Friday, September 13, 1889.

The court house grounds are in a disgraceful condition.

Of the 15,000 postmasters appointed since March 4th, over one-half are Union soldiers.

The present strength of the Grand Army of the Republic is 413,328, an increase of 59,000 during the present year.

Secretary Windom has announced that an order will soon be issued ordering postmasters and all custodians of government property to hoist the American flag. This is a beautiful idea and should be enforced if once ordered.

The veterans who take pride in their honorable record should be indignant at the pension department for ruling that a dishonorable discharge is no bar to a pension. It is about time someone put a gag in the mouth of Corporal Tanner.

A recent ruling of the pension department holds that a dishonorable discharge is no bar to a pension. According to Tanner, "The pension roll is a roll of honor." Another clash of republican sentiment. Trying to kill two birds with one stone will not work in this case.

The pluck of the prohibition party of Massachusetts must be admired. They have nominated a state ticket and made war upon the republican party for allowing the prohibition amendment to the state constitution to be defeated at the late election. The sum of $5000 has been subscribed to keep up the struggle.

Hillsboro is working manfully for the railroad. Nearly $15,000 have been raised as a subsidy to the road. How much will McMinnville raise? This is the question. The waterworks and electrical plant have absorbed the attention of our citizens for some time past. Now is the time to push the railroad scheme if the railroad is wanted.

Piping times are expected in China. The great bell of Hung-wu, which has long lain buried in the ground, defying all resources of engineering, has at last been raised by foreign machinery and hung in a Buddhist pagoda built of iron rails by a foreign firm. According to a well-known prophecy, this bell was never to be raised until China entered upon a new era of prosperity.

We are pleased to note the nomination of Ellery Rogers for senator on the democratic ticket of Whatcom county. Mr. Rogers is an old resident of Yamhill county and was clerk of this county for two terms. He was very popular and also very painstaking in the discharge of his duties. We can assure the democrats and citizens of Whatcom county that Mr. Rogers if elected will try to do right at all times.

Fifteen thousand changes in the post-offices in five months is the record of which Chief Headsman Clarkson boasts. And this under the sanction of a president who said in his letter of acceptance that "only the interests of the public service should suggest removals from office." A robust spoilsman like Clarkson or Hatton, with the bravado of his belief, is a thousand times more respectable than a canting little Pharisee who professes one thing and does another.—*N. Y. World.*

A scheme is on foot in the South which will equal the great exodus of negroes in '72, when thousands left Mississippi for Kansas. The intention is to find homes in Washington territory and Montana for thousands of blacks. The author of the idea is Rev. J. W. Henderson of Chicago. "This movement," he said, "has been quietly worked for a long time, and will be continued in that way until we have settled Montana and Washington territory from end to end with refugees."

The printers' supply firm of Portland—Palmer & Rey—we are informed announce that "there is a first-class opening for some reliable man to establish a newspaper in Hoquiam." Although young Palmer is a first-class liar himself, he must have strained himself in uttering that one. While such a squib cannot hurt this establishment—as was intended—it may cause deserving newspaper men unneccessary expense and travel, by accepting the report as true and coming here to investigate. We believe one of his former friends and patrons has already proved the falisity of the dirty item, and now swears vengeance. Pass it along neighbors of the press.—*Washingtonian.*

What is Castoria?

Castoria is Dr Samuel Pitcher's prescription for infants and children. It contains neither opium, morphine, nor other narcotic substance. It is a harmless substitute for paregoric, drops, soothing syrups, and castor oil. It is pleasant. Its guarantee is thirty years' use by millions of mothers. Castoria destroys worms and allays feverishness. Castoria prevents vomiting Sour curd, cures diarrhœa and wind colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the children's panacea—the mother's friend.

TANNER REMOVED.

"Tanner had to go. His official chair was vacant yesterday. He worked his jaw too much. The rebels took his legs and now Noble has his scalp. Long consultations were held. Speculations as to his successor." The above lines was the head of a dispatch in yesterday's *Oregonian*, which stated that Pension Commissioner Tanner had been fired bodily from his seat.

The president said to a friend Tuesday that Tanner would have to go out of the pension office. He said he was reluctant to part with him on account of the embarrassment it would place him in, considering the endorsement given Tanner at the encampment at Milwaukee, but he added it was altogether out of the question to keep him. The president said he had repeatedly talked to Commissioner Tanner and urged him to give his tongue less exercise, but that everywhere he went, and upon the slightest provocation, he put his foot in it.

For the last ten days or more it has been a question of how to drop him without offending the soldiers. We cannot see how his removal can offend the soldiers after the remarks he has made concerning their wives and widows.

Gen. Brown, of Ohio, is being urged for the place and will probably get it.

"SUNSET" COX DEAD.

"Sunset" Cox is dead. He died at 8:33 o'clock Tuesday evening in New York. His last conversation was about the new states. The democratic party looses one of its best men.

Samuel Sullivan Cox was born in Zanerville, Ohio, on September 30, 1824. He graduated from Brown college in 1846. After graduation he entered the profession of law but soon deserted it and edited the Columbus Ohio *Statesman*. While editing this journal he published a gorgeous description in sophomoric strain which procured for him the sobriquet of "Sunset" Cox.

He has been at several times and for lengthy periods a member of congress and his labors have resulted in great good to his fellow men. He was a great traveler and has written several classic as well as humorous works. In 1855 he was appointed minister to Turkey, but only remained at his post one year. Upon his return he was elected to the legislature. He lately visited this coast and was warm in his expressions of praise for this country. He was known as an effective and humorous speaker, writer and lecturer.

WASHINGTON DEMOCRATS.

The democrats of Washington have held their convention and nominated the following strong ticket:

For congressman, G. C. Griffitts, of Spokane; for governor, Eugne Semple, of Pierce; for lieutenant-governor, L. H. Platter, of Whitman; for secretary of state, W. H. Whittlesey, of Jefferson; for treasurer, M. Kauffman, of Pierce; for auditor, J. M. Murphy, of Thurston; for attorney-general, H. J. Snively, of Yakima; for superintendent of public instruction, J. H. Morgan, of Kittitas; for commissioner of public lands, M. Z. Goodell, of Chehalis; for the supreme court, W. H. White, of King; B. L. Sharpstein, of Walla Walla; J. B. Reavis, of Yakima; John P. Judson of Pierce, Frank Granahl, of Spokane.

TWO IDEAS.

The republican party is in a peculiar mess. They advocate a protective tariff in order to keep out imports and advocate the idea that ships should be subsidized in order to bring them in.

A protective policy has decreased the shipping of the United States to almost nothing. The above ideas clash in a manner which is typical of all republican efforts to help out the rich man. The poor people suffer in each case.
