And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all impurities of the Blood. In every form of Scrophulous, Erythritic or Mercurial diseases, it is invaluable. For Rheumatism, has no equal. Geo. W. Burt, Druggist.

# MOTHERS!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation. Its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend, 25 doses, 35 cents.

Save the Children. They are especially liable to sudden Colds, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by Geo. W. Burt, Druggist.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

The following duck scapers will take part in this only once seen exhibition of nimrodism: Wm. Raleigh, Wm. Henderson, S. A. Manning, L. H. Cook, T. A. Turner, Wm. Martin Chas. Crandall and Beach Walker.

Small-pox has appeared in Toronto and is spreading rapidly. The local health board has become alarmed at the spread of the disease, and have begun compulsory vaccination. Ten physicians started out this morning, each taking separate districts, with instructions to visit every house, and vaccinate every inmate who has not been vaccinated within five days.

John McAllister, the boy murderer of Jackson county, has been given a life sentence in the penitentiary. He was taken to Salem last Wednesday and placed in the state prison. McAllister is small in stature, even for one of his years, and his appearance certainly does not indicate that he could have deliberately killed a man.

There was an extremely recherche affair on the Unatilla reservation last Monday night, the occasion being the holding of a big wedding jubilee in honor of the marriage of the son of the house. The elite of the reserve were out in force, fully eight hundred being in attendance. Some of the bucks, who obtained more hilarity than they could easily stand, went to Adams after the dance, took the town by storm, broke into a hotel and held high carnival until driven out by the indignant citizens.

The annual tax levy was made by the Linn county board of commissioners Wednesday at fifteen mills, being three mills higher than last year. The county treasury will be empty before the end of the year, which caused the higher levy.

Barnekoft & Allen's mill is running late every night. In the course of a week or so, two gangs will be put on and the mill will run the whole 24 hours. This mill should be patronized not only because of its being a home institution but because it makes better flour than any mill in Oregon.

Dwight L. Moody, the distinguished evangelist and lecturer arrived in Portland Wednesday morning. He will deliver lectures in all the larger towns of Oregon, Washington and British Columbia, the long to last about two months. Mr. Moody has a world wide reputation. He is the Moody of the famous "Moody and Sankey."

In next week's issue of THE TELEPHONE will appear a biographical sketch of General Sheridan with portrait. Be sure and read the article and post yourself on the life of this great patriot. Extra copies can be obtained at this office. Watch for illustrated articles on prominent officers in the late war. Every G. A. R. man should read them.

Mr. D. Lenbric, the staff correspondent of the Chicago Inter-Ocean, has been here Albany and obtained an order from the Board of Trade of that city for fifty subscriptions to that paper. In return for this he will publish an elaborate article on Albany on November 14th. Could McMinnville do a little advertising like this? Yes, but she won't.

A few facts regarding the number of school children in this state may be acceptable to our readers. The present school population of this state is from 85000 to 87000. This includes all between the age of 4 and 20 years. Of this number there are 680,000 enrolled in the schools. Of this number the average daily attendance is about 61000. There are 4000 more children of school age this year than last, as a large number of new comers have settled in Oregon. Of this number about 3000 attend school.

# A FINE DISPLAY.

An Eastern Paper's Remarks on Yamhill's Fruits etc.

The exhibit of Oregon fruits and grains made at the Central Mich., and Eaton county fairs by Chas. Fleming, of McMinnville, Or., formerly of Grand Lodge, was one of the finest displays we ever saw. The fruits were unsurpassed, even by California, and the grains were all that the most ambitious agriculturist could desire. Any country that can produce such an extensive variety of so superior a size and quality is certainly a desirable place to locate, other conditions being satisfactory. Charles' exhibit certainly made a favorable impression of his adopted state.—Grand Lodge, Mich. (Independent.)

# A NEW FIRM.

Barnekoft & Allen now Partners in the Mill Business.

Mr. F. E. Alyn a prominent business man of Idaho has purchased one half interest in the McMinnville mills of Mr. Barnekoft, paying \$10,000 for it. He is a gentleman of considerable means and is welcomed to this city. He will move his family here the first of next week.

# MARRIED.

Thursday, October 11th, 1888, at the residence of the bride's parents in Wheatland, Oregon, at 3:30 p. m., Miss Nora Hendrick to Mr. Ed. Briedwell of Amity. Miss Hendrick is a former resident of this city and many friends join in wishing her a happy future.

# THE ELECTRIC LIGHT.

We Now Have a Chance to Put Them In.

ENTERPRISING TOWNSMEN.

The McMinnville Mills to be Lighted With Electricity.—With Small Cost the Town Can be Lighted Also.

Mr. Barnekoft informed a TELEPHONE reporter that he intended to light the mills by electric lights also his property on the corner opposite. He also said that if the city would take the light he would put in a plant large enough to supply the city. He has the power in the mill and this would save considerable cost. Let us have electric lights by all means. If the business men want them now let their time to inform Mr. Barnekoft of that fact. Nothing would improve the looks of the city better than a good system of lighting. This light is cheap and is the best. Everything in the line of improvement goes into the sum total of making a city. Barnekoft & Allen are indeed enterprising men.

McMINNVILLE WAREHOUSES. A Total of 137,128 Bushels of Grain Stored in this City.

While looking around the ware houses Saturday we ascertained the amount of grain stored in them so far this season. Mr. Barnekoft reports a storage of 67,138 bushels of wheat and 45,000 bushels of oats. Galloway & Goucher report 70,000 bushels of wheat and 40,000 bushels of oats. This gives the total of 137,128 bushels of wheat and 85,000 bushels of oats. All this immense amount of grain was raised within a radius of six miles. McMinnville is situated in one of the most prolific wheat sections in the world. Mr. Barnekoft has bought in the neighborhood of 36,000 bushels of wheat and has already shipped 28,000 bushels of it. Galloway & Goucher have bought and shipped 30,000 bushels. What is worth at the present 74 cents per bushel making the immense sum of \$101,422.12 in the farmers pockets of this section for their wheat alone. McMinnville is the trading point for this section and also nearly the whole of Yamhill county. The future of McMinnville is a grand one and with the hearty co-operation of the farmers of this county a city will rise which in its growth and general prosperity will cause people to wonder how it was done. We can answer by our great natural advantages and the untiring energy of our people.

GOOD TRAINING. The Fire Drill a Necessary Drill in all Public Schools.

The following appeared in the Portland News several weeks ago and shows how good is discipline: Prof. T. H. Crawford, of the Park school, put the 535 children in attendance there through fire drills yesterday afternoon. The scholars were seated in their accustomed places when the command was given, and in exactly two minutes thereafter every little boy and girl was outside of the building, which has three floors, to-wit: Two stairs and a basement. The drill was repeated and the same time made again. These drills are to be held frequently. In case of a fire, provided the same discipline is maintained as was exhibited yesterday, the school could be emptied without the loss of a single child. All that is necessary is for the children to implicitly and unhesitatingly obey the commands of the teachers.

Prof. Crawford of this city should follow the pattern of his namesake and teach the youngsters attending this school the fire drill and be prepared at any moment to vacate the building. It is not only a good thing in case of fire but would instill into their brains the benefit of concentrated action.

# THE ALASKA BOYS

Have Arrived in San Francisco and are Broke.

Last week, Thursday, the people of this city were surprised by hearing that J. E. Magors had received a telegram from Mr. McMillan, who it will be remembered left last spring for Alaska, accompanied by D. Glenn, A. Saylor, D. Reed, W. Alverson, Mr. Baxter and the Rogers Bros. The telegram was from San Francisco, and informed Mr. Magors that he (McMillan) was there sick and in need of money and requested Mr. Magors to send him some of the money which he had entrusted to his care before going to Alaska. Fifty dollars were immediately dispatched. Friday evening Mr. A. H. Hodson received a letter from D. Glenn stating that they had gone the whole length of the Yukon from its headwaters to its mouth in boats. They went into camp at St. Michaels at the mouth of the river and then the revenue cutter Thetis put in to get Bishop Seigers body, they influenced the officers to take them aboard. Near Sitka they were transferred to the cutter Rush which took them all to San Francisco excepting Mr. Baxter who is aboard the Thetis.

# A PECULIAR SITUATION.

The Insurance Companies Alarmed at the Fires in this City.

Mr. Cole, general adjuster for the fire insurance companies, who was here the latter part of last week adjusting G. F. Tucker's loss, remarked to prominent business men that unless something was done to further protect this city against incendiary fires that the insurance companies would withdraw their agencies from this city. This is a remark which some of the citizens of this city will think ought not to be published. But nevertheless a cool, clear sighted, business man made it.

# Romantic Marriages.

Sunday, October 7, 1888, two romantic marriages occurred in this city. The names of the contracting parties are R. L. Bewley and Miss Anna P. Young, George M. Bewley and Miss Mary A. Dewley. They were married by Rev. Sannell Pettigrew while seated in a carriage in front of his residence in West McMinnville. The parties witnessed for each other.

This is a surprise to us that the boys should go and do such a thing without letting us know. The best wishes of THE TELEPHONE goes with them on the journey through life.

# SCHOOLTEACHER WANTED.

A schoolteacher is wanted in District No. 43. Six months school. Terms \$40 per month, board themselves. Board cheap and close to school. For particulars address C. McCall, McMinnville.

# WATERWORKS.

Nearly Everybody Declare in Favor of a Water System.

Thinking that the waterworks question should be kept constantly before the readers of THE TELEPHONE we have made a canvas of the city and publish the names of the people who are in favor of waterworks. The list of persons not wanting water is very small as is in favor. The people all seem to be in favor of the scheme but whether they intend to do anything in the matter of protecting the business and general prosperity is another thing. The only way in which to obtain them is to agitate the question and THE TELEPHONE intends to do it. If this city ever amounts to anything great, it has got to be made great by its people. If we all sit down and wait for better times the seat of our pants will be worn out long before the better times appear. In November a city election will be held. This is not news to you because you have been informed of the fact before. The council of this city is elected by its people to do all in its power for the promotion of the city's health, wealth, etc. Heretofore the city council has been composed of good honest men whose only ambition in the government of the city has been to keep down its expenses, and they have done it and unknowingly have kept the city down to a certain extent. People in this city are certainly extending the energy of Tacoma, Seattle and the other prosperous cities of Oregon and Washington, and wishing that McMinnville was as prosperous. These same men will sit down upon a movement which if carried out would tend toward a growth similar to those towns. The city in order to prosper has got to be run on a business plan. How many prosperous towns are out of debt? Not one. How many prosperous business men are out of debt? Not one. They all could liquidate their indebtedness if they wanted to, but in order to be up with the times and keep on top they will go in debt again. As long as their assets cover the liabilities they are all right and leave behind the people who believe in the business methods that prevailed B. C.

The list following are the men who are IN FAVOR OF WATERWORKS. Clark Braly, A. Dielschneider, C. R. Cook, O. O. Hodson, A. H. Hodson, G. W. Burt, G. Gaunt, W. Logan, N. L. New, W. P. Holman, A. Hussey, Wm. Robins, Jas. Fletcher, F. W. Redmond, W. J. Crawford, L. Parker, J. J. Colvard, H. A. Bell, F. J. Martin, Chas. Grissen, E. E. Goucher, J. J. Spencer, J. A. Peckam, A. L. Gortner, J. L. Rogers, C. Palmer, Wm. Henderson, J. Howell, D. S. A. Young, F. J. Wiscarver, D. Dickenson, E. Wright, W. D. McDonald, A. Baker, T. A. Turner, Wm. Young, C. E. Daniels, J. Gaunt, J. Squires, H. Shartzer, G. Thissell, W. H. Boyd, W. Henderson, U. S. Booth, T. B. Kay, J. T. Terry, W. T. Booth, A. J. Apperson, J. W. Cowley.

BE WARNED. A Little Advice for which we will be Cashed.

The people of this world have an ingredient in their composition which is very peculiar, for a better name we will call it foolishness. This foolishness is apparent to the general thinking public when other people are taken in by means of flashy advertisements etc. The following is a circular from several picture houses in San Francisco which is being sent to everybody in this city, and not strangely it is nearly always a success:

Dear Sir: If you will send a photo of yourself, or any member of your family, we will make you a full life-size crayon portrait free of charge. The only consideration imposed upon you will be that you exhibit it to your friends as a sample of our work, and thereby assist us in securing some orders. Also, that you promise to get it framed in a suitable frame for a fine portrait, so that the work will show to advantage; but, of course, you will not allow a portrait to stand around unframed and have it ruined.

We trust you will not consider this a "scam," as it is not, but an excellent way of placing a specimen of our work in your vicinity, and aid us in securing agents.

Be sure to write your full name and address on back of photo when you send it, as this will secure its safety. We guarantee its return, so have no fear of losing it.

This offer is good for ten days. This will be a "Sample Portrait" worth \$35.00 and as fine as can be made. As to our responsibility, we kindly refer you to references given above, also our testimonials. Address all correspondence to:

Hoping you will kindly oblige us, and use your influence in furthering our interest, we are, Yours truly,

This little circular does not seem to mean much but in the end if you take all their advice you will be taken in. When you send them the picture they inform you that it has been completed and that they have entirely obliterated that disfiguring wart from the end of your nose (the only prominent feature) and that now you are a distinguished personage. And that they do not want to have the picture framed by you for fear your taste will not suit it; so they make you the splendid offer of a frame for \$15 or \$30, picked out by their superior judgement which will show off your mug to a much better advantage than one chosen by yourself. If at this offer the sucker bites the sucker is about \$14 ahead on the whole transaction. You need not think by this that we have been bitten, we are only tired of receiving their circulars. There are about six houses in San Francisco engaged in this business and the press of this state should open the scoundrels up.
