The Australian Election law has passed both houses of the Legislature of Missouri. This law is the nearest to a perfect ballot.

The great ball of New York city on April 30th, given by the bantons of the city is now known by the press of the United States as the Fish-ball, as Mr. Stuyvesant Fish managed the affair.

Mr. Blaine's colored messenger, who referred to his lord's illness as a "serious attack of plumbago," builded better than he knew. The reporter's pencil is mightier than the sword.

From April 1, 1880, Paris firemen will be provided with cylinders of oxygen under pressure, to be used for the prompt relief of persons suffocating during fires.

In proportion to its population the city of Portland, Maine, leads the world for its number of Odd Fellows. One out of every four of the citizens over twenty one belongs to the order.

The Benton Leader has stopped its all-at-home print and now appears in a patent-outside form. For some time past Editor Pipes has been working on a patent sheet.

Washington's father died when the future president was twelve, Jefferson's when he was fourteen, Jackson's before the boy was born, Madison's when he was a youth, Garfield's when he was a mere babe, Harrison the elder's before he had reached his majority.

Corvallis must be a "Jim Crow" town if it can not support a paper well edited as the Leader. When a town lets as good a paper as the Leader go to a patent office for one side the town must be losing its grip.

Corporal Tanner, commissioner of pensions, has rendered an important decision in passing upon the application of John Webb, late private of Company D, Indiana Cavalry, for increase of pensions from \$24 to \$30 per month.

In granting the increase asked for the commissioner says that in his opinion it was not the intention of congress, in using the words "total disability," to debar claimants for pensions from the benefits of the act until a hand, foot, arm or leg is a worthless incumbrance.

AN EYE TO BUSINESS.

Dr. Gus Smith of this county, a former democrat and candidate for corner of this county on that ticket, deserted the party last year. For what? A little \$1000 office as reservation doctor at the Warm Spring Agency.

AN ENGLISH OPINION.

Consider the scene and the matchless heroism and generosity of this Yankee crew. Almost sure of instant death themselves, they could see the Queen's ship fighting the hurricane and appreciate the gallantry of the effort with the generous pleasure of true mariners.

At the Baldwin locomotive works, Philadelphia, there are in course of construction four locomotives which are designed to run by soda, which takes place of fire under the boiler.
