Young, corresponding secretary. S. A. Manning is fixing up his lately purchased building in fine style. When completed he will have one of the largest and best equipped hardware stores in the Willamette valley. He says he intends to fill his large building full of stock.

Whooping cough, croup, sore throat, sudden colds, and the lung troubles peculiar to children, are easily controlled by promptly administering Ayer's Cherry Pectoral. This remedy is safe to take, certain in its action, and adapted to all constitutions. Avoid appearances.—A worthy gentleman, having an unusually red nose, was long suspected of being a tippler on the sly, by those not acquainted with his strictly temperate habits. His unfortunate disfigurement was readily cured by the use of Ayer's Sarsaparilla.

C. Fritz the photographer has taken several views of this city and surrounding country. Several were taken from the roof of the court house tower and several from the college tower. The negatives are fine ones and will make good pictures. Mr. Fritz will place them on exhibition and on sale. No better means to advertise this section could be devised. Buy a view and send it east to your friends.

Mrs. E. J. Tyler, of Artesian City, Dakota, writes to Mr. H. Cook, of this city, that she intends to move to this city with her family and engage in the fruit industry. She wants to know if 20 or 30 acres of land suitable for fruit raising can be found in this vicinity. Most assuredly it can. The best fruit raising country in the world is the Willamette valley. She also asks if the "Resources of Oregon" are reliable. Every word of that volume can be relied upon, as it was issued by the order of the legislature, and compiled under their supervision.

All the TELEPHONE-REGISTER receipts are printed on blue paper for the year 1889. These are the only ones printed in this office. All others are counterfeit. We have only one canvasser in Yamhill county Mr. H. H. Welch of this city. All the propositions he makes for subscriptions, we have authorized him to do, and have published the same in the columns of this paper. The Telephone-Register goes to the front from its own merits.

Bell Boy the famous three-year-old was sold at auction Feb. 21, and brought \$51,000. He was sold to J. H. Clark of the Geneva valley stud of New York. This is the highest price ever paid for a horse at either public or private sale in this country. In many respects Bell Boy is one of the most wonderful colts ever foaled, his breeding being of the best, his conformation perfect and his turf record phenomenal. His stud book both for this and next season, is full at the large fee of \$500.

He stood upon the red hot sands of the Arena. The populace shouted and wept. He had performed miracles in the contest too. His broad and thick chest heaved with pride and exultation at the defeat of his enemy who now lay in a crumpled and broken mass in the corner. He, among his comrades was the only one who had survived. The dollars were thrown upon him. His wealth was now counted by the thousands. He had advertised his show in THE TELEPHONE-REGISTER.

For some time past the "Home Comfort" Range men have been in this section selling ranges. They are gentlemen, and the people need have no fear in regard to business relations with them. They come recommended by the best business men of St. Louis. The firm by which they are employed make the largest ranges made on the globe to-day. We have been shown the construction of the ranges and can see no fault in them, and people who buy and use them praise them highly.

VERY BAD PROSPECTS.

The Boise Country suffering for moisture. Mr. Wm. Galloway returned from Idaho, Wednesday night, bringing with him a carload of twenty horses. He reports the upper country as suffering for rain, no snow nor rain has fell during the entire winter. The outlook for grass is bad and stockmen are excited, many of them being anxious to sell. There is not enough moisture in the ground to grow any kind of hay.

Mr. Galloway says that he saw no place as good as Yamhill and is pleased to get back here. The Taylor Public School. As our public schools should be of interest to every one allow me to trespass on your space, by a few words on behalf of the Dayton school and teachers. We have here one of the best schools in the county, the number in attendance this year reaching 111.

Last week Mr. L. R. Lewis closed a very successful six months term of school here. On the last day, when the bell tapped after noon for the scholars to take their places, Master George Alderman advanced to the teacher's desk and in a neat little speech, presented to Mr. Lewis a beautiful gold pen and holder, as a mark of the esteem and respect of his scholars, and also a list of the contributors to the amount of forty dollars. Mr. Lewis regards this act of his scholars as one which will ever seal his friendship to them, and one which is appreciated by him more than any other could have been.

In the evening of the last day of the term Mr. Lewis and his assistant, Miss Call, and the pupils of the school, gave an entertainment in the M. E. church to a crowded house. Every one was well rendered and the programme was well received by the audience. The parts were so well prepared, and having devoted no time to them which belonged to their regular school work, the teachers and pupils deserve much credit. It shows how easily a great deal can be accomplished if the teacher and pupils work together in the same spirit. The school has made rapid progress during the term, and the number of scholars good results by faithful and diligent work is due to both the teachers and the pupils.

BE CAREFUL.

Mrs. Huntley Near Killed by Mistaking a Bottle of Acetic for Ginger. Mrs. John Huntley, of Pike, sat up with the corpse of Mrs. John A. Simmons Saturday night and near morning was taken with cramps. She was told by some of the persons to take a dose of Jamaica Ginger, which she would find, designating the place. Mrs. Huntley found the bottle and it was labeled "Jamaica Ginger." She took a good dose and in a short time was in convulsions. A doctor was sent for and he succeeded in ascertaining that the stuff she took was acetic, a deadly poison. She is no better, but was very close to death's door. This should teach people to not keep an apothecary shop in the house. Thousands of useless medicines, unlabeled and not found in nearly every house. When a person is sick and a medicine has been prescribed and not all of it used, the contents and bottle should be thrown away, not be left a menace to life.

RESOLUTIONS.

At a meeting of Charity Lodge No. 7 A. O. U. W., which was held at their hall, on Feb. 15th, 1889, the following preamble and resolutions were adopted: Resolutions of respect adopted by Charity Lodge No. 7, A. O. U. W., of McMinnville at their hall on Feb. 15th, 1889.

WHEREAS: It has pleased an All Wise Providence to remove from our midst our beloved brother Thomas P. Austin, who died on Jan. 14th, 1889, at Etna, Penn., therefore be it

Resolved, That while we bow with humble submission to the Divine Will we do nevertheless mourn for him who has been called from his labors. Resolved, That in the death of Brother Austin, this lodge loses a member who was always active and zealous in his work, and whose virtues endeared him not only to the members of our order but to all who knew him.

Resolved, That this lodge tender their heart felt sympathy to the family and friends of the late brother in this their sad bereavement, and that our lodge room be clothed in mourning for the period of thirty days. Resolved, That these resolutions be entered upon the minutes of the lodge and a copy of the same be sent to the family and one be prepared for publication.

G. W. JONES, A. H. HONSON, Recorder. W. H. YOUNG, Committee. It is the intention of this paper to canvass the city during the coming week for the purpose of writing up its business interests. We intend to print a large edition of the paper and an extra of two or four pages, just as our patrons desire. Considerable space will be given to well written articles regarding the business of our different business men. If the extra can be made to pay for itself it will be issued, but if the business men do not appreciate the advantage of such advertisement at the beginning of the spring sales it will not be issued. This will be done solely for the purpose of placing the advantages of McMinnville for a buying and selling market, prominently before the people, not for the purpose of adding money to our purse. If the extra will be authorized well enough to pay for press work, composition and paper, it will be issued.

A Challenge. In the publication of a former challenge a mistake was made, the challenge should read as follows: Dr. S. A. Young of this city, challenges any horse now owned in Yamhill county, for a trot, best two in three, or three in five, for a purse of \$100 or \$500, the race to be trotted any time between now and the Fourth of July. Dated Feb. 8, 1889.

THE OLD AND THE NEW.

The Difference Between Them Explained. As some of our citizens seem to misunderstand the nature of the amendment to our city charter in reference to taxation and bonding, the city for water works we quote subdivisions 2 and 3 of section 31 in the old charter and then amend it in the new one.

"2. To assess, levy and collect taxes not to exceed one per centum per annum upon all property, both real and personal, which is taxable by law for state or county purposes."

"3. To borrow money on the faith of the city, or loan the credit thereof, or both; provided, that the indebtedness of the city of McMinnville must not exceed in the aggregate the sum of three thousand dollars, and any debt or liability incurred in violation of this provision, whether by borrowing money, loaning the credit of the city or otherwise, is null and void of no effect."

The new charter is as follows: "2. To assess, levy and collect taxes not to exceed one half of one per centum per annum upon all property, both real and personal, which is taxable by law for state or county purposes."

"3. To borrow money on the faith of the city or loan the credit thereof, or both; provided, that the indebtedness of the city of McMinnville must not in the aggregate exceed the sum of five thousand dollars, except that for the purpose of constructing and maintaining a system of water works, the council may incur an additional indebtedness of twenty thousand dollars, and no more, and may issue the bonds of the city for that purpose, but in no case shall the bonds of the city be issued for said water works they shall not be sold for less than their par value and shall not draw a greater interest than the amount of one per centum, and the council is hereby authorized and empowered for the purpose of paying said bonds and interest, in addition to the tax authorized by subdivision 2 of section 31 of this act, to levy and collect annually the sum of one half of one per centum on all the taxable property of the city, and said council shall provide by ordinance for the collection of a water tax upon all the consumers of said water, and impose fines and penalties for refusing or neglecting to pay the same, and establish the rate, time and manner in which it shall be paid, and all moneys received and collected from said tax, and water rates shall be applied to the payment of said bonds and interest thereof, and the maintenance of said water works and for no other purpose whatever, provided further, that after said bonds and interest shall have been fully paid the council shall collect such an amount from the inhabitants of said city as shall be sufficient to maintain said water works in good repair."

From the foregoing it will be seen that no greater amount can be collected from our citizens, annually, than under the old charter, and still we can have water works.

THE YAMHILL PUBLIC SCHOOL.

As our public schools should be of interest to every one allow me to trespass on your space, by a few words on behalf of the Dayton school and teachers. We have here one of the best schools in the county, the number in attendance this year reaching 111.

Last week Mr. L. R. Lewis closed a very successful six months term of school here. SOUTH YAMHILL.

Long Knights. Stove peddlers. Sprout your potatoes. Sewing machine agents. Mrs. Rose McPhillips is visiting friends in Wilametta.

Mr. Jolly went to Fallston one day last week on business. Read the school meeting notice and go and vote at that.

John Henderson will summer-fallow his wide farm this year. Miss Lotie McPhillips is visiting her grandmother in Happy Valley.

Ah there, Jimmy Durham, what brings you out four miles from town? Dean Cook has quit school and is now manipulating the plow on his father's farm.

Mr. B. F. Rhodes finished a term of school last Friday in the Muddy school-house and read the notice which will resume teaching in Happy Valley. A mare belonging to Mr. Mitchell died one day last week. She was a fine animal and had been offered \$200 for her only a short time ago.

Mr. and Mrs. Jolly went to North Yamhill to Grange last Saturday. They went from there to Forest Grove, where they will spend several days visiting friends.

SHERIDAN.

Weather fine. J. W. Evans has bought property in town. A. S. Bible and party have gone to the mountains on a hunting expedition.

R. Jacobson has sold his entire stock of merchandise to LaFollet & Kinney. J. W. Edwards is building a new house. J. W. James is also building himself a new residence.

Rev. McDaniel has arrived from Nebraska. The people were much instructed by a sermon preached by him last Sunday evening.

CARD OF THANKS.

The Ladies of the Coffee club desire to thank the citizens of McMinnville and vicinity for their generous donations, also for so liberally patronizing the entertainment. The club realizes about \$28. Special thanks are due Messrs. Rogers & Heath for the free use of the telephone. Also the editors of THE TELEPHONE-REGISTER and Reporter for their kindly notices, and Mr. Wm. Henderson for the free use of loan.

Mrs. NELLIE HONSON, President. Mrs. CALBREATH, Secretary Pro Tem.

HORSE-TALK.

Yamhill Horses Discussed by "Billy Button." The horsemen are beginning to live up to a little, several races are on the road to maturity. Dr. S. A. Young's halcyon has made the boys open up their eyes. A race between Mt. Vernon and Kettleman was all but made the other night and it is more than likely to take place during the summer. Several of the horsemen have said that THE TELEPHONE-REGISTER's suggestion regarding the horse show was timely. Damon Sawyer was notified working his fine colt under the saddle one day last week. Jno. L. Morgan the trainer has moved to town and we suppose it is his intention to have horses on the track during the season.

The Fair association will further improve their fine track as soon as the weather will permit and we can guarantee the 100 horses which will train here the finest track in the state. A large amount of interest was taken in the affairs of the association, by the directors at their meeting last Saturday. It will not be long before this track will be the finest in the state. The Braly ranch adjoining the corporation limits of this city consisting of over 900 acres of the choicest land in the county is for sale. It would make the best fine stock farm in the state. It is already supplied with good buildings, has large pasture on the river bottoms. For five miles it is fenced in, as it were, by the river, assuming good pasture the year round. It seems that some of Oregon's stock men would buy this up for this purpose as it is so close to a good stock market and is offered for a very reasonable price.

Lady Beach, owned by Wm. Galloway, is said to be in fine form, and it appears that the owner of Kettleman wants to make a race with her. She is a good mare, but shows some signs of being "tired" in all it is our opinion that Kettleman is as promising a horse as Yamhill has got.

Clark Braly has not yet got a trotter but he is still interested in horses and likes to talk horse on the corners. The sports are anxiously awaiting the appearance of that colt of which S. A. Manning is never too tired to talk about. Dr. E. E. Galloway's Billy Button is still on grass and will develop into a horse during the next year or two. The Dr. thinks he will be a phenomena and may be a will. The Dr. has the best team in the county for a doctors practice and you listen long enough he will tell you so too. BILLY BUTTON.

CARLTON.

Beautiful weather. Some early garden have been made. Mr. Geo. Perkins of North Yamhill killed 3 black bears from one den last week.

Born.—To the wife of J. E. Swanson of this place a fine daughter. J. E. now runs the mill two hours later of evenings than heretofore.

Dr. J. F. Calbreath has been kept quite busy in our town the last three or four days owing to the amount of sickness in and around our town. We are glad to report Ed Hendrix much better from a very severe attack of quinsy, also that Master Abijah Hendrix who has been suffering the past three weeks from pneumonia of the lungs is slowly recovering.

W. A. Howe is now preparing to place a cutting stock of general merchandise before the people. Already a very large stock of boots and shoes are on the way which will arrive in about four days. Every pair warranted.

The masquerade ball at this place on last Friday eve was a grand success in every particular. The ball opened at 8 o'clock and the masquerade party marched in before an audience of about 150 people, and I must say my pen cannot do justice to the comment. There were some very beautiful and costly costumes. Mr. Harry Sitton, Mrs. L. C. Thompson and Mrs. Maggie Juker were chosen referees to give prizes to the best and costliest dressed lady and best sustained character. After a careful consideration the prizes were given to Mrs. Maggie Shadden of McMinnville, Mrs. C. Hendrix of Carlton, and Mrs. Leslie Thompson of Carlton. Every thing passed off pleasantly and is a thing long to be remembered by the people of our town. Fox.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Rogers & Todd's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Hoarseness, Croup, and all throat and lung diseases quickly cured. You can see it before buying by getting a trial bottle, free, large size \$1. very bottle warranted. (3)

Read the following high endorsement of the "Home Comfort" Range. Every farmer in the country knows Mr. Colman when he was selected to take charge of the agricultural bureau by President Cleveland he knew when he appointed him commissioner of agriculture, the man would honor the office and work for the good of all who are interested in agriculture or stock pursuits.

St. Louis, 1887. I desire to express to you my hearty thanks for putting up the "Home Comfort" range in my house. You could not get it away—if I could not get another of the same pattern—if you could not get me double the price you ask for it. It fills the bill exactly. The women folks are charmed with it. It bakes admirably, and is just the thing we were so badly in need of. No woman can be happy if deprived of the "Home Comfort" after having once used it. In designing the "Home Comfort" Range you have conferred a great blessing upon the "women folks," and have done much to make home life happy. Yours truly, NORMAN J. COLMAN, Secretary of the Dept. of Agriculture.

SEE WHAT GEN. SHERMAN'S WIFE SAYS. Gentlemen—"The Home Comfort" Range now in use in our home is superior to any we have ever used. I most respectfully tender this evidence of its merits. Very respectfully, Mrs. W. T. SHERMAN.

ASK ANY OF YOUR DRY GOODS MERCHANT FRIENDS IF THESE ENDORSEMENTS ARE NOT GOOD: Wrought Iron Range Co. Gentlemen—"Home Comfort" Range is the most satisfactory cooking implement our cook has ever used. It burns less coal, is easier cleaned and regulated, heats up quicker, and does its work like a little man. Very truly, W. A. IN DURANCE VILE.

Jack Cooper, the Sheep Thief, Caught at Pendleton. Several days ago Sheriff Harris received a telegram from the sheriff of Umatilla county, stating that Jack Cooper, the escaped sheep thief, was in the city of Pendleton and, if wanted by Yamhill county, would be arrested. He was telegraphed to arrest him and in a short time came the answer: "Got him sent man for him." Alfred Fletcher was sent for him and on Wednesday evening returned. He was taken to a new jail, where he will not escape for a time at least. He appears unconcerned and seems to like the idea of not working for his board.

How's This?
