WASHINGTON LETTER.

(From Our Regular Correspondent.)

WASHINGTON, March 12, 1888. Washington is having a light lent, and society wears its weeds more lightly as the season progresses. The gay world eats, gives entertainments and even dances a little for charity, but dinners and luncheons are the principal cases which it finds in the desert of lenter observances. Every night this week and last week has witnessed many elegant dinner parties, and the afternoon lunckeons have been as numerous,

Congress has done nothing startling during the week unless the political and oratorical bettle between Senators Ingalls and Blackburn could be so called. There were some interesting debates however on the dependent pension bill before it passed the senate by a vote of

fact that the soldier left no widow or children having been shown as required by law, it shall be necessary only to show by sufficient evidence that such parents are without other means of support than their own manual labor or the contributions of others not legally bound for their support. The pensions allowed commence from the date of the passage of this act and continue only during the existence of such dependence.

Then it provides that all persons who served as much as three months in the military or naval service of the United States during the late war, and who have been honorably discharged, and who are suffering from mental or physical disability, not the result of vicious hab-North Yambill Precinct: T. It looks very much as if we might have a complete system of postal telegraphy in the near future. The house committee on commerce has favorably 000,000 for the establishment of a postal telegraph. The report claims that the government can place in service a system answering all the needs of the publie for a sum vastly below that which is represented by the Western Union Teleions are these: First, that the time has arrived when the government should construct and operate a postal telegraph system as a branch of its postal service. Second, that the service will undoubtedly be self-supporting. Third, that the government has the right to build and operate telegraph lines under the juristions now pending before the people at diction of its postoffice department. Fourth, that public opinion will not per-

The bill provides for the telegraphic postal money orders at existing mail rates plus the telegraph tolls. The rates 661 fixed are on a basis of 10 cents for twenty words 500 miles or less and one third of a cent a word for press dispatches, one thousand words or less.

A Common Cold

Is often the beginning of serious affections of the Throat, Bronchial Tubes, and Lungs. Therefore, the importance of early and effective treatment cannot be overestimated. Ayer's Cherry Pectoral may always be relied upon for the speedy cure of a Cold or Cough.

Last January I was attacked with a severe Cold, which, by neglect and frequent exposures, became worse, finally settling on my lungs. A terrible cough soon followed, accompanied by pains in the chest, from which I suffered intensely. After trying various remedies, without obtaining relief, I commenced taking Ayer's Cherry Pectoral, and was

I contracted a severe celd, which suddenly developed into Pneumonia, presenting dangerous and obstinate symptoms. My physician ordered the use of Ayer's Cherry Pectoral. His instructions were followed, and the result was a rapid and permanent cure.—H. E. Stimpson, Rogers Prairie, Tex.

Two years ago I suffered from a severe Cold, which settled on my Lungs. I consulted various physicians; and took the medicines they prescribed, but received only temporary relief. A friend induced me to try Ayer's Cherry Pectoral. After taking two bottles of this medicine I was cured. Since then I have given the Pectoral to my children, and consider it

Gentlemen—Two or three years ago a cancer came on my face. It soen grew to be quite large. It wore on me, and my general leadth was very poor. Last September I began a course of S. S. S., which I have continued to the present time with the happless result. The cancer has entirely disappeared, there being no evidence or symptom of a cancerous character left. My general health is good now, and my cappetite better then it has been in years. I am 82 years old, and to day I am working in the field planting corn. Yours truly, Josas Lisasacca. Gentlemen—I had a sore on my upper lip for eight years. Seven different doctors at tempted in value to heal it. One gave me a small vial for five dollars, which was a "certain cure." It is needless to say that it did me no good. About two years ago I became quite uneary, as begine thought I mad a canter, and I took a course of eighteen bottics of S. S. Tae result has been a complete cure. The unear or cancer healed beautifully, leaving scarcely a perceptible scar.
