The most potent factor in the growth of Washington territory is the Northern Pacific railroad.

A man last week sat up in his coffin and took charge of his own funeral, ordering the same indefinitely postponed.

If the Republicans want to stop the illegal voting in the south all they have got to do is to take the right of suffrage away from the Negro.

Waitsburg, a little burg of half or a third the size of Pendleton, has agreed to raise a bonus of \$35,000 to secure the Hunt railroad to that place.

President Cleveland has written his last message to congress and it is published. It is a lengthy one and deals with all the subjects in which the government of this country is interested.

An analysis of a dozen brands of cigarettes has been made in Chicago, and the results are such that cigarette smokers cannot regard them with complacency.

The Medusan blood of the Chicago anarchists has fallen upon a fruitful soil, and a new crop of anarchists have sprung up in Chicago.

A clear test of the strength of civil service reform under Cleveland and Harrison will be made in the case of the post office at Salem.

ENSILAGE.

How Farmers Should Prepare Feed for Stock.

BY A. W. THORNTON.

The first requirement necessary for making Ensilage is a suitable silo. What is a silo? A silo is an airtight chamber in which grain used to be preserved from atmospheric influences, and was usually excavated underground and lined with cement.

Each system had its advocates and its advantages, also its peculiar disadvantages. From the accumulated experience of so many experimenters I will elucidate a plan of silo which I think best meets the requirements of pioneer farmers.

DUJARDIN'S LIFE ESSENCE

This wonder of Modern Chemistry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential constituents of the Blood, Brain and Nerve Substance, and for developing all the Powers and Functions of the System to the highest degree.

It acts as a specific, surpassing all those of the present age, for all derangements of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Nerves in the Head and Ears, Loss of Energy and Appetite.

Being a Natural Restorative, its energizing effects are not followed by corresponding reaction, but are Permanent, and are frequently shown, from the first day of its administration, by a remarkable Increase of the Nervous Power, with a feeling of Vigor, Strength and Comfort to which the patient has long been unaccustomed.

The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement; the Face becomes Fuller, the Lips Red, the Eyes Brighter, and the Skin Clear and Healthy.

The hair of the head and beard grows and acquires strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the Lively, Animating, Element of Life which has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that Buoyant Energy of the Brain and Muscular System which renders the Mind Happy, Cheerful, Brilliant and Energetic; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action.

Day and Night

During an acute attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is also attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep.

I have been a practicing physician for twenty-four years, and, for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the usual remedies

Without Relief, I tried Ayer's Cherry Pectoral. It effected a speedy cure.—G. Stoveall, M. D., Carrollton, Miss.

Ayer's Cherry Pectoral is decidedly the best remedy, within my knowledge, for chronic Bronchitis, and all lung diseases.—M. A. Rust, M. D., South Falls, Me.

I was attacked, last winter, with a severe Cold, which grew worse and settled on my Lungs. By night sweats I was reduced almost to a skeleton. My Cough was incessant, and I frequently spit blood. My physician told me to give up business, or I would not live a month. After taking various remedies without relief, I was finally

Cured By Using two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption.—S. P. Henderson, Sausalburg, Penn.

For years I was in a decline. I had weak lungs, and suffered from Bronchitis and Catarrh. Ayer's Cherry Pectoral restored me to health, and I have been for a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief.—Edward E. Curtis, Rutland, Vt.

Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Pneumonia. After trying various medicines, without benefit, he prescribed Ayer's Cherry Pectoral, which relieved me of my cough, continued to take this medicine, and was cured.—Ernest Colton, Loganport, Ind. #1
