiskey and dancing don't go well together, as probably some of our boys found out the other evening.

Frank Goff is building a large house on his place just east of town. I think the main building is 12x16, as the other part has not been started I am not able to say how large it will be.

Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

With brains and skill and patient will, (Which shows them great painstaking!) The Wagon that has pleased the world, Was made by STUBBINS.
