Carlsson, near North Yamhill on Feb. 22d, 1889, a son. For something new and nobby in the clothing line be sure to call on Bishop & Kay. Mr. Williams of the Panly Jail Co., went up on the Wednesday morning's train. You can save money by using a Canton walking gang, Martin & Sanders agents. A thing of beauty is a joy forever likewise one of those nobby hats of Bishop & Kay's. Grant McGuire who is clerking in Woodburn is in the city spending a week with his parents. Bishop & Kay carry the largest stock of neckwear, gloves, hosiery and fancy underwear in town. We have some flyers in summer overcoats satin faced all wool at the low price of eight dollars. Bishop & Kay. The next suit of clothing you want if you want to save \$5.00 or \$10.00 buy it of Bishop & Kay they are in that business. Not necessary to pay high prices for old shopped clothing when you can buy fresh new styles at low prices of Bishop & Kay. The first installment of goods purchased by Mrs. Bettman at San Francisco is expected to arrive here about Friday. Two pupils from Prof. Crawford's room in the public school were examined recently and each received a teacher's certificate. S. A. Manning and R. P. Ungerman of Lafayette have consolidated their business. Mr. Ungerman's stock was moved up Wednesday. A peach tree in A. R. Burbank's yard at Lafayette is in full bloom. This is nothing rare for Oregon, but where else can it be found? Senator J. P. Dimick of Marion county, was in the city Sunday. He came over to take his son home, who has been sick at the college in this city. Mr. Harrington and family, of Missouri, arrived in Lafayette Monday evening. He is a brother of J. Harrington, of that city, and intends to locate in this county. Mr. Pender the horse trainer will arrive here Monday with a stable of 23 horses, 18 of which will be trained and worked daily on the track at the fair grounds. Tom Rogers, the unrepentant, and D. Glenn are now talking of making the Salmon islands a visit. Their adventures "From Alaska to Samon" would make an interesting volume. Mr. C. E. Hoskins and wife returned to their home in Newberg last Tuesday. They have been visiting relatives in the East, where Mr. Hoskins has also been selling his Oregon dried fruit. W. H. Bingham has moved his large stock of furniture into the building formerly occupied by S. A. Manning. He will add to his stock largely and will have a very fine establishment when all is arranged. It is a pleasure to make a selection of a suit from Bishop & Kay's stock as you don't have to take something that don't fit or don't suit because you have such a complete stock to select from and something in style and always at the lowest price. Bad blood causes dyspepsia and dysentery reacts by causing bad blood. So both go on, growing worse, until the whole system is poisoned. The surest means of relief for such victims is to take enough and persistent course of Ayer's Sarsaparilla. There will be a Union service held in the M. E. church next Sunday evening, March 10th, in the interest of the American Bible Association. Rev. P. C. Hertz is presiding. All are cordially invited to attend. Lizzie Handley, Sec. McMinnville A. B. A. Henry Pitts, the former cook at the Cook house, will start a first-class restaurant in the room opposite the postoffice, in the Garrison block. Henry is one of the best cooks in the state, and the people have gained something when he enters to their palates. Miss Essie H. Bedloe, of Burlington, Vt., had a disease of the scalp which caused her hair to become very harsh and dry and to fall so freely she scarcely dared comb it. Ayer's Hair Vigor gave her a healthy scalp, and made the hair beautifully thick and glossy. The Lafayette (Or) REGISTER has moved to McMinnville and consolidated with the TELEPHONE, and the combination is named THE TELEPHONE-REGISTER. Both papers were democratic and the present policy is intensely so, yet public spirited and well patronized.—Chelatis (W. T.) Bee. C. C. Beckman, the old-time Southern Oregon banker, having returned from an Eastern trip, explains to the Jacksonville Times that hundreds of prominent farmers of the best agricultural states are pulling up stakes with the intention to adjourn from that wind-blown and frost-bitten part of creation and come to the North Pacific. The elevation of Washington territory to be a state of the Union has given attractiveness to this region. Thousands are coming, and Beckman very wisely remarks that no one can go amiss to buy good agricultural lands in Western Oregon. Figures must range high before summer is over.

THE CHICKEN LAW.

Ordinance No. 61 when Enforced will Stop the Chicken Nuisance.

The people of this city have made numerous enquiries at this office in regard to the chicken law. Several citizens want to make gardens and cannot do so unless the neighbors' chickens are confined. The city ordinance on the subject is as follows:

ORDINANCE NO. 61, To prevent domestic fowls from trespassing on the premises of persons not the owners of such fowls and to punish the owners of such fowls as trespass on such premises.

Sec. 1. It shall be unlawful for the owner of any domestic fowls to permit such fowls to trespass upon any premises not his own within the corporate limits of the city of McMinnville.

Sec. 2. If any domestic fowls trespass upon the premises of any one within the corporate limits of said city of McMinnville the owner or occupants of said premises shall, in writing, notify the owner or person in control of such fowls to restrain such fowls from trespassing on such premises.

Sec. 3. Any person who permits any domestic fowls of which he is the owner or over which he has the control, to trespass upon the premises of another after receiving the notice provided for in Section 2 of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof before the recorder shall be punished by a fine of not less than one nor more than five dollars.

Sec. 4. All ordinances or parts of ordinances in conflict herewith are hereby repealed and this ordinance shall be in full force and effect from and after its approval by the mayor.

Passed the council Sept. 7th, 1887. J. S. J. SPENCER, Recorder of the city of McMinnville. Approved Sept. 8th, 1887. JACOB WORTMAN, Mayor.

Mr. L. F. Hall, of Chelan, and "Uncle" James Johnson spent an hour in this office Tuesday. It was filled with stories and politics and was an interesting hour indeed. The TELEPHONE-REGISTER is interested in the rebuilding of not only McMinnville but the entire county of Yamhill, and if any of our sister towns desire anything from us in the way of publishing their advantages by weekly correspondence, write us or call at this office and talk the matter over. The ladies of the Coffee club wish to inform the members that there is a deposit of \$60 at the bank to assist in buying new machinery for the fire department. When they wish to use it for this purpose they will please call on the president, Mrs. Nellie Hodson, or treasurer, Mrs. J. H. O. P. F., for the use of dishes, jars, etc., please call at Mrs. Hodson's as all uncleaned were left in her care. Mrs. Nellie Hodson, president, Mrs. Dr. Calbreath secretary.

D. C. Coleman, at Sheridan, writes that they need a creamery at that place, which makes it proper to give a few points concerning the creamery business. McMinnville is not far removed from Sheridan, and has a creamery with a capacity to make 1500 pounds of butter a day, or to put it clearly, that can use the milk of 1000 cows. Such an institution as that is sufficient for a territory at least equal to Yamhill county, and if run to advantage will be of more use to the county, with its cold storage attachment, than half a dozen smaller creameries, as it can be managed by the same force that will be required for one of small capacity. Our country friends, as this writer says of himself, may not be acquainted with the workings, so they should understand that cream can be easily collected over Yamhill county and sent to McMinnville as within ten miles of the e. Different gatherers can collect the cream and where too far away can ship it in by rail. Competition may better lie of trade in some matters, but where too many creameries are operated the competition is simply hurtful to enterprise. It is to be hoped that west side people will give a hearty support to the McMinnville creamery and respect the enterprise that planted it there, for it is a No. 1 creamery.—Oregonian.

COUNCIL PROCEEDINGS.

The New Jail Building Referred to a Committee.—Mr. Bodle's Fine Revoked.

A regular meeting of the city council was held Tuesday night at the city hall. Present were Mayor Manning, Councilmen Burt, Barnecock, Wright and Jones, Marshal Kaufman and Recorder Spencer. Minutes of former meeting read and approved. The report of the ways and means committee on the matter of a new jail was read and stated that a new jail could be built for \$150 and two new cells purchased for \$20, but that the old cells from the jail at Lafayette could be purchased cheaper. The report was adopted and placed on file.

Report of special committee appointed to find the amount of money which had been expended on Mr. Ennis during his sickness and burial, reported the amount as being \$59.75. Report adopted and on motion the bill was ordered presented to the administrator of the estate. The following bills were allowed: H. D. Graydon, surveying \$32.00; A. H. Adams, night watch 2.00; Lyle Wright 2.00; Geo. W. Burt, coal oil 12.25; Geo. W. Kaufman 46.50; J. H. Crow, night watch 40.00; TELEPHONE-REGISTER, 3.75; E. Wright 5.00; Jones & Co. 59.32. Councilman Grissen enters the council chamber. E. Wright, wood sawed 2.00; Jack Green, work 29.00; J. J. Spencer 106.50.

An anonymous communication was handed in and read, Mr. Glass of the 22nd street, stated that it would be the town good to advertise, which it would. Marshal's report read and on motion approved and placed on file. Recorder's report read and on motion approved and placed on file.

Petition for sidewalk on south side of Third street in Galloway & Goucher's addition and on east side of J street to connect with sidewalk on south side of 1st street signed by S. G. Force and others allowed. Notices ordered posted. Petition of J. A. Morris to sell spirituous and vinous liquors within the limits of the city for a period of six months, not granted.

On motion a warrant was ordered drawn on the city treasury for \$1064.04 to pay the interest on city debt and to reduce it \$1000. The report of judiciary committee in regard to post house location approved and placed on file. At this period the judiciary committee sprung a little surprise, they had prepared a lengthy report on gambling, stating that the eyes of the city ordinance to prevent gambling were not enforced and that this matter be attended to at once. A new ordinance to stop gambling was ordered to be prepared by the recorder and to be handed in at next meeting of council.

Ordinance No. 75 read and referred to committee on streets and highways. On motion of Jones the error in the city assessment of John Gault was rectified. Mr. Bodle was introduced and made a plea for the reduction of the \$25 fine for contempt of court. On motion of Grissen the fine was rescinded.

On motion of Jones the ways and means committee were empowered to prepare plans and specifications and let contract for a jail to not exceed in cost \$150 exclusive of cells, and to ascertain the price of old county jail cells and to report same to council. On motion the matter of street nuisances reported by the marshal was referred to the committee on judiciary. On motion council adjourned.

CHANGES AT THE WHITE HOUSE.

Private Secretary Halford Sworn In.—Newly Appointed Clerks, Etc. WASHINGTON, March 5.—Elijah W. Halford took the oath of office as the president's private secretary last night and formally assumed his duties this morning. Several appointments went in force at the mansion to-day. Captain E. S. Dinsmore, appointed on the clerical force, was assigned to duty in charge of the lower floor. C. T. Tibbets and Miss Alice Sangster, of Indianapolis, have been appointed clerks. There have been no changes in the old force so far.

Hugo Freeman, of Chicago, has been appointed steward in place of William T. Sinclair, President Cleveland's valet, who resigned. It is expected that the cabinet will enter on its duties to-morrow morning. The late republican committee of notification, organized by the president by special appointment, and afterwards up to 3:30 o'clock, and shook hands with thousands of persons, including members of military and civic organizations. Several organizations were in the line this reviewed.

Senator Blaine came in with the rest of the crowd and stopped for a short chat with the president. He was recognized by the waiting throng as he left the house and was given quite an ovation. Another conspicuous visitor was Representative Randall, who called with the Pennsylvania organization. General Barnecock, of New York, and staff and Governor Hoard and staff were also among the visitors.

At 3:30 o'clock the grounds were still thronged. The reception was therefore closed for the day and those in waiting were informed that as it was impossible for the president to shake hands with all of them, he would come out on the porch and review them as they passed along. This announcement was well received and the crowd formed in line and marched across the portico, with the president stood in the doorway, bowing his acknowledgments of their salutations. Several organizations were in the line this reviewed.

All the members of President Harrison's cabinet are in the city with the exception of Postmaster-general Wanamaker and Secretary Kusk, who will, however, be here to-morrow. All the members of ex-President Cleveland's cabinet tendered their resignation to President Harrison yesterday, and he accepted them to-day, to take effect on the qualification of their successors. Assistant Secretary Rives, of the state department, has tendered his resignation, to take effect at once.

THEIR PROBABLE FUTURE. WASHINGTON, March 5.—Secretary Bayard owns a large house on Massachusetts avenue, in which he has lived a number of years. His three daughters, who have resided over the house, have been kept busy all day and late last night. Administrator directed to make distribution. James McGinnis estate bond of G. W. Sappington as administrator approved. P. F. Wright, A. M. McClintock and F. Hansor appointed appraisers. Henry Dunzer estate bond of J. E. Magers approved.

HARRISON'S CABINET.

The Many Opinions Expressed Are Wind Now.

BLAINE SECRETARY OF STATE. The Jingo Administration Takes the Reins of Government in their Hands. THE NOMINATION CONFIRMED. Visitors Have About Taken Possession of the Public Buildings.

WASHINGTON, March 5.—The White House was the center of attraction. Nearly all of the thousands of visitors in the city made it a visit. Business, practically, is at a standstill in all departments, pending the change of official heads. The sightseers streamed through the corridors and kept the clerks busy answering questions. The president came down shortly after 10 o'clock and took a station in the East room and began the ordeal of shaking hands with the crowd as it passed before him. This has been in progress several hours and still continues.

WASHINGTON, March 5.—President Harrison to-day sent to the senate the following nominations: Secretary of State—JAMES G. BLAINE, of Maine. Secretary of the Treasury—WILLIAM WINDOM, of Minnesota. Secretary of War—REDFIELD PROCTOR, of Vermont. Secretary of the Navy—BENJAMIN F. TRACY, of New York. Secretary of the Interior—JOHN W. NOBLE, of Missouri. Postmaster-General—JOHN WANAMAKER, of Pennsylvania. Attorney-General—W. H. MILLER, of Indiana. Secretary of Agriculture—JEREMIAH RUSK, of Wisconsin.

CONFIRMED BY THE SENATE. A Round of Applause for Vice-President Morton. WASHINGTON, March 5.—The senate was crowded at the opening this morning. The credentials of Blaine, of Proctor, of Tracy, of Noble, of Wanamaker, of Miller, of Rusk, and of Morton, were read and approved. The president's cabinet was confirmed by the senate in writing shortly. Cockrell offered a resolution for a committee to inquire into the cause of delay in the transaction of business in the executive departments.

The credentials of Blaine, appointed by the governor of New Hampshire, owing to the failure of the legislature to elect a successor to Chandler, were presented. The credentials of Morton, appointed by the governor of New Hampshire, owing to the failure of the legislature to elect a successor to Chandler, were presented. The credentials of Morton, appointed by the governor of New Hampshire, owing to the failure of the legislature to elect a successor to Chandler, were presented.

Yamhill has some very fine blooded stock and there is no reason why several records better than 2:30 can't be made. If the Yamhill horses are put into the hands of good drivers and the owners will let them do as their judgement directs, the records can be produced. But when an owner wants to try the speed of his horse himself every day it lessens the horses chances so much for a good record.

Chas. Woods will be here on the 1st of April with his stable of horses, among them is the fine young trotting stallion, Dick Flaherty, who will stand at the fair grounds for the season of 1889, for a limited number of mares. Dick Flaherty is a phenomenon. His speed has never yet been got out of him. He is good for a mile in less than 2:25 any day, in our opinion.

Dr. E. E. Goucher invited us to take a spin behind his fine pair of blacks Wednesday. They were driven to the fair ground at a 2:40 gait. One animal in the team is especially fine. She is a Hambleton and shows good speed. The doctor says that with training she can beat Rogers' record.

Their Business Booming. Probably no one thing has caused such a general revival of trade at Rogers & Todd's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is enormous and their valuable article from the fact that it always cures and never disappoints. Coughs, Colic, Asthma, Rheumatism, Grip, and all lung and chest diseases quickly cured. You can test it before buying by getting a trial bottle, large size \$1., every bottle warranted.

Beautiful, beautiful weather. Our sick folks are convalescing, we are glad to say. Mr. and Mrs. C. E. Ludd, of Portland, visited Mr. and Mrs. Howe last week. W. A. Howe and wife are in Portland on business. Mr. Harry Sifton spent two days in Portland last week. We say all hail to the inauguration of our new president of the United States. W. A. Howe now has his spring stock from the East, consisting of dress goods, gingham and calicos.

The past winter is one that will long be remembered by the people of Oregon, and that spring is here there is no doubt, for already the swallows have appeared in an appearance and their cheerful twitter can be heard on our roofs, and the sweet buds and spring grass is a doubly assurance that spring is here. The question comes, will our vegetation come so early that Jack Frost may steal it all away? A letter from Eastern Oregon states the water short and the people there are in great excitement lest there may be nothing raised.

DIRECTORS REPORT.

A Place in Yamhill County where the Waters Bubble Forth.

EDITOR TELEPHONE-REGISTER: Some of the readers of your valuable paper would like to find that fountain. Since the days of the Incas, who claimed to know where that fountain was, people have been searching for it. Now, we have almost found it—at any rate—we have the healthiest locality outside of Paradise. Now to prove it. The longer people live in good health, the nearer we are to the sun worshippers' Fountain of Youth. We propose to take a belt of a few lines on the line between Polk and Yamhill counties. We will give you a partial list of persons and their approximate ages, and we venture that the like is not known in the nation. Grandpa Syron, 100 years old, stout and healthy; Grandma McKinley, 97; Luke Booth, 84; Phoebe Booth, 80; Charles Fendall, 80; Mrs. Knifong, 81; Mrs. Lamson, 80; Mr. Bolejack, 83; Mrs. Brown, 81; Robert Henderson, 80; Mrs. Sarah Foster, 85; Stanley Upshott, 84; Wm. Buffum, 84; Josiah Taylor, 84; Mr. Downing, 82; Mrs. Beeler, 86. We will have to close this letter for fear it would be too long. If any public gathering you should happen in at the beautiful picnic grounds of Joseph Watts, you can see more old people at one sight than you ever saw in proportion to the number assembled, and all stout and healthy. G. W. GOUCHER, Amity, Oregon.
