

YAMHILL CO.

What Some of Its Leading Farmers Say.

Martin & Sanders.
Dear Sirs:—I have used and handled a great many machines and I have found your Cutting Box the best I ever handled or saw used.

North Yamhill, Or., Oct. 3, 1888.
Martin & Sanders,
Dear Sirs:—The Belle City Feed cutter I bought of you last winter gives good satisfaction, better than any other machine around here, it cuts very fast for a small machine. I would recommend the Belle City before any other.

C. ZIMMERMAN.
McMinnville, Or., Nov., 20, 1888.
Gentlemen:—Yours of a recent date duly received. In reference to the Belle City Feed cutter, I would say that my No. 3 is all I could desire. I have speeded up to about 600 revolutions, and it is only a question of getting the hay to the machine. I am well satisfied in every respect. It has the only practical feed I have seen. viz: the two corrugated rollers.

A. M. WADDELE.
Mr. C. G. Scott, of Carlton, Or., writes in reference to the Belle City Feed cutter, it gives perfect satisfaction and can recommend it to any one that wants to buy a feed cutter.

Carlton, Or., No., 17, 1888.
Messrs. Martin & Sanders,
McMinnville, Or.
Gentlemen:—Permit me to say that the No. 6 Belle City Feed cutter I purchased from you some time ago has given me perfect satisfaction, and in case I should ever require another I would buy one constructed on the same principle.

J. WENBERG.
Mr. C. C. Walker a leading farmer of Polk county, writes of the Belle City Feed cutter, I am well pleased with the machine. I will say it is the best fodder cutter I have ever used, being far superior to the Baldwin.

The jolly clerk of this county was in the city Wednesday looking for a house preparatory to moving his family to this city. Mr. Hobbs thinks that the records will be moved here about the 5th, of January but the office will not be shut up till the 7th.

If you think real estate don't change him in Washington territory you are mistaken. The following from the Cheshales Bee gives an idea of the business done in real estate:
"Yoder & Co., have bought from The Bee office since the first of January, 1888, one hundred and thirty-six deeds, besides numerous other blanks. This is evidence of a big real estate business for one firm."

The band boys wish to make an explanation of their non-appearance at the dance on Thursday, the 29th. Those that were expecting band music should not feel hard toward the boys for not playing.

The building built for S. C. Force by Jones Howell in this city is the first to take a new style of architecture. It is small but illustrates that it does not cost much for beauty under modern architecture. If the inhabitants of this city who build houses would all try to adorn their homes, the city could be much improved in appearance.

It has been advertised that the board of trade wanted to hold a meeting. If it has, we will have to rustle for the proceedings. Nothing has been dropped by the members which would lead us to think that a meeting was held. It is the duty of everybody who knows an item that would do the city good, to give it to a newspaper reporter so that it could be scattered abroad.

A Serious Accident.—On Monday forenoon Mr. Mayer, of Portland, grand master of the Masonic order, was seriously injured at Jennings' landing. Being well advanced in years, he was slowly stepping down the gang plank of the Luva Mason to the shore, when the steamer began to back out. He lurched, in order not to fall in the water, and jumped. His feet struck the rocks and he broke an ankle bone. He was taken into Col. Jennings' house, and Dr. Carl, who happened to be aboard, set the fractured limb. The worthy grand master and other officials of the Masonic order had come to Mr. Jennings' for the special purpose of sympathizing with him in his affliction and exhausting illness.

SAVE YOUR SUGAR.
A Scientific Fact Which Will Save You Many Dinners.

All house-keepers should know that sugar boiled with an acid, if it but three minutes, will be converted into glucose, which is the form of sugar found in sweet apples. One pound of sugar has as much sweetening power as two and one-quarter pounds of glucose. In other words, one pound of sugar stirred in the fruit after it is cooked, and while yet warm, will make the fruit as sweet as two and a quarter pounds added while the fruit is boiling.—Colman's Rural World.

EATEN BY WILD BEASTS.
A Montana Miner Who Used Too Much Opium Was Eaten by Mountain Lions.

The skeleton of James Robison was found in his cabin in Lincoln Gulch, Deer Lodge county, Montana, on Friday. All the flesh had been eaten from the bones, and the hands and head were severed from the body. Robison had not been seen for three weeks. On a table in his cabin was found some opium to the use of which Robison was addicted. It is supposed he took an overdose, and became unconscious, when mountain lions entered the cabin and killed him and ate his flesh.

Hops to London.
The Tacoma Ledger says: E. Meeker & Co., of Puyallup, have shipped to London this season of their own hops and those purchased of others about 6000 bales, which is probably the largest consignment from a single house shipped to that country from America this year. Fred Meeker is now in London in the interest of the firm. John V. Meeker recently purchased a quantity of hops, Yakima, and Joseph Meeker yesterday started for Oregon to buy some 300 or 400 bales in that section.

Improvements at Yaquina.
The Yaquina Republican says that the government will build a wharf 70x100 feet just west of Rey's wharf. A drive-way will be left between the wharf and Mr. Case's bulkhead, so people can reach the beach without difficulty. A passage for landing will also be left open between the new wharf and Rey's wharf. The new wharf will be raised about two feet to conform to the level of the new wharf and the tramway when built. Piles and lumber for the wharf have been ordered and are expected to arrive in a few days. Work will commence just as soon as the material arrives. It is expected that the tramway can be completed this winter.

OUR CITY COUNCIL.

Hold a Meeting and Transact a Large Amount of Business.

PROGRESSIVE AND INDEPENDENT.
A Next Letter to the Council from the Mayor. His Ideas of the Situation.

The city council held a meeting Monday night according to charter.
Present, Mayor Manning, Councilmen Barnebeck, Bart, Grissen, Jones, Tucker and Wright, Recorder Spencer and Marshall Kauffman.

Meeting was called to order, minutes of preceding meeting read and approved. The mayor had prepared a letter to the council which was then read.
Although a resolution was adopted during the meeting for the publishing of the letter the mayor informs this paper that he has burned it. He is modest and does not want his letter to be put before the public finding public. Mr. Grissen arose and in short speech complimented the letter.

The following bills were allowed:
C. A. Wallace, groceries, \$ 50
J. H. Crow, night watchman, 40 00
Geo. W. Kauffman, marshal fees, 42 10
Jno. J. Spencer, 5 65

Marshalls and recorder reports adopted and read in file.
Mr. Jones then presented a bill of \$21.00 which was allowed.
Upon the suggestion of the recorder ordinance No. 72, an ordinance prohibiting the use of bean shoofters within the city limits was passed. On the passage of this ordinance there was some discussion. Mr. Bart said that he had no objection for he had sold out his stock of the articles. Mr. Grissen wanted the time extended because he had a stock which he wished to sell. These gentlemen voted against their own interests just the same. The mayor then suggested the routing of business to the recorder for revision. This was done and no change suggested, they were ordered rewritten.

Mr. Grissen then handed in the following resolution which was adopted.
Resolved, that the council approve the message of Mayor Manning, resolved that the same be published in our weekly papers, and resolved that the original be placed on file in the recorder's office.

RECORDED SPENCER
Recorder Spencer reminded the council that the house occupied by Chas. Bynum was a nuisance to the public health, Dr. Tucker suggested that this matter be immediately attended to. Jones moved that an assessor be elected, seconded and carried, C. W. Talmage was elected assessor.
Moved and seconded that street commissioner be elected, carried.
H. L. Heath elected street commissioner.
Council adjourned.

A LETTER FROM ALASKA.
Sitka, Alaska, Oct. 31, 1888.
Dear Friend,

Would that I could write you a very plain concise statement of the situation of affairs in Sitka; but my time is almost wholly taken up in the mission. During the past two months I have filled three places as we were short of teachers.

We have just opened a reading room and hope to make it a success. Every Monday I hold a meeting for the natives. We meet in a little chapel that has been built by the young carpenters of the mission for the Indians.

Our native teacher, Mr. Paul interprets for us. We have forty five members and there are usually that many present. The men and women pray and they all want a chance to be heard.

Our school is filled to overflowing. We have one ward of a hospital built and hope that means will be furnished to build one for the boys too.

You ask what you might send us. Clothes, old linen and flannel are much needed in the care of these natives. The mention of fruit makes our mouths water. We only get apples and lemons when we order boxes of them.

The above is taken from a letter recently received from Miss S. Winans in answer to inquiry. Friends, our harvest has been plenty, we have fruit to spare; shall we not share with those who have gone to spread the light of the gospel. Fruit from Portland to Alaska are \$18.00 per ton, making the freight on one barrel about \$3.50.

Any donations of money, dried or canned fruit, clothing, etc., will be thankfully received and forwarded by Mrs. Julia L. Snyder, McMinnville.

JUSTICE COURT.
Saturday the case of C. J. Carter vs. J. R. G. Haynes was heard before Justice Harding, who rendered judgement to C. J. Carter to the amount of \$22.35. It seems that Haynes went to Southern Oregon with a band of cattle and was accompanied by Carter, who was going south for his health. On the way down Carter furnished nearly all the expense money and upon returning Haynes refused to return it. Therefore the suit.
