

WEST SIDE TELEPHONE.  
The Official Democratic Paper.  
H. L. HEATH. Publisher.  
MINNIEVILLE, FRIDAY JAN. 27, 1888.

NO DEPARTURE.

The Salem Statesman does not endorse Mitchell and Dolph for not voting to confirm Lamar. This departure from straight laced republicanism is so unusual for the Statesman that we hasten to print its remarks.—Silverton Appeal.

There has been no departure at all. The Statesman only gave expression to a sentiment such as General Grant often did while alive. General Grant was a good enough republican for the Statesman, and he didn't depart from republicanism when he won the love of the whole nation by acknowledging the victory of the north, after the south had already accepted her defeat. This is generally speaking. There are notable exceptions. The trouble is that some people of the north are not yet through fighting with their mouth. The soldiers who fought to preserve the union were through about twenty-three years ago, and the Statesman would not detract one whit from the glory of their patriotism and bravery. They did their work well, and it will not have to be done over again. No; the war is over.

The forgoing is clipped from the leading interior republican paper, the Statesman, published at the state capital. The sorry face of our cotemporary—the McMinnville Reporter—has scarcely straightened out yet, over Lamar. In its efforts to enlist republican support and patronage in the county, this little sheet has been howling itself hoarse over Lamar for a month. But its cries will now be over something else. Don't let the boiler burst again, Bro. White!

UNCHANGABLE.

The Oregonian is a great sticker to one fact, as the following clips will show:  
We believe it to be a fact that the present protective tariff is iniquitous. It has been built up, not upon patriotism, however mistaken, but upon a broad and strong foundation of selfishness. It is not the work of the people, but of the lobbying representatives of special interest, and it does not represent the best collective sense of the people.—Oregonian, July 11, 1882.  
"Bossism and the system of robbery, known as 'protection' go together, as the two halves of one and the same thing."—Oregonian, June 29, 1882.

THE COLD WAVE.

The severity of the cold wave which has just passed over this country from the Atlantic to the Pacific, was far greater than has been experienced for several years. The states on the Pacific coast which heretofore have enjoyed comparatively warm weather during the winter have been visited by the wave in a manner which makes all the people shudder. Sections of the country which have never seen frost to any great extent have been the recipients of many practical jokes from Jack Frost, such as water pipes being frozen, etc. The loss of life has been alarming, the total of which will reach 200 persons in the northwest alone; 125 have been reported dead so far.

THE O. R. & N. LEASE.

The O. R. & N. line has been jointly leased by the Northern Pacific and the Union Pacific railroads. The arrangements are very strange, but at the same time a good thing for the holders of the O. R. & N. stock. Under the lease the two roads guarantee an annual dividend of 6 per cent. to the holders of O. R. & N. bonds and the liabilities of the Union and Northern Pacific are equal, and also that each company is jointly and severally liable for the payment of the whole 6 per cent.

NOT A GOOD TURN.

Senator Sherman's speech reminds us of a slip jack which was not turned skillfully. One half fell into the fire and was of no account, the other half fell into the pan, but being broken and in a badly demoralized condition, and not having the support of the other half, was thrown away as not digestible, it being only half cooked.

A BIG SUM.

The Presbyterians are powerful givers. Their faith seems to reach away down to their pocket books.

Last night's meeting at the brick church, reported elsewhere, is a notable illustration of this. It was there agreed to celebrate the centennial of the Presbyterian church in America by raising one million dollars for the benefit of superannuated ministers, their widows and children.

It will be done, too.—New York Herald.

HOT FOR ANNEXATION.

The government in Ottawa is in a sad quandary over the subject of annexation. Hon. Mr. Ellis, the member from St. John, who lately in his paper, the St. John Globe, came out for annexation, will be impeached next month by Parliament.

He has come out with a most surprising answer to the government, which throws the conservative leaders into confusion.

He has resurrected from the vaults of the Parliament library where they have lain forgotten for years, an official memorandum to which is affixed the signatures of such men as Sir David McPherson, Sir John Rose, Sir George Cartier, Sir A. T. Calt, and Hon. J. Abbott, calling upon the people of Canada to throw their British connection and join the United States.

This was done in 1849, and since then these annexationists have held important positions in the cabinet.

Sir Movell Mackenzie, the physician to the German Crown Prince, has just refused a fee of \$30,000 to visit a patient in Michigan.

The democratic national committee will meet in Washington D. C., Feb. 22, to fix the time and place of holding the democratic national convention.

It is reported that Spain is fitting out an expedition, consisting of 25,000 men for Morocco. All the European powers are hunting for more worlds to conquer, some of them will take a fall.

The new cruiser Atlanta, has been ordered to be put in readiness for a cruise to the West Indies as soon as possible. This is surprising to the navy officers as the cruiser is not considered safe.

A non-speaking telephone is exhibited in Pittsburg. A sensitive plate presses against the larynx and glands of the neck, and as the jaws are moved in conversation the motion sends the words along the wire as distinctly as the telephone now in use.

Major-General Walter Turnbull, of California, desires the appointment of United States commissioner to the Melbourne exposition, and has the disposal of the \$50,000 which has been appropriated by congress. Turnbull has written to Senator Stanford asking his support.

According to the Electrical Review, medicine may be introduced into the human system by electricity. The electrodes of a battery are saturated with the medicine and applied locally to the skin. Experiments show that there is an actual absorption of the medicine into the system.

Another item of the economical democratic administration comes to light in the United States printing office. More work was done during the year 1887 than any previous year in the history of this government for several years, the actual cost being \$262,481 less than the previous year.

The democratic party, so far as it has control, will prevent the admission of Utah until polygamy is wholly destroyed beyond possibility of revival. The quarter century of republican "criminal indifference and neglect" will be followed by vigorous and effective measures against polygamy at the hands of the democratic party.—Cleveland Plain Dealer.

Investigations showing the effects of different forms of artificial illumination on the health have shown that the tallow candle is the most unwholesome agent and the electric light the best. The incandescent electric light produces only about 1.30 as much heat as the tallow candle, while it gives out no carbonic acid or water. One gas-jet in a room is said to vitiate the air as much as six persons.

The collection of pictures, prints, and bric-a-brac of the late Henry Ward Beecher brought \$35,000, of which \$5,756 were secured for etchings and prints.

The East Oregonian gives Senator Dolph a flop, which the Reporter of this city does not like and in answer writes a mess which a Digger Indian could not digest.

Speaker Carlisle left for Fortress Monroe and the south Wednesday. He said before leaving that he would not return until he felt able to assume the duties of his office.

The dog tax is payable the first of next month, and there is liable to be few dead dogs around this town if the inhabitants don't look out. The marshal is on the war path.

Get up early and look at Venus, the morning star. It is nearer the earth than it will be again for 340 years. Don't lose the chance, for you may be living in Venus 340 years from now.—S. F. Alta.

John D. Rockefeller, backed by others of the Standard Oil company magnates, is engineering a corner in raw sugar, and the scheme is to take in the production of the world. Where is an anarchist?

John Sherman, in his political harangue on the floor of the senate, attacking the president and the democratic party, in ways so unfair that the commonest mind can see it has added neither to his reputation or his chances for the presidency.

Work is about commencing up on the monument to the policemen killed and wounded at the Haymarket riot in Chicago. The committee has about \$5,500 in hand, most of these sums being made up of subscriptions of less than one dollar each.

The editor of the Cleveland Leader who expects to go to Blaine when he dies, denounced anybody as a fool who would propose to take the tax off tobacco. Next day his patron saint's interview came out and the able editor felt like the man who went to a bath in a dark room and used a cake of shoe-black by mistake for soap.—Roseberg Review.

A republican club has been organized in Portland under the name of the Multnomah Republican club. A great pull and haul will now take place, and it is a sure thing that some one will be nominated for all the prominent offices, who are on the inside of this club or ring. Hoping they will nominate some one easy to defeat, we remain, yours truly.

One of the laws of this city, is that all doctors who have a contagious case on hand should report it to the health officer of this city.

There are several cases of measles in the city, and no efforts are being made to stop the spreading of the disease. All parties who have a contagious disease in their family and don't report to the health officer are liable to a heavy fine, the doctors are liable also. This should be looked into.

Reports from Cuba indicate a very bad condition of affairs. The citizens of the island have repeatedly demanded protection from outlawry and official robbery. Business is very badly depressed. Papers in opposition to the present government are suppressed daily, and strict censorship is kept over all messages sent by cable. It would not be surprising if an uprising should take place on the island and a free government be declared.

To the mind of Mr. Sherman and his associates the government should be forced into doing the wrong thing, or, in other words, nothing should be done to get at the root that causes the evil surplus to accumulate. Mr. Sherman's idea is to get rid of the surplus and not of its cause. The people of this country who are taxed to accumulate this surplus say it is the cause which should be remedied; the surplus will take care of itself after that is done.

W. D. Humphrey will preach at the Christian church Saturday and Sunday evenings, at the usual hours. All are cordially invited to attend.

Day and Night

During a acute attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is sometimes attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep.

I have been a practicing physician for twenty-four years, and, for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the usual remedies

**Without Relief,**  
I tried Ayer's Cherry Pectoral. It effected a speedy cure.—G. Stovall, M. D., Carrollton, Miss.

Ayer's Cherry Pectoral is decidedly the best remedy, within my knowledge, for chronic Bronchitis, and all lung diseases.—M. A. East, M. D., South Paris, Me.

I was attacked, last winter, with a severe Cold, which grew worse and settled on my Lungs. My night sweats were profuse, and I would not live a month. My physician told me to give up, but I would not give up. After taking various remedies without relief, I was finally

**Cured By Using**  
two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption.—S. P. Henderson, Salsburgh, Penn.

For years I was in a decline. I had my Lungs, and suffered from Bronchitis and Catarrh. Ayer's Cherry Pectoral restored me to health, and I have been a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief.—Edward E. Curtis, Rutland, Vt.

Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Phthisis. After trying various medicines, without benefit, he prescribed Ayer's Cherry Pectoral, which relieved me at once. I continued to take this medicine, and was cured.—Ernest Colton, Logansport, Ind.

**Ayer's Cherry Pectoral.**  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

NEW TO-DAY

**J. B. ROHR,**  
House, Sign, and Ornamental Painter  
McMINNVILLE, OREGON.

Graining,  
Paper Hanging and  
Carriage Painting.

Prompt Attention to Orders from  
the Country.

B. Hallowell, homestead entry No. 5723, for lots 2, 3 and 4, sec. 3, T. 18 R. 10 W. and L. 2 S. and 4 sec. 6, T. 18 R. 10 W.

He names the following witnesses to prove his continuous residence upon, and cultivation of, said land, viz: W. T. Newcomb, John P. Day, H. F. Goodspeed and H. McDermott, of Tillamook, Oregon. 40-45 W. T. DUNN, Register.

**Notice For Publication.**  
LAND OFFICE at Oregon City, Or., January 18, 1888.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be before the county judge of Tillamook county, Oregon, at Tillamook, Oregon, on Wednesday, March 21, 1888, viz: A. B. Hallowell, homestead entry No. 5723, for lots 2, 3 and 4, sec. 3, T. 18 R. 10 W. and L. 2 S. and 4 sec. 6, T. 18 R. 10 W.

He names the following witnesses to prove his continuous residence upon, and cultivation of, said land, viz: W. T. Newcomb, John P. Day, H. F. Goodspeed and H. McDermott, of Tillamook, Oregon. 40-45 W. T. DUNN, Register.

Governor Swineford, of Alaska, is on his way to Washington. While there he will urge that the territory of Alaska be allowed representation in congress. He says that the Alaska fur company keeps a strong and costly lobby at Washington to defeat this proposition, because if the territory should be allowed representation it would tend to civilize the country and that civilization and an increased population would soon drive out the fur bearing animals.

**For Sale.**  
A well established Millinery business in the thriving city of McMinnville, reasons for selling out fixtures and goods, too much business, having charge of a restaurant. For particulars call on or address, Mrs. H. P. SUGART, Opposite Grange store.

Acker's English Remedy for Coughs, Forest Grove, Nov. 16th. The terms are cash. For information concerning this property call at the Territorial office, McMinnville, Or.

The Only Remedy  
FOR  
Contagious Blood Poison.

Dr. B. Adams Union, South Carolina, writes:—I was afflicted with a terrible case of blood poison for about four or five years, and was treated by the best physicians, and used various kinds of medicine, but received no relief. I finally tried the Swift Blood Purifier, and about four or five bottles cured me.

Col. H. K. Kiser, editor and proprietor of the Union, Union, S. C., writes:—When I was afflicted with a terrible case of blood poison, I was treated by the best physicians, and used various kinds of medicine, but received no relief. I finally tried the Swift Blood Purifier, and about four or five bottles cured me.

Dr. J. R. Chesser, a prominent physician, residing in Raleigh, N. C., writes:—I was afflicted with a terrible case of blood poison, and was treated by the best physicians, and used various kinds of medicine, but received no relief. I finally tried the Swift Blood Purifier, and about four or five bottles cured me.
