THE CREAMERY.

As you will see in another column there is the chance, and only a chance, of a creamery being put in in McMinnville. All it needs is a little more enthusiasm on the part of the people and a plant will be put The following mortality table taken in with a capacity of 1000 pounds of butter per day, a cheese factory and cold storage in connection.

The farmers of this vicinity should take this scheme under consideration and think of the benefits they can derive from such a plant in this city., In order to put you to thinking in the right direction we will give you a few ideas.
