CLEVELAND and THURMAN.
TELEPHONE STATUARY.

This week our artist has illustrated Attitude, with clothes on. The subjects taken, are the candidates for presidential honors. Their Attitude differs so greatly on the Chinese Question, that we have illustrated the difference.

Harrison's Attitude.

Cleveland's Attitude.

INNOCUOUS DESEUTUDE.

It is about time that the people of this city should become cognizant of the fact that typhoid fever has carried away more people within the past month than the scourge small-pox, of which they were so afraid. Two cases have already gone hence and the chances for recovery are against two or three more. If this city was in a good sanitary condition there would not be a case of typhoid fever here. It is with the utmost reluctance that we think that the government of this city has been criminal in one sense, for the past five or six years, but it is a fact, if the people would only show the right spirit and improve the town we would not have the fear of typhoid fever every year. Typhoid is more fatal than small-pox. It is worse than yellow fever only not contagious. It is the filthy condition of this city which tends more to the production of typhoid than anything else. This was testified to by the medical men of this city in a late issue of THE TELEPHONE. If the people can sit still and do nothing to make way with this condition of things the future of this city is "innocuous deseutude."

ACCOUNTED FOR.

By an order of August 15, 1887, the withdrawals of land for the benefit of the Oregon & California and the California & Oregon railroads were revoked, as the roads had not been completed and their time had expired years before. Had the action of the secretary of the interior, which was in accordance with the instructions and within the power given by act of congress, been sustained by the courts, 434, 194 acres of land along the line of the Oregon road would have been restored to the people and thrown open to settlement. The Oregon & California already had sold 242,516 acres, for which it had received \$407,875.54, and for which it will receive on time sales \$377,545.36 more.

The development of the country through which the Oregon railroad runs is retarded by the impudent refusal of the Southern Pacific corporation, which owns the line, to recognize the authority of the executive branch of the government to restore stolen lands to the people. These 400,000 acres would be taken up by the settlers at once if valid title to the land could be obtained, but while there is the least possibility of recognition of the railroad's right to select land from this area, nobody will take the chance of being mussel-sloughed by the Southern Pacific company.

The necessity of congressional action accounts for the activity of the railroads in elections involving the selection of representatives and senators. It accounts for the selection of a legislature in Oregon that is pledged to re-elect Mr. Dolph to a place in the United States senate.

The Oregon & California railroad lost, by failure to fulfill its part of the contract, the right to select lands withdrawn for its convenience. The Southern Pacific never had any right to that grant and did not acquire any when it took

the Oregon & California into camp. The grant is forfeited in equity and in law, and it ought to be opened to settlement.—S. F. Examiner.

A whole barrel of money will change hands on the election.

It is given on reliable authority that Morton's barrel is nearly empty.

New York is a little uncertain but the chances are in favor of the Democrats.

It is said that there are at least 2500 crooked names on the register in San Francisco.

Connecticut will go Republican and the Democrats can stand the loss.

Thirty thousand men in the Derbyshire collieries have been conceded a 10 per cent raise in their wages.

Indiana is conceded to the Democrats by a number of Republican speakers who have been in the state.

The Democrats of this county if they are desirous of swelling the total vote in the state must come to the polls and vote.

Lord Sackville West has been called to England. He will not meddle for some time to come with American politics.

Gen. Lew Wallace the author of Ben Hur, will visit the Pacific coast soon: He can be had for one lecture in McMinnville for \$250. Can it be raised?

Several prominent men of California, who have always voted the Republican ticket, have flopped over and are on the stump for Cleveland, since the restriction act.

Persons who are residents of this state can vote at any poll within its boundaries for president. This will make it handy for some of the Yamhill boys who do not know the law on the subject.

The state of Illinois is on the verge of turning to the Democratic party. It is hardly possible for it to give its electoral vote to the Democrats this year but a Democratic governor is most assured.

The greatest figurehead of any campaign in the history of American politics is General Harrison. He is the automaton before the public, the strings of which are being pulled by the monopolists of America.

Facts and theories are sometimes at total variance. In the present issue there is a case of this kind. The fact that the tariff needs a reduction is apparent. The Republican theory is that a higher protective tariff is conducive to the wealth of the laboring men.

General Harrison in his address to the workmen in Indianapolis on the 26th inst., said: "The story that I ever said \$1 a day was enough for a workingman, with all its accompaniments and appendages, is not a perversion of anything I ever said."

The St. Paul Pioneer-Press says: A report was circulated yesterday that the Northern Pacific had contracted for the construction of eight brand new vestibule passenger trains, which were to be completed in March and put on the road as through trains between Chicago and the Pacific coast.

Thousands of copies of Minister West's letter with a picture of the British flag on the back have been distributed in New York. The Republicans intend to win on a mean low scurry trick if possible. All means in their power will be used to again get the reins of government into the hand of the monopolists.

THE TELEPHONE does not endorse the removal of Capt. N. S. Pierce, C. P. Hooloway, G. N. Faucett and W. W. Wetzler from their places as postal railway clerks. They were Republicans and G. A. R. men but were efficient clerks and if the present administration makes any pretense of civil service reform the removal of these men was certainly uncalled for.

Alfred H. Love, damphule, and candidate for vice-president on the Belva Lockwood ticket, has published a card withdrawing from the ticket. He said he could not, if elected, hold office under a constitution that makes the president of the United States commander-in-chief of the army and navy, and gives congress power to declare war. He is surely crazy.

Maj. Powell, of the United States engineer corps, favors the plan of building immense reservoirs in the mountain regions of the head waters of the large streams to store the surplus waters, prevent the damaging annual overflow and save the water for the dry season. It is said that a portion of the \$100,000 appropriated by the government to experiment upon the matter will be expended at El Paso, New Mexico, in constructing an immense dam on the head waters of the Rio Grande.

COPP'S LAND REVIEW.

The annual report of the commissioner of the general land office is in the hands of the printer and will be given to the public in a few days.

Like several of his predecessors in office, Mr. Stockslager recommends legislation for the prevention of frauds in relation to the acquisition of title to public lands, and expresses, in no uncertain language, the opinion that the pre-emption, timber culture, desert land, and homestead laws so far as relates to the commutation clause, should be repealed or greatly modified, and that the public domain should be devoted exclusively to the use and benefit of persons who in good faith desire the same for actual homes.

An enormous array of testimony is introduced tending to show that the laws above mentioned admit of the perpetration of frauds, are detrimental to the settlement of the country, and operate to defeat the best interests of the government which demand that the lands shall be actually occupied by bona fide citizens and settlers owning their homes.

The repeal of the pre-emption, desert land and commutation clause of the homestead laws is advocated because they afford opportunities by which unscrupulous speculators, with the aid of conscienceless confederates used as dummy settlers, are enabled to acquire title to vast areas of land to be held for sale at advanced prices or to be leased to families who by reason of their greed are prevented from securing homes of their own. They tend to the erection in this country of a landlord and tenant system similar to those of some European countries, inconsistent with the principles of our government, and to build up a landed aristocracy.

The timber-culture law is denounced, not because title to land is frequently fraudulently secured under the same, but because it operates to reserve the lands from settlement for a period of years without any equivalent to the government, and with but little cost to the timber-culture entryman. The entry of 160 acres costs but a small sum as fee and commissions. Nothing is required of the entryman for one year, then he must break five acres of the land—at a trifling cost. During the next year he must cultivate the five acres already broken and break another five acres. The next year he is required to plant five acres to timber and cultivate the other five. The next he must plant the second five acres to timber.

Thus, at a trifling expense, the party may for four years exercise complete control of a quarter-section of land without violating or evading the law, and sell a relinquishment of his entry for a good round sum, the increase in value rendering the privilege of entering the land very valuable.

The registers and receivers of nearly all of the district land offices, in letters to the commissioner, concur in the opinion that the majority of public land frauds are perpetrated under the laws named.

It is almost certain that the commissioner's report, with its convincing testimony, will secure at the next session of congress, if not at this, a repeal of the pre-emption and timber-culture, and at least a modification of the desert land laws.

HENRY N. COPP.

The Emperor of Germany smokes unnumbered cigarettes during a day. He smokes a cigarette between the courses of his dinner.

The anarchists of New York have put a state and municipal ticket in the field. Also electors but have not yet named their presidential candidate.

Nearly 600,000 acres of land have been entered by settlers during the past year. The railroad companies have sold over 1,000,000, and much more would have been settled on had it been surveyed.

China has retaliated on the United States by boycotting petroleum, white sheeting, of all kinds, American calico, watches, and American firearms, ginseng root, and flour. The Pacific coast will feel the effect of this boycott in flour only.

Solon Smith, ex-member of the Dominion Parliament, in a speech last week in Ottawa, came out squarely for annexation, as Canada's only salvation. "As regards the terms," he said, "the American people should take us just as we are, allow us to retain our local governments, local codes, courts and school systems—all those privileges of local government we now enjoy."

At the June election the state of Oregon went over 7000 Republican. In the coming presidential election the vote is lowered to 3000 it will show plainly that undue measures were taken to poll this enormous majority. Oregon's election was t' first held on the issues of this campaign and in the minds of the Republican bosses it would be a good criterion for the other states, so a large sack was sent here and its effects are seen in the 7000 majority. Such is politics, and women want to enter the political arena.

Asiatic cholera is raging in China, and it is peculiarly fortunate that the Chinese exclusion bill should have become a law just at this time, as it will prevent the importation of the germs of the disease in the baggage of the celestials. The fact stands forth with convincing clearness that the present administration is the only one that has ever done anything to protect this coast from being overrun with the Mongolian hordes.—Times.

NOTICE OF APPOINTMENT OF EXECUTRIX AND EXECUTOR.

Notice is hereby given that the undersigned Lucy E. Bewley and Roswell L. Bewley have been duly appointed by the county court of Yamhill county Oregon, joint executrix and executor of the estate of James F. Bewley deceased. Therefore all persons having claims against said estate are hereby notified to present them with proper vouchers to the undersigned at the law office of W. L. Bradshaw, at Lafayette, Oregon, within six months from the date hereof.

Dated this 29th day of Oct. 1888.
 LUCY E. BEWLEY and
 W. L. BRADSHAW, ROSWELL L. BEWLEY,
 Atty for said estate joint executrix and executor of said estate.

Do you read The Telephone? If you don't send to the office for a sample copy. Price \$2. per year.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no Pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. Rogers & Todd.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla. was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. All who have used Electric Bitters record of cures, as Dr. King's New Discovery for Consumption guaranteed to do just what is claimed for it.—Trial bottle free at Rogers & Todd's Drug Store.

When Baby was sick, we gave her Castoria,
 When she was a Child, she cried for Castoria,
 When she became Miss, she clung to Castoria,
 When she had Children, she gave them Castoria.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention and is steadily increasing in demand. All who have used Electric Bitters using the same song of praise.—A pure medicine does not exist and it is guaranteed to do what is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys will remove Pimples, Boils, Salt Rheum, and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malaria fevers.—For cure of headache, Constipation and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50 cents, and \$1.00 per bottle at Rogers & Todd's Drug Store.

MOTHERS!

Castoria is recommended by physicians or children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhoea and wind colic, and prevents cholera, destroys worms, and always feverishness, soothes the child and induces refreshing and natural sleep. Castoria is the children's panacea—the mother's friend, 35 doses, 25 cents.

DUJARDIN'S LIFE ESSENCE

This wonder of Modern Chemistry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential constituents of the Blood, Brain and Nerve Substance, and for developing all the Powers and Functions of the System to the highest degree. It acts as a specific, surpassing all those of the present age, for the speedy and permanent cure of all derangements of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite. Being a Natural Restorative, its energizing effects are not followed by corresponding reaction, but are Permanent, and are frequently shown, from the first day of its administration, by a remarkable Increase of the Nervous Power, with a feeling of Vigor, Strength and Comfort to which the patient has long been unaccustomed. The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement; the Face becomes Fuller, the Lips Red, the Eyes Brighter, and the Skin Clear and Healthy. The hair of the head and beard grows and acquires strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the Lively, Animating, Element of Life which has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that Boon Energy of the Brain and Muscular System which renders the Mind Happy, Cheerful, Brilliant and Energetic; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action. Price, \$1.50 per bottle.

For sale by all druggists.
