Remember that the Brownsville Woolen Mills Co., whose goods we have sold for the past five years, has changed hands. This made it necessary for us to buy the goods we had in stock, selling on commission or return them, and as the company offered us a liberal discount we purchased the stock we had on hand together with \$1000 worth of new choice goods, which are now in our store. The entire purchase amounted to \$4700. We will offer this entire stock of Brownsville Woolen Mills Co.'s goods at ACTUAL COST

From Saturday, December 14, 1889, to Wednesday, January 1, 1890!

Genuine Facts.

This is our first pretense at an actual cut in all the lines of goods which we deal in, and we will do exactly as we advertise to do, and not like nine out of ten do, who advertise a cost sale and sell at a 25 per cent profit.

We give you a chance to get winter goods at cost in the winter when you need them the most, and not in the spring when you want spring or summer goods.

Call and see our goods and prices and convince yourselves that we mean exactly what we say.
