**MOTHERS!**

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, cures colic, cures diarrhoea and wind colic, cures feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend, 35 doses, 35 cents.

**Save the Children.** They are especially liable to sudden colds, coughs, croup, whooping cough, etc. We guarantee Acker's English Balm positively cures. It saves hours of anxious watching. Sold by Geo. W. Burt, Druggist.

Several letters have been received by the TELEPHONE this week, containing stamps for subscription and a request that a letter be written in return, setting forth the advantages of McMinnville. In every instance we have done so, and told nothing but facts and only of them that McMinnville is the best town in the state for a new comer to settle in. Wages high, rent medium, and great prospects for the future.

Last Sunday the McMinnville band was taken to North Yamhill by Damon Sawyer in his fine wagonette. While in the town they played several fine airs as only the McMinnville band can. The cigars were passed around and a jolly good time was passed by some of the boys in wandering around with the girls or at least it is supposed so, as the boys could not all be found when the ladies wanted them to play. The people of North Yamhill had a nice supper prepared at the exchange hotel when the boys enjoyed hugely. The band returned thanks for the kind and hearty reception given them, which will never be forgotten by the boys. The band also extend their thanks to Damon Sawyer who so kindly drove them without charge.

**STRAGE BUT TRUE.**

Fifty-six Kegs of Beer Drank in This City Last Week.

The people of this city may think that only a little beer is drunk in this city. The Telephone reporter has taken it upon himself to find out the consumption of beer in one week. Saturday last, 56 empty beer kegs were shipped to Portland. This is about the average number of kegs consumed in a week. They were all five gallon kegs giving a total of 280 gallons. Each gallon is worth 80 cents. That is there are 16 drinks to the gallon at 5 cents each. This gives a total of \$224.00 spent each week in the city of McMinnville for beer alone. Of course during the winter months the consumption is not as large.

**MARRIED.**

Married, Monday, at 2 o'clock, p. m., at the residence of Mrs. Annie Bean, in Portland, Or., by Rev. Degarner Jones, Mrs. Clara Belle Foster, to L. H. Cook, of this city. The happy couple arrived at this place on the evening train. At the hotel several friends and relatives met them and a few hours were spent in social chat. Mr. Cook is proprietor of the Cook house of this city, which has now got that which it has long needed, a landlady. The TELEPHONE bespeaks for them a happy future.

**TO ADVERTISE IN OREGON.**

At a special meeting of the Board of Trade, Friday evening, at the East Oregon office, an arrangement was made with Mr. Moses Folsom to insert a descriptive letter of Oregon country papers, published in Iowa, Kansas, Illinois, Wisconsin, Michigan, Missouri and other states, in consideration of \$200 to be paid when the work was done. President Ballou appointed J. H. Turner, B. Selving and K. Alexander a committee of three to solicit the amount from citizens who are most interested in advertising the advantages of this section. Persons having interests in real estate will be approached and asked to contribute. It is a worthy work, and one which will bring good returns. The price to be very low, considering the number of papers the descriptive article is to be inserted in.—East Oregonian.

Boys in this city are the people of Pendleton believe in advertising. It is a good way and will do good. McMinnville should do likewise.

**AN ACCIDENT.**

Run over by the Cars and two Valuable Hares Killed.

Special to the Telephone.

McCoy July 14, While Mr. Glandon was driving across the railroad track just above this village, to-day, a train ran over two valuable hares which were hitched to the back and killed them instantly. Mr. Glandon and a male, with him narrowly escaped with their lives. A large hill covered with wheat concealed the train. The engine gave no warning as it neared the crossing.

**WATER WORKS.**

McMinnville Needs Them and Should Have Them.

The water works question has been agitated before this and never amounted to anything. One thing is sure, all the citizens of this city are united on this one thing; they all admit that McMinnville needs water works. There are several desirable streams in this vicinity which could be brought into this city at a small cost. The good water works would do this city incalculable. It would promote the health, reduce the insurance rates and save time and energy besides giving good protection to the property in the city. We see that notices have been stuck up asking for bids for the construction of fire cistern at the corner of F and Third streets. Of course a 7 x 9 cistern is some protection, but it is advisable to put in cisterns when water works will have to come soon or this city will deteriorate instead of advancing as it should. With a little outside capital and energy to start the ball rolling, we are sure the people of McMinnville would subscribe stock enough to make up the amount necessary to build a good water works. Ten thousand dollars will build a good supply of water. The city of McMinnville is well able to pay at least \$500 per year, as a city, for the water used. Let the city guarantee this sum per annum for the water works. The water works plant and it is the opinion of the TELEPHONE that it would not be long before water would be flowing through hydrants on every intersection. Boost the scheme along. Let us have a town while we are about it, not just a town.

**GAME OF BALL.**

Game for a Purse of \$50 Between Amity and Dayton.

For some time a controversy has existed between Amity and Dayton as to which town had the best ball team. Saturday the controversy was decided at Amity for a purse of \$50. Amity walked away with the money by a score of 14 to 12. The game was very exciting. Parker and Fowler pitcher and catcher of the Amity nine played fine ball. Nichols, catcher of the Dayton nine, got hit in the face with a ball and badly bruised. The following are the players with their positions and the score by innings. McMinnville wants to beat the winners if she can. How is it.

Amity, Dayton, Holman, s s Radley, 2 b W. Harrison, r Hutcheson, p Springer, c i Nichols, c Conrod, 3 b McCully, 2 b Fowles, 2 b Post, c B. Watt, f Churchman, 3 b D. Harrison, 2 b Carter, 1 b Parker, c Jones, 1 b A. Watt, 1 b Bertram, r

**THE EXPERIMENTS ON MT. HOOD.**

A great deal of interest was taken by the Eastern press in the ascent of Mt. Hood on the Fourth of July. All the principal Journals had telegraphic specials about it. The New York Herald publishes the following editorial:

The illumination of Mt. Hood on Wednesday night is reported to have been a perfect success. Although the experiments of signaling from the mountain to Portland by heliograph have been interfered with by cloudy skies, it is hoped they will be continued until some definite results are obtained. For military purposes visual signals obtained by reflecting the sun's rays or the calcium light from a combination of mirrors has great advantages. The flash of an ordinary field heliograph can be seen with the naked eye forty miles or more, and communication thus quickly established between bodies of troops in regions where cavalry could hardly operate at all. The portability of the instruments for this kind of signaling and the accuracy with which the message can be read at long distances lend peculiar interest to the experiments now being made at Mt. Hood.

**Brooks vs Frakes and Frakes vs Brooks.**

John Brooks of Salem, married a daughter of Mr. Frakes near Wapato Lake. Somehow trouble began and Mrs. Brooks went home to her father. Mr. Brooks and a man by the name of Pettengill, a few days ago started for Wapato lake to bring Mrs. Brooks back to her home. While in Lafayette, on their way to the lake divorce papers were served on Mr. Brooks. He went to the residence of Mr. Frakes and demanded his social chat. Mr. Pettengill was ordered away at the muzzle of a shot gun. He immediately had Mr. Frakes arrested for threats against his life. The suit was tried in this city Saturday before Judge Harding. The case was dismissed on some legal technicality. After the dismissal, Mr. Frakes, in order to get even, swore out a warrant and had Brooks and Pettengill arrested on the charge of carrying concealed weapons. They were fined \$10 apiece and costs, amounting to about \$15 each.

**Wm. P. GALENTINE.**

Monday morning at 2 o'clock, the soul of Wm. Galentine, of this city, winged its way into the great beyond. Another veteran of the civil war has gone to rest through a disease contracted in the service. He was born in Fulton county, Illinois, on the 17th of May, 1844. When the rebellion broke out he was one of the first to volunteer. He enlisted on the 10th of August, 1861, and was discharged October 15, 1874, from the same company. The time of his service in the army was three years and two months. Mr. Galentine joined the G. A. R. Post of this city on Sept. 20, 1881. He enlisted in Company D, 7th Illinois cavalry and served in the ranks during his whole term of service. From his comrade I. C. Terry, of this city, who was in the same company, we learn that Mr. Galentine was one of the three hundred, who were in the celebrated Grierson raid into Mississippi. Five thousand men under the command of Brig. Gen. B. H. Grierson, were ordered from Memphis, Tenn. to make a raid into Mississippi and destroy confederate property. All but three hundred were killed on the way. Mr. Galentine and Mr. Terry were both in the raid which started from Louisiana and ended at Baton Rouge, Louisiana. For sixteen days and nights they were in the saddle and covered nearly 7,000 miles, through the midst of confederate forces. Thousands of dollars of confederate property was destroyed. This was one of the greatest raids of the war. Only sixteen of the company which originally consisted of 100 men, ever came out of the war. In the company were eleven men over six feet high and only one of them survived. Mr. Galentine was a good soldier and always willing to do more than his share. He moved to Oregon in 1866 and has since lived in McMinnville. For the past few years a disease contracted in the service has kept him an invalid and unable to do manual labor. He had made an effort before his death to get a pension but could find only one comrade who had served in the same company with him and the papers require the signature of two. And thus through fate, one of the most deserving of men was left in need of help. He was a patriot of the country which he had served so gallantly.

**SCROFULA**

I do not believe that Ayer's Sarsaparilla has an equal as a cure for Scrofulous Humors. It is pleasant to take, gives strength to the body, and produces a more permanent result than any medicine I ever used.—E. Haines, North Litchfield, Ohio.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully it will thoroughly eradicate this terrible disease.—W. P. Fowler, M. D., Greenville, Tenn.

For forty years I have suffered with Erysipelas. I have tried various remedies for my complaint, but found no relief until I commenced using Ayer's Sarsaparilla. Also taking ten bottles of this medicine I am completely cured.—B. G. Amesbury, Rockport, Mass.

I have suffered, for years, from Catarrh, which was so severe that I destroyed my appetite and weakened my system. After trying other remedies, without relief, I began to take Ayer's Sarsaparilla, and in a few months, was cured.—Susan L. Cook, Mt. Albany st., Boston, Mass.

Ayer's Sarsaparilla is superior to any blood purifier that I ever used. It has cured my skin, and I have taken it for Scrofula, Catarrh, and Salt Rheum, and it has done much benefit from it. It is good, also, for a weak stomach.—MILLS JACOB PATRICK, S. Bradford, Mass. 11

**THE INCURABLE CURED!**

HORRIBLE, Erysipelas, Scrofulous Humors, etc., cured by Ayer's Sarsaparilla. It is a pleasant medicine, and it is a household medicine with you. Your physician will tell you.

SHAYASTRO, S. C., April 12, 1887. Gentlemen—Four years ago I was afflicted with a sore on my left cheek. It had gradually been growing worse. The many physicians whom I had consulted were unable to do me any good. Last fall a year ago I began using S. S. S. At first it did not seem to do me any good, but I persisted in using the same. At the end of two months the sore was entirely healed. Thinking that the evil was out of my constitution, I left off the medicine. In November, ten months after, a very slight breaking out appeared. I at once began using S. S. S. and now that it is also disappearing. I have ever faith in S. S. S. It has done me more good than all the doctors and their medicines I ever took. Yours truly, SHAYASTRO, S. C.

**SCROFULA**

I do not believe that Ayer's Sarsaparilla has an equal as a cure for Scrofulous Humors. It is pleasant to take, gives strength to the body, and produces a more permanent result than any medicine I ever
