

POSTOFFICE HOURS. From 7 a. m. to 7 p. m. ...

THE MARKET REPORT. Potatoes, young, 1 bushel \$2.00 ...

LOCAL AND GENERAL.

Let the council talk sewers. What an awful rain the other day ...

Two town write-ups are in the city trying their vocations. This city needs a sewer system as bad as it needed water works ...

What is the difference between a water closet and a well in this city? The taxable property in Baker city has increased \$200,000 within the last year ...

Without sewers the conditions of the town will be terrible when the water works are in operation. The common council of this city met Monday night and passed the ordinance governing the water and electrical plant ...

Miss Lena Meyer, of Wellamina, was injured last Saturday by being thrown from a horse. She suffered the fracture of an arm. A fall broke out of the Sheridan jail the other day. His name is L. O. Thayer and he was imprisoned for non-payment of a \$75 fine ...

The electrical machinery is here and soon the work of installing lights will begin. The school and city lights has already nearly 200 lights signed. For coffee go to Wallace & Todd's. They have ten different brands of both roast and green. All coffee bought of them will be ground free of charge ...

The city election does not stir the people up as it did last year. The citizens should be more interested in the welfare of the town. The election will be held Monday and yet the primaries have not been held. Elect the old council and let them complete the water and electric plant ...

COAL OIL \$1.25 AT BERT'S. Granville Baker left for Whateam Monday. Bargains in millinery at Mrs. A. Bert's. Les. Laughlin is clerking for J. H. Henderson ...

A full line of parched and green coffee at Henderson's. A. J. Talmage, of Portland, spent Sunday in the city. Judge Deady is in the East and is being treated royally ...

Why not have our local talent bring out the opera "Mascot"? Vermont Gilt takes the lead in crockery sold by Wallace & Todd. Don't forget Dr. J. H. Nelson when you want first-class plate work ...

Some of the McMinnville capitalists will buy property in Port Townsend. Tom Rogers, of Weston, arrived in the city Saturday night. He has returned. For salt go to Wallace & Todd, and save from ten to fifteen cents per sack ...

Hewitt Bros. have purchased the California. Mr. Prevost will go to New Orleans. For simplicity, lightness, ease of handling and the lightest draft, see the new wonder at W. H. Booth & Son's ...

All kinds of overcoats, in all sizes and styles at Kay & Todd's. Prices cannot be exceeded by anyone in the county. Use Wright's Arabian Condition Powders if you take pride in seeing your stock look well ...

A new invoice of glassware of the latest pattern just received direct from Eastern factory at Wallace & Todd's. You should go to the opera house tonight and see the drama "A Cottar's King." Popular prices, 20, 30 and 50 cents ...

Wright's Compound Syrup of Sarsaparilla can be relied upon for all blood diseases, skin affections, etc. Sold by Rogers Bros. The West Shore contained last week a very pretty picture entitled "Catching Horses for Market." The work on the picture was very good ...

W. T. Shurtleff has money to loan on improved farm property throughout Yamhill and adjoining counties. No risk in it. Wright's Red Cross Cough Syrup cures coughs, colds, hoarseness, loss of voice and all inflamed conditions of the lungs ...

Dr. Calbreath and Wm. Galloway returned from Seattle and Sound points Wednesday. They saw the "long" words, "they are intoxicated with enthusiasm." For groceries, crockery, glassware, lamps, lanterns, pocket and table cutlery, wooden and willow ware, call at Wallace & Todd's ...

The Minneapolis Tribune has this to say of the American Building and Loan association, of that city, which there are members in McMinnville, and which is being generally exposted: "It is the business of reputable and honest organs of local opinion to see that establishments locating themselves here and thriving upon the good name of this community shall not go up and down the land pushing improper schemes without being called to explanation and account ...

This American association exists solely and purely because it can collect under guise of an expense fund an enormous sum of money that goes presumably into the pockets of the managers. No other financial institutions ever organized on earth not even the worst of bogus assessment insurance companies, have ever so believed made such exorbitant charges for expenses ...

I have from time to time published without comment letters from publishing houses concerning the exchange of school books, hoping that the exchange could be made promptly, and I think by the first day of November most of the school districts will have completed the exchange, but if there are any districts that, by reason of schools beginning late or not yet in session or any family or families who have not yet had the benefit of the exchange, the county school superintendent should be informed of the fact at once ...

The boiler house and the pump works for the water works are completed. Superintendent Toothaker is now ready to put in the piping, but on account of the tardiness of the firm which had the contract to furnish it, he has been delayed about thirty days in his work. The first car load of piping was not furnished as per agreement and cannot be put in yet, and the remainder of it will arrive here in sixteen or eighteen days ...

It is announced that on Sunday, November 3, Judge J. H. Todd's city, will lead to the altar Miss Nellie Clatskanie, formerly of this city, but now of Clatskanie, Ore. The ceremony will take place at the home of the bride's parents. As a family medicine, Ayer's Pills excel all others. They are suited to every age, and being sugar-coated are easy to take ...

The assessment of Yamhill county has been completed and there is no material change from the summary published in the TELEPHONE-REGISTER two weeks ago. For information we submit the corrected totals: Total taxable property, \$61,212,014; indebtedness, \$1,791,337; exemption, \$357,256; taxable property, \$3,972,871. The taxable property in the county amounts to \$79,780 less than the assessment of 1888 ...

The following pupils have stood 100 in department and have neither been absent nor tardy for the month ending October 25, 1889, in District No. 24: Guy L. Sully, Blanche E. Derr, Marion E. Howard, Yvonne Reid, Bliss Fletcher, Lottie Reid, Dulany Roof, Maggie Reid. Mrs. M. D. Deane, Teacher.

The ladies of the Coffee club are earnestly requested to meet at the City hall Friday, Nov. 1, 1889, as there is very important business to transact. Mrs. MINTIE, President. Mrs. CALBREATH, Secretary.

The state of Oregon has just received from the Federal government forty saddles, forty bridles, forty blankets, four hundred sets of accoutrements and thirteen hundred gun slings for distribution among the different organizations, cavalry and infantry composing the state militia or national guard. The four hundred sets of accoutrements, comprising cartridge boxes, bayonets, scabbards, etc. and the gun slings, were distributed among the three regiments and the agricultural college at Corvallis. The first regiment received one hundred sets of accoutrements and three hundred and ten gun slings; the second regiment, one hundred sets of accoutrements and four hundred and sixty gun slings; the third regiment, one hundred sets of accoutrements and five hundred and sixty gun slings; the agricultural college, one hundred sets of accoutrements and one hundred gun slings. The equipments were purchased out of the appropriations to the general military fund. The saddles, bridles and blankets were sent to Capt. W. T. Raleigh at Sheridan for the troop of cavalry at that place ...

On Saturday last the steamer Montana arrived in London with 1,319 bales of hops shipped from Puyallup by E. Meeker & Co., in a special train of eight cars on September 19th, and routed via the Northern Pacific, Wisconsin Central, Pittsburg, Fort Wayne & Chicago to Baltimore, thence via the Atlantic transport line to London direct. The hops were thirty days going from Puyallup to London. This is the first train load shipment ever made from the Pacific coast to Europe and the Atlantic seaboard. Another train load shipment of twenty car loads of hops made by Meeker & Co., which left Puyallup, October 9th, arrived Monday after a run of twelve days. It will be shipped to London via the steamer Maine sailing on Saturday ...

AN ANCIENT LOTTERY. Bound With Ropes by Two Excessive McMinnville Girls. Mr. Harriot, who is in the neighborhood of eighty years old, wants to get married. This information he gives to everybody, the girls especially. The other day he repaired to the house of a young lady whom he took a buggy ride. She promised him that she would go with the old gentleman made several times after that she ignored him. This angered the old man and one day last week he went to the house at which the girl was working and began to upbraid her. The lady weighs about ten stone and is "husky," and she made a rush upon Mr. Harriot and caught him, holding him until another girl bound him with ropes. After this the girls had a great time doing pretty nearly everything a couple of girls could think of. "To see Mr. Harriot's own words he was 'in great danger of losing his manhood.'" After the affair was over and the old man was turned loose he went to Recorder Spencer to have the girls arrested for "personal indignities to his person" but no arrests were made. He is now busily engaged in telling everyone his adventure ...

Miss Ella Carey is president of the Philistine society. The question box is a very interesting feature of our society. Another Latin class has been organized for the benefit of the students. Two new students this week: Miss Cora Robinson of Independence, and Mr. Frank Stetson of Seattle. Programme of the musical and literary entertainment to be given in the college chapel, on Friday evening, November 1st ...

The debate last Saturday night was: Resolved, that no circumstances are justifiable for departure from truth. Affirmative, Mr. Maddock; negative, Mr. Latourette. After a warm discussion the subject was decided in favor of the affirmative. The members of the Baptist convention which had been holding forth in the Baptist chapel last Friday, they subscribed money enough to complete the Falling Fund. This gives the college a firm financial basis and we expect grand improvements in the near future ...

At 11 o'clock the convention discontinued business that an hour might be spent in prayer for the objects of the convention. In the afternoon the Sunday school work was presented in an able report by Rev. E. G. Wheeler, of Portland. Pending adoption the report was discussed in addresses as follows: "How to manage the Sunday school," by Capt. J. A. Sladen, of Portland; "How to cultivate the missionary spirit in the Sunday school," by Rev. J. C. Read; "How we should regard the work of the publication society," by Rev. E. G. Wheeler. At the evening session an address of welcome was delivered by Pres. T. G. Brownson, which was responded to by Deacon W. B. Hall, of East Portland. Following this Rev. John Gordon, D. D., of Portland, was introduced and preached the annual sermon on "Divine and human agency in Gospel work." On Thursday morning routine work was carried on until 10 o'clock when the report on the Pacific Baptist was read, followed by an address on "The relation of the Pacific Baptist to denominational growth." A most hearty and approving general discussion followed ...

Besides the above work the Women's Societies, Home and Foreign, held business sessions and elections. In the afternoon the report of the committee on foreign missions was read by Rev. S. P. Davis, of Portland. Addresses were made by Rev. Geo. D. Downey, of Pendleton, and by Rev. J. C. Read, of Oregon City, on the subject presented in the report. The most part of the afternoon was taken up in the program given by the Women's Foreign Mission Society of Oregon. An address was given by Mrs. Henry Warren, the retiring president, who has for a great part of the thirteen years of the society's history been its earnest and faithful presiding officer ...

The annual report of the corresponding secretary, Mrs. D. C. Latourette, of Oregon City, was read. It was a most encouraging one. A much larger number of circles and young people's associations are at work and there is a gratifying increase in the amount of literature taken. What is Castoria? Castoria is Dr. Samuel Fitcher's prescription for infants and children. It contains neither opium, morphine, nor other narcotic substance. It is a harmless substitute for purgatives, soothing syrup, and castor oil. It is pleasant. Its guarantee is thirty years' use by millions of mothers. Castoria destroys worms and allays feverishness. Castoria prevents vomiting, sour curd, cures diarrhoea and wind colic. Castoria relieves teething troubles, colic, constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, gives healthy and natural sleep. Castoria is the children's panacea - the mother's friend ...

Following are the marriage licenses granted for October: Caroline Gilbert, 18, E. Newman 22. Lou Robertson, 19, E. W. Howe 22. Frankie Bell, 20, L. B. Brown 24. Mrs. N. L. Cook, 60, Wm. Scott 60. Nancy Bailey, 22, J. M. Chapman 47. Clara Baxter, 23, J. T. Isham 47. Laura Lum, 18, John McCloud 21. Elizabeth Tomzine, 17, Leon Rondeau 35. Nannie Scheich, 35, J. Coquille 35; Indiana ...

When Baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria. Josephine county has 86,818 acres of deeded land, valued at \$393,130; town lots \$139,720; improvements, \$196,824; merchandise and implements \$134,091; money, notes and accounts \$219,503; household furniture \$41,220; 1108 horses and mules valued at \$444,207; 4604 cattle valued at \$62,674; 1195 sheep valued at \$172,707; 2027 hogs valued at \$412,231. Total \$1,238,565. Indebtedness \$216,840; expenditures 105,574. Taxable property, \$101,251 ...

Many surprising things occurred during this gathering. One of the most important was the completion of the Falling fund, so called. This is a fund given in honor of the late Josiah Falling. Originally consisting of \$6,250 it was not to become productive for college work until it should amount to \$15,000. At the time of this gathering \$1,500 were needed to complete this fund. It was not thought wise to attempt to raise this amount, but a spontaneous movement broke out without leadership to raise it, and with tears and rejoicings the work went on. In three-quarters of an hour \$1,730 were secured ...

It is interesting to note that the annual gathering of the Baptists of Oregon for the year 1889 began its regular session in this city on Tuesday of last week. During the Tuesday's session the annual session of the minister's conference was held and Rev. George D. Downey, of Pendleton, was made president, Rev. S. P. Davis vice-president, and Rev. E. G. Wheeler secretary. Rev. C. M. Hill, of Eugene, read a most carefully prepared paper on the "Humiliation of Christ." Rev. F. K. Van Tassel, of Ashland, gave a paper on "Short or Long Pastorates," which the conference asked to have published in the Pacific Baptist. Following this the conference discussed one of the many phases of the divorce question. In the evening Rev. Dr. John Gordon, of Portland, delivered a most interesting and informing lecture upon "Baptismal pictures as found in the catacombs" to an audience that filled the house. The lecture was illustrated by fac simile drawings of the pictures relating to baptism found here and there in the catacombs of Rome. The subject was new to most of his hearers, but there could be but one conclusion drawn as to the teaching of these old pictures. If all other arguments for aspersion have no better foundation than the one drawn from this source their support is a difficult matter indeed. These pictures show us that while immersion was the rite anciently practiced for baptism its method of administration was somewhat different from that now prevailing in occidental countries. The enrollment of ministers was large, embracing the whole state from Ashland on the south to Pendleton and Weston on the east. The convention proper met on Wednesday morning at 9 o'clock. Rev. A. J. Hunsaker was made president, Rev. S. P. Davis vice-president, Rev. Geo. W. Hill corresponding secretary, and Rev. C. M. Hill recording secretary. Delegates from about half of the one-hundred churches in Oregon were in attendance, and many other churches were represented by letter. This body has for the objects of its existence six specific objects: Maintenance of Baptist churches, building up of McMinnville college, encouragement of Sunday school work, fostering denominational missions, building up a denominational paper, and the promotion of denominational acquaintance, fellowship and growth. At 11 o'clock the convention discontinued business that an hour might be spent in prayer for the objects of the convention ...

ANNIVERSARY OF BAPTISTS. The Falling Fund Completed--A Harmonious and Enjoyable Meeting. The annual gathering of the Baptists of Oregon for the year 1889 began its regular session in this city on Tuesday of last week. During the Tuesday's session the annual session of the minister's conference was held and Rev. George D. Downey, of Pendleton, was made president, Rev. S. P. Davis vice-president, and Rev. E. G. Wheeler secretary. Rev. C. M. Hill, of Eugene, read a most carefully prepared paper on the "Humiliation of Christ." Rev. F. K. THE MIRAGE CITY. The Story Confirmed by a Resident of Salem. In last week's TELEPHONE-REGISTER appeared an article from the San Francisco Examiner telling of the discovery of the "Silent City." Mr. Ed Catlin, of Salem we say by the Statesman has returned from Alaska and has considerable to say about the mysterious city. He is a photographer and obtained many pictures of different points in Alaska, the most interesting of which is the glacier bay wonder known as the "Silent City." He says that for the past fifteen years Prof. Richard Willoughby has been a character in Alaska, as well known among the whites as he has been familiar to the natives. As one of the early pioneers of old Fort Wrangle, in which his individuality was stamped among the sturdy miners who frequented the then important trading post of Alaska, he has grown with the territory, and is to-day as much a part of its history as the totem poles are identified with the deeds of valor, or commemorative of the past triumphs of prominent members of the tribes, which their hideous and mysterious characters represent. To him is said to belong the honor of being the first Alaskan who discovered gold, but his greatest achievement, and his scientific standpoint, is his testing of the "Mirage" cities from distant climes. After four years of labor, amid dangers, privation and sufferings, he accomplished for the civilized world a feat in photography heretofore considered problematical. It was on the longest day of June, 1888, that the camera took within its grasp the reproduction of a city, remote, if not indeed altogether within the recesses of another world. This city is not real, but is a mirage, or the reflection of a city upon the bosom of the Pacific glacier, the largest in southwestern Alaska. The photographs show that portion of the city directly in the foreground remarkably clear and distinct; directly in front, apparently surrounding the city, is a high stone wall, back of which loom up immense buildings, perhaps of stone, of queer architecture most of them being square with flat roofs and queer shaped chimneys. Not a sign of life is seen about the city, except that smoke can be seen issuing from a number of the chimneys, and several massive buildings are clearly to be seen in the distance. The buildings are very closely packed together and have no appearance whatever of being laid off in squares or blocks. The city is large, apparently extending back as far as the eye can reach, and is dotted all over with spires and the smokestacks of vast foundries. Through the city courses a river upon whose placid waters are to be seen numerous ships and steamers. Mr. Willoughby says that he watched this strange city appear and disappear every year since '80, which occurs during the longest days of June, and just as the sun is setting behind Mount Fairweather ...

What is Castoria? Castoria is Dr. Samuel Fitcher's prescription for infants and children. It contains neither opium, morphine, nor other narcotic substance. It is a harmless substitute for purgatives, soothing syrup, and castor oil. It is pleasant. Its guarantee is thirty years' use by millions of mothers. Castoria destroys worms and allays feverishness. the time of this gathering \$1,500 were needed to complete this fund. It was not thought wise to attempt to raise this amount, but a spontaneous movement broke out without leadership to raise it, and with tears and rejoicings the work went on. In three-quarters of an hour \$1,730 were secured. I think the readers of your paper will be glad to see the list of men and women who contributed to this glad result. The following is the list: L. Whitecomb, Hillsboro, \$175 00; F. K. Van Tassel, Ashland, 100 00; T. G. Brownson, McMinnville, 100 00; Emanuel Northrup, McMinnville, 100 00; N. J. Blagden, Portland, 400 00; F. Barneoff, McMinnville, 100 00; G. W. Prank, Heppner, 100 00; Mrs. N. J. Blagden, Portland, 100 00; C. R. Brown, Oregon City, 100 00; A. J. Hunsaker, Independence, 100 00; Geo. D. Downey, Pendleton, 50 00; A. K. Marks, McMinnville, 50 00; Various names, 355 00. The afternoon and evening meeting was carried on with the interest and enthusiasm of the day. The whole time was given to the home mission work of the state. The report of the committee on this work was read by Rev. C. A. Woodyly and discussed in several addresses. The programme of the Women's Home Mission society was most interesting, especially an address by Miss Emma Miller, of the Chicago society. This has been the most largely attended, enthusiastic and harmonious gathering the convention has known. Next year the gathering will be at Medford. The above admirable report was furnished us through the kindness of Rev. A. J. Hunsaker and Rev. C. A. Woodyly, the latter being the scribe.

Through the city courses a river upon whose placid waters are to be seen numerous ships and steamers. Mr. Willoughby says that he watched this strange city appear and disappear every year since '80, which occurs during the longest days of June, and just as the sun is setting behind Mount Fairweather ...

What is Castoria? Castoria is Dr. Samuel Fitcher's prescription for infants and children. It contains neither opium, morphine, nor other narcotic substance. It is a harmless substitute for purgatives, soothing syrup, and castor oil. It is pleasant. Its guarantee is thirty years' use by millions of mothers. Castoria destroys worms and allays feverishness. Castoria prevents vomiting, sour curd, cures diarrhoea and wind colic. Castoria relieves teething troubles, colic, constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, gives healthy and natural sleep. Castoria is the children's panacea - the mother's friend ...

Following are the marriage licenses granted for October: Caroline Gilbert, 18, E. Newman 22. Lou Robertson, 19, E. W. Howe 22. Frankie Bell, 20, L. B. Brown 24. Mrs. N. L. Cook, 60, Wm. Scott 60. When Baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria. Josephine county has 86,818 acres of deeded land, valued at \$393,130; town lots \$139,720; improvements, \$196,824; merchandise and implements \$134,091; money, notes and accounts \$219,503; household furniture \$41,220; 1108 horses and mules valued at \$444,207; 4604 cattle valued at \$62,674; 1195 sheep valued at \$172,707; 2027 hogs valued at \$412,231. Total \$1,238,565. Indebtedness \$216,840; expenditures 105,574. Taxable property, \$101,251 ...

Many surprising things occurred during this gathering. One of the most important was the completion of the Falling fund, so called. This is a fund given in honor of the late Josiah Falling. Originally consisting of \$6,250 it was not to become productive for college work until it should amount to \$15,000. At the time of this gathering \$1,500 were needed to complete this fund. It was not thought wise to attempt to raise this amount, but a spontaneous movement broke out without leadership to raise it, and with tears and rejoicings the work went on. In three-quarters of an hour \$1,730 were secured ...

It is interesting to note that the annual gathering of the Baptists of Oregon for the year 1889 began its regular session in this city on Tuesday of last week. During the Tuesday's session the annual session of the minister's conference was held and Rev. George D. Downey, of Pendleton, was made president, Rev. S. P. Davis vice-president, and Rev. E. G. Wheeler secretary. Rev. C. M. Hill, of Eugene, read a most carefully prepared paper on the "Humiliation of Christ." Rev. F. K. Van Tassel, of Ashland, gave a paper on "Short or Long Pastorates," which the conference asked to have published in the Pacific Baptist. Following this the conference discussed one of the many phases of the divorce question. In the evening Rev. Dr. John Gordon, of Portland, delivered a most interesting and informing lecture upon "Baptismal pictures as found in the catacombs" to an audience that filled the house. The lecture was illustrated by fac simile drawings of the pictures relating to baptism found here and there in the catacombs of Rome. The subject was new to most of his hearers, but there could be but one conclusion drawn as to the teaching of these old pictures. If all other arguments for aspersion have no better foundation than the one drawn from this source their support is a difficult matter indeed. These pictures show us that while immersion was the rite anciently practiced for baptism its method of administration was somewhat different from that now prevailing in occidental countries. The enrollment of ministers was large, embracing the whole state from Ashland on the south to Pendleton and Weston on the east. The convention proper met on Wednesday morning at 9 o'clock. Rev. A. J. Hunsaker was made president, Rev. S. P. Davis vice-president, Rev. Geo. W. Hill corresponding secretary, and Rev. C. M. Hill recording secretary. Delegates from about half of the one-hundred churches in Oregon were in attendance, and many other churches were represented by letter. This body has for the objects of its existence six specific objects: Maintenance of Baptist churches, building up of McMinnville college, encouragement of Sunday school work, fostering denominational missions, building up a denominational paper, and the promotion of denominational acquaintance, fellowship and growth. At 11 o'clock the convention discontinued business that an hour might be spent in prayer for the objects of the convention ...
