town. Seven vessels have been launched  
here during the last two years.

Doug McDonald is dissatisfied with

he will return to old Yamhill soon.  
This city has been the place of many  
dances during the past week. An aver-  
age of one every night. How's that?

siderable coin of the realm, which he  
had procured from the taxpayers of this

lodged in the neighborhood of the Broad-  
mead farm.

on subscriptions for the year 1887. Par-  
ties indebted to us are requested to walk  
in and pay up.  
Farmers and their families will  
find Mrs. Stuart's restaurant, opposite  
the Grange store, just the place to take  
a meal, when in town.

main business street.

Several of the young hoodlums  
around this town assaulted Peter J. Head  
near the bridge the other night and  
severely bruised him up. These boys  
should be severely punished for their  
cowardly act.  
A specimen of fine, artistic, glass-blow-  
ing can be seen by stepping into Rogers  
& Todd's restaurant, examining any one  
of the two thousand prescription bottles,  
which have the name of this well-known  
firm blown upon them. (37U.)

Croup, whooping cough, sore throat,  
sudden cold, and the lung troubles pec-  
uliar to children, are easily controlled  
by promptly administering one of the  
Ayer's Pectoral. The remedy is safe to take  
and certain in its action.  
"It is worth its weight in gold," is a  
common expression. But, while the  
value of gold is easily affected, the worth  
of Ayer's Sarsaparilla, as a blood puri-  
fier, never depreciates. It will eradicate  
scarcely from the system when  
everything else fails.

Frank Collard has built himself a fine  
fishing boat. The length is 20 feet,  
beam 5 feet 2 inches, depth 20 inches.  
The boat will carry a sail and is intend-  
ed for cruising on the Columbia. She is  
the largest boat ever built in the  
town and is a very nice model.  
Read this and don't fail to improve  
the opportunity. W. P. Johnson, Sa-  
lem's favorite artist will be at McMin-  
nville, Feb., 2d, 3rd and 4th. Three days  
work only. Photos taken by Johnson  
have given general satisfaction, and he  
is urged by many to continue his visit to  
McMinnville. Remember he will be at  
the old gallery, on the corner next of the  
Cook hotel. For three days only.

The college students have started an  
art gallery. Contributions of pictures  
will be received with many thanks.  
The well known firm of Rogers & Todd  
have given the association six well-  
known pictures, among which we notice  
one, "The wearing of the plaster," paint-  
ed by Dr. Alcock; "General De-Billy  
conquered," painted by Ayer & Co.;  
and greatest of all Ayer's, "He-Licks  
Her." If the boys continue to receive  
paintings of this character, the college  
will soon be the headquarters for all  
great paintings. We have a mummy  
of the first republican administration  
period, which we will give them, if curi-  
osities are accepted.

### THE OLDEST COUPLE.

It is claimed that Mr. and Mrs. Pay-  
ton Wilkes, of Greenville, Washington  
county, are the oldest married couple on  
the Pacific coast. Mr. Wilkes was born  
in 1791, and so will be 99 years old next  
May. He is one of the few pensioners  
of the war of 1812. His wife Anna Wil-  
kins, is 91 years old, and they were  
married in 1815. They came across the  
plains in 1845 and settled in Washing-  
ton county in 1846. They were both  
born in Bedford county, Virginia, came  
to Indiana about 1820 and to Missouri  
in 1829. So in following the Star of Em-  
pire, they kept ahead of the iron horse  
until he overtook them at the "jumping  
off place." They have three sons, five  
living, twenty-seven grand children, forty-  
one great grand children, and eight  
great-great grand children.

A REQUEST.  
We wish to hear from our intelligent  
farmers through articles which will be  
published in this paper, why they prefer  
Yamhill county to an eastern one. We  
make this request for the following rea-  
son: A person who has lived in the  
eastern states and who is acquainted in  
the neighborhood from which he came  
will have more influence upon the peo-  
ple of that section in inducing them to  
emigrate to this country, than all the  
printed matter which is thrown indis-  
criminately about the land. We wish to  
publish one article each week from dif-  
ferent persons in the county. This per-  
son when sending the article to this of-  
fice will please give the address of 25 or  
30 persons living in the east and in the  
section in which he, the writer, is well  
known, and a marked copy of the paper  
containing the article will be mailed  
him from this office. All the articles  
to be over the signature of the person  
writing. We have taken it upon our  
own shoulders to induce people to emi-  
grate to this country and the contribu-  
tions by our farmers, under the head of  
"Why Yamhill county is preferred to  
any other in the Union," will help mat-  
ters greatly.

H. M. Flagler one of the standard oil  
millionaires, is building a hotel at St.  
Augustine, Florida, which will cost \$2-  
000,000. When asked if he expected to  
make money on the investment, he  
laughed and replied, "No I am building

The nine-year old daughter of Samuel  
Carter, a well-to-do farmer of Rowan  
county, Kentucky, was outraged on the

farmers went to his cabin and hanged

tion in the department on the subject.  
The reply has been sent to the senate.  
General Sheridan, in a letter, incloses  
the report of inspecting officer Colonel  
Perry, Chief Quartermaster of the de-  
partment of the Pacific. Colonel Perry,  
says Fort Canby is now four miles dis-  
tant from the Columbia river, owing to  
the shifting of the current, and it is im-  
possible to defend the river from the  
present site of the fort. It is of diffi-  
cult access and costs \$10,000 annually to  
maintain communication with Astoria,  
on the opposite side of the bay. Supplies  
are high on the Pacific, and the men are  
unable to receive competent instruction  
and drill, because six months in the  
year there are rains and fogs.
